FEDERAL AID IS REQUESTED

New Orleans Asks Government to Take Yellow Fever in Hand.

PEOPLE IN A PANIC

Action Is Taken to Reassure Them, Not Because Scourge Is Beyond Control.

THE PRESIDENT GIVES CONSENT

[BY ASSOCIATED PRESS TO THE GAZETTE.]

NEW ORLEANS, Aug. 4.—With no intention of admitting the yellow fever situation to be beyond control, but in the hope of reviving confidence here and elsewhere in the south, official and business interests today decided to send a request to President Roosevelt to have the United States government assume full charge of the struggle in progress to wipe out yellow fever from New Orleans and Louisiana. The public approves the action taken. Expectation is that within the next two days, Surgeon General Wyman, with all the resources of the government will be enlisted actively in the campaign.

The situation up to 6 o'clock this afternoon was as follows:

New cases, 43.
Total cases to date, 475.
Deaths today, 5.
Total deaths to date, 89.
New sub-foci, 10.
Total sub-foci, 76.

The decision to ask the federal government to take control was reached at a meeting held late today at the cotton exchange. President A. Brittin presided. There were present Mayor Behrman, Chairman Janvier, of the citizens' committee; President Souchon of the state board of health, President Weihnkeh of the city board of health, representatives of the exchanges and commercial bodies, Surgeon White of the United States marine hospital service, and a number of representative citizens.

People Are Panic-Stricken.

When local health officers first took charge of the situation it was hoped the fever could be stamped out within a reasonable time, but the infection has spread; and, so frightened have the people become in the south over the increase in the number of cases, that New Orleans is threatened with a serious paralysis of trade by reason of radical quarantines. Immediately after the meeting a telegram, signed by the mayor and others present, was addressed to Gov. Blanchard telling him of the action taken.

At a conference at the city hall it was decided Mayor Behrman should issue a proclamation requiring every business house in the city to close Wednesday so that employes might take a hand in the general cleaning movement. Merchants are to be asked to furnish carts to carry away refuse. A thousand carts will be required. A special appeal is to be addressed to householders asking them to co-operate in the sanitary campaign by thoroughly cleaning back yards.

Today the board of health instituted a new rule, requiring its inspectors to make prompt report of cases. To that order was due the fact that 20 new cases for today were announced early in the afternoon. Yesterday the 3 o'clock report showed seven new cases and two deaths, while at 6 o'clock there were reported 54 cases and five deaths. The inspectors had turned their cases in in bunches late in the evening, and the evening report had a disquieting effect on the public, which had been led by the afternoon report to believe the situation was improving.

One Parish Open.

Hundreds of persons are temporarily moving from New Orleans to St. Tammany parish, the only near haven to which they can go. The parish has opened its doors to all refugees. Yellow fever has never developed in St. Tammany parish during the most serious epidemics, because yellow fever mosquitoes have never existed there.

The extreme measures which some of the country districts are taking to guard themselves from yellow fever threatens to put a stop to train service. The most radical action thus far taken is that of the police board of Calcasieu, the second largest parish in the state. It has passed resolutions ordering that all traffic, travel and intercourse between Calcasieu and points east, north and west shall cease at once, and that no one shall be permitted to enter the limits of the parish until further orders. In consequence of this resolution the Southern Pacific has been ordered from today to run no more trains through Calcasieu, which means an abandonment of the through service of the line to the west.

Rapides has shut her doors to everything except mail and fuel oil. At Mermentau, La., shots were exchanged between guards and a negro who was trying to run the quarantine. Grant parish has instituted a shotgun quarantine, stopped all trains and shut herself off completely from mail service. Precautions as radical as these have been taken in many other sections of the south, and there is apparently as great a panic now prevailing as at any time during 1897, the bulk of the country laymen refusing to put their faith in the mosquito theory.

Exodus from Towns.

The exodus from Louisiana towns where fever has appeared continues. A large number of people have gone north and east from Shreveport and points in that section of the state. At Alexandria as the result of a mild case there 100 citizens chartered a special train to leave there today. Yet the patient that has caused the panic is reported to have so far recovered as to be able to sit up in bed and smoke cigarets.

Owing to the quarantine there is great suffering on the part of those who are fleeing from the country districts of North Louisiana. Two thousand refugees were compelled to remain in their trains at Jonesboro, Ark. The trains were surrounded by state troops. So hurriedly had the trains been made up that no provisions had been made for food and

MITCHELL IS TIRED OUT

Intimates to Miners He May Not Be With Them Much Longer in Union Work.

[SPECIAL TELEGRAM TO THE GAZETTE.]

WILKESBARRE, PA., Aug. 4.—During the course of an address to a large body of mine workers at Oliphant, President John Mitchell is quoted as saying:

"I may not be long with you in this great movement. This night and day work is too much. The nervous and physical strain of continual effort is more than mortal man can stand. I do appeal to you, however, to show a greater appreciation of the efforts of the organization."

This statement is being widely quoted throughout the coal region, and is causing the miners to realize President Mitchell may not only be compelled to give up the organization work he is conducting, but also to decline a re-election.

NAVAL MILITIA CAPTURE MISSISSIPPI PATROL BOATS

Crew of the Quarantine Flagship Will Be Taken to New Orleans for Trial. Reprisals Are Made.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

NEW ORLEANS, Aug. 4.—The Mississippi patrol boats apparently thought the appearance of the Louisiana naval militia today was purely for effect and not to stop their further depredations in Louisiana waters. They found out their mistake when the flagship of the patrol squadron, the Grace, and another vessel, the Tipsey, stationed at Lake Borgne canal, were seized, their flags hauled down and the officers and crews placed under arrest.

The crew of the Tipsey will be taken to St. Bernard parish, while the crew of the Grace will be brought to this city, both to await the action of the grand juries of the respective parishes in which their alleged offenses were committed.

RAILROADS HAVING TROUBLE.

Great Northern and Northern Pacific Becoming Paralyzed by Telegraphers' Strike.

ST. PAUL, Aug. 4.—Although the strike of telegraphers on the Great Northern and the Northern Pacific railroads has not tied up traffic, serious delays have been caused in the moving of traffic, and tonight passenger trains are running late.

While nearly all the morning trains on both roads were on time, two afternoon overland trains arrived several hours late on the Northern Pacific. The Great Northern was more fortunate today, two fast trains arriving a couple of hours late. The strikers say that when the heavy movement of crops begins the railroads will be paralyzed.

SERVE PAPERS IN SUIT.

Forty-nine Directors of Equitable Notified of Action by Attorney Mayer.

NEW YORK, Aug. 4.—Forty-nine directors of the Equitable Life Assurance society were served with papers today, notifying them of the suit brought by Attorney Julius Mayer in behalf of the state of New York to recover any funds of the society which may have been diverted from their proper course.

Among those served were Gage E. Tarbell, second vice president; George T. Wilson, third vice president, and Henry Rogers Winthrop, financial manager. William Alexander, secretary of the society, accepted service for all concerned.

IS BLOWN INTO RIVER.

Robert Lytle Is Injured by an Explosion While Acting as Host on a Launch.

While Robert Lytle was trying to put a plug in the engine a spark set fire to the gasoline in a launch. There was an explosion and Lytle found himself in the Monongahela river. The accident happened yesterday at Glenwood.

Lytle, aged 22, and residing at 2033 Lytle street, was giving a party of friends an excursion on the river and was managing the engineering apparatus. He was rescued by his friends in the boat. He was severely burned about the face and hands by the explosion, and after receiving treatment at Glenwood was taken to the South Side hospital.

CATCH HODGE IN BUFFALO

Chauffeur With Price on Head Is Quickly Run to Earth.

TRACED BY CLOTHES

Is Accused of Running Down an Italian in Schenley Park With His Automobile.

REWARD FOR HIS CAPTURE

Frank Hodge, a Pittsburgh chauffeur, on whose head a price has been set by the Automobile club of Pittsburgh and the Pittsburgh Golf club, was captured in Buffalo yesterday afternoon. Hodge is said to be the man who, on last Saturday in Schenley park, deliberately ran down Angelo Fouch, an Italian, with his automobile. There were two women in the automobile with him at the time. Chasing his victim across the boulevard, the chauffeur deliberately crushed him to earth, and then, disregarding the suggestions of his female companions to stop and ascertain the extent of the man's injuries, geared his machine higher, laughingly remarked "To hell with him," and speeded away.

The incident was witnessed, it is said, by some of the most prominent citizens of Pittsburgh, who were indignant at the outrage. Among the number were ex-Judge James H. Reed, A. J. Barr, George Laughlin and a Mr. Guthrie.

Will Fight Extradition.

Suspicion pointed to Frank Hodge, a chauffeur for R. M. Gulick of the Bijou theater, as the guilty party. Hodge disappeared next day and the search for him has been unremittingly kept up ever since. Detective Lally will go to Buffalo and arrange to bring Hodge back to Pittsburgh. It is understood he has declared he will fight extradition proceedings.

Hodge was captured on information furnished by Superintendent McQuaide and Detective Lally. He was picked up by Detective Lynch of the Buffalo force. After the accident Hodge returned the machine to Bankers Brothers' stable in the East End and, gathering his clothing together, fled from the city. He went to Buffalo. There he telephoned to a friend here, claiming he was still in the city. Although this was done to mislead the detectives, Hodge failed to accomplish his purpose. The detectives learned by tracing his baggage that he was either in Buffalo or Canada. Later they determined definitely he was in Buffalo and notified the police there to arrest him.

Price Upon His Head.

Local automobilists, cognizant of the injury which such action does to all lovers of automobiling, took prompt action. The board of governors of the Automobile club of Pittsburgh met in special session and decided to offer a reward of $500 for Hodge's arrest and conviction. This action had been preceded by an offer of $100 by the Pittsburgh Golf club, the outrage having been committed near their grounds.

Hodge is charged with felonious assault and battery. James Francis Burke, vice president and counsel for the Automobile club, will prepare the requisition papers and assist in the prosecution.

Victim's Condition Is Critical.

The injured Italian is in Mercy hospital in a critical condition. Both of his arms are broken, as are six ribs. He also has a slight fracture of the skull.

It was learned from Superintendent Bull last night that Hodge is trying to secure bail. Superintendent McQuaide mailed a warrant by special delivery, with instructions to hold the prisoner. Hodge is 28 years of age and is married. While in this city he boarded at the Hotel Dorset, East End.

"If any of these reckless 'Barney Oldfields' are brought before me they will have to pay a fine of $50 and costs and as much more for the second offense as I can put on," said Mayor Falkenstein of McKeesport yesterday. The mayor stated that many complaints had reached him from the residents of Market street, one of the finest streets in the city, regarding the impromptu automobile races and bursts of speed that occur there every evening while children are playing about the streets.

THE FEVER SITUATION.

INJURED MINER FOULLY MURDERED

Joseph Barr of Bishop Dragged from Bed and Battered to Death.

WIFE CRAZY FROM THE SHOCK

[SPECIAL TELEGRAM TO THE GAZETTE.]

WASHINGTON, PA., Aug. 4.—A brutal murder was brought to light at Bishop, this county, late this evening, when the dead body of Joseph Barr, aged 38, a coal miner, was found in his room with the skull crushed into a shapeless mass.

Bishop is in the extreme northern part of Washington county, about five miles from the Allegheny county line. It is situated on the Miller Run branch of the Pennsylvania railroad and is the seat of extensive coal mines of the Pittsburgh Coal Company. Barr was employed by this concern and was injured in a fall of slate two weeks ago. Since then he had been confined to his bed.

This evening his wife left home and went to the house of a neighbor. When she returned at 8:30 o'clock she found her husband's dead and mutilated body on the floor. No sound of the murderer was heard by the four children of Barr, who were close by the house. Barr had been dragged from his bed, after probably having been choked, as the condition of his throat showed, and then while held upon the floor was struck repeatedly over the head with some blunt instrument wielded with terrific force. His face was battered into an unrecognizable mass, while his head was flattened out as if crushed beneath a heavy press. Blood covered the floor and chair near where the murdered man lay.

Mrs. Barr, when she discovered the dead body of her husband, swooned, but soon regained consciousness and made a terrible outcry. Tonight she is raving and can tell but little concerning her husband's affairs or whether or not he had any enemies.

Coroner Sipe has commenced his investigation, but late tonight is able to tell nothing definite concerning the killing. So far as is known, Barr had no enemies among the miners at the Bishop coal works, and his murder is a complete mystery. Physicians state that his wife may recover her reason by morning and expect in this event to gain some clew to the murderer.

The Rev. Mr. McPeak Will Come.

GREENVILLE, PA., Aug. 4.—(Special.)—The Rev. W. H. McPeak of Port Huron, Mich., the manner of whose call brought forth sensational charges, has accepted the call extended by the Second Presbyterian church of Mercer.

MAYOR WEAVER NOT CONSULTED

He Will Not Support Trolley Ordinance Unless Citizens Desire the Line.

THE PUBLIC IS INDIGNANT

THE PITTSBURGH GAZETTE BUREAU,
Press Building,
PHILADELPHIA, Aug. 4.

Mayor Weaver says he was not consulted regarding the introduction of the ordinance granting to his friends valuable trolley franchises in Germantown. The mayor also says he will not approve the ordinance, if passed, unless he is shown the system proposed is of benefit to the city and desired by the citizens in the territory to be traversed.

This promise of the mayor was hardly necessary, in view of the fact that the ordinance could not pass councils unless approved by the Republican leaders, and it may be authoritatively announced they are not disposed to favor the Van Valkenburg-Edwards-Mackey syndicate. Then, again, the people of Germantown are up in arms, their indignation accentuated by the fact that the "reform" syndicate asks for streets which the Philadelphia Rapid Transit Company did not have the nerve to include in its ordinance.

Every effort today to find Frederic Van Valkenburg was fruitless. No explanation came from either Capt. Edwards or Attorney Harry Mackey. All appear to be in seclusion.

Ex-Judge James Gay Gordon, the private counsel of Wanamaker and Weaver, was interviewed. The judge realizes the Germantown grab is not helpful to the administration, and that its effect must be counteracted. For this reason he predicted the mayor would veto the ordinance if it should pass. That was as far as the judge cared to go in the matter.

Harry A. Mackey said tonight at Atlantic City that the present intention of the company is to build only 10 miles of the 50 miles for which franchises are asked. The law requires that $6,000 be issued for each mile, and the capital stock issued now is $120,000. The company was incorporated two years ago.

MILWAUKEE JURY INDICTS PFISTER

Cream City's Leading Citizen Is Charged With Theft of $14,000 from Garbage Company.

HE SAYS CHARGE IS UNTRUE

[BY ASSOCIATED PRESS TO THE GAZETTE.]

MILWAUKEE, Aug. 4.—Charles F. Pfister, one of the wealthiest and most prominent citizens of Milwaukee, was indicted by a grand jury today, charged with stealing $14,000 belonging to the Wisconsin Rendering Company of Milwaukee. Indictments were also returned against four other men, as follows:

JOHN F. DITTMAR, formerly supervisor, bribery.

GEORGE F. REICHERT, supervisor, bribery.

BARNEY A. EATON, state senator, bribery.

FRANK F. SCHULTZ, formerly newspaper reporter, perjury.

The indictment against Pfister alleges that on March 20, 1901, the accused was bailee of a sum of money said to be $14,000, placed in his hands for the Wisconsin Rendering Company, to obtain for the company a large contract from the city of Milwaukee for the disposing of garbage. It is charged that the money was not used for the purpose intended and that Pfister fraudulently converted the money to his own use.

Pfister Says It's Not True.

Mr. Pfister is a director of a leading bank, owns a large interest in a big tannery, is proprietor of a large hotel and owns one of the largest newspapers of Milwaukee. Mr. Pfister tonight issued the following statement:

"The charge is absolutely false and has no foundation. About eight years ago P. C. Gross, who was president of the Wisconsin Rendering Company, placed money in my hands and I disbursed it years ago according to his directions. More than two years since the balance was paid over on Mr. Gross' orders. No dissatisfaction was ever expressed to me by anyone, and this indictment is the first intimation I ever received from any person that anything remained unsettled, or that any claim whatever existed or was supposed to exist against me."

Certified Check for Bail.

Mr. Pfister, who has been in ill health for several days, sent a certified check for $20,000 to the clerk of the court for his appearance when needed.

The indictments against Reichert and Dittmar allege bribery in connection with county "deals." Senator Eaton is charged with accepting a bribe in connection with a stationary engineers' bill in the legislature.

Tonight's indictments made a total of 182 by the present grand jury. The jury has taken a recess until August 21.

DEATH BEFORE CAPTURE

Murderer Kills Himself as Officers Approach to Take Him Prisoner.

[SPECIAL TELEGRAM TO THE GAZETTE.]

CHARLEROI, PA., Aug. 4.—Discovered by a posse, Minto Scygear, the murderer of his sweetheart, Julia Kolcum, shot himself through the heart near Charleroi at 4:30 o'clock this afternoon.

Scygear had fallen in love with Julia Kolcum, who was visiting her brother at Donora, and when she refused on Thursday afternoon to marry him he fired five shots into her body, killing her instantly. He then fled and posses had been hunting him since.

This afternoon a posse from Charleroi, headed by Chief of Police Snow, was scouring the country in the vicinity of Charleroi and discovered Scygear on the public road above North Charleroi. He sighted the posse before the men got close to him and, without attempting to escape, pulled his revolver and shot himself through the heart.

ENGLISH APPLAUD THEM

British Newspapers Give Support to the Chinese Boycott at Shanghai.

[BY PRIVATE WIRE TO THE GAZETTE.]

WASHINGTON, Aug. 4.—David F. Wilber, United States consul general at Singapore, writes the state department that at a meeting of Chinamen in that city resolutions were passed indorsing the action taken by the Shanghai chamber of commerce to boycott American goods in Singapore until the present American anti-Chinese laws have been amended.

Mr. Wilber encloses in his reports several clippings from Singapore newspapers, owned and operated by English subjects, which applaud the action taken by the Chinese. Mr. Wilber adds that as 75 per cent of business done in Singapore is by the Chinese he deems the situation well worth watching.

MONKEY BITES CHILDREN

Five Glassport Little Ones Are Victims—Organ Grinder Objects to Leaving Borough.

Five Glassport children were severely bitten yesterday by a monkey in charge of an Italian organ grinder. The victims are:

EDWARD SMITH, foot bitten.
MOREY LASHAPELL, hand and wrist.
JOHN MURDOCH, hand and wrist.
BENJAMIN TERWILLIGER, left leg.
JOSEPH COULSON, breast and face.

All the children are between 6 and 12 years. The brute's attacks were made at different places, and for several hours the owner of the monkey was permitted to traverse the borough streets with the animal attached to a long chain. The matter was reported to Justice Pastre, who had the Italian brought before him. The justice ordered the man and monkey to leave the town at once, but the Italian protested that he had bought a license and did not have to leave. He was taken to the borough line by Constable Harper.

TABLE WARE MEN AGREE.

Glass Blowers and Manufacturers Fix Upon a Wage Scale for the Coming Year.

ATLANTIC CITY, N. J., Aug. 4.—(Special.)—Wage committees from the National Association of Pressed and Blown Glass Manufacturers and of the American Flint Workers' association, reached a practical agreement at a conference at Haddon Hall and wages and hours are to be unchanged in the big tableware factories during the year.

The demand of the employers for removal of the limit on individual production of the men was complied with by the men in the several branches.

FILIPINO WOMAN TELLS HER STORY

Details an Incident in Mrs. Taggart's Life While Making Her Home in Manila.

LONG LEGAL FIGHT OVER BILLY

[SPECIAL TELEGRAM TO THE GAZETTE.]

WOOSTER, O., Aug. 4.—Incidents in the Taggart divorce suit today were a legal battle between Judge Smyser and Attorney Sterling as to "Billy" Taggart's reputation; the reading of a deposition of Augustina De La Cruz, the Filipino woman who figures in Mrs. Taggart's allegations against her husband, and the rejection of the testimony of Mrs. Caroline Shallenberger, who was a nurse at Christ hospital while Mrs. Taggart was there in 1900.

The first thing to occupy the attention of the court was the reading of the deposition of Morrow Taggart, father of the plaintiff. This deposition was objected to on the ground that Morrow Taggart is a resident of the county, but the plaintiff satisfied the defense that the witness was unable to attend on account of infirmities of age. Morrow Taggart is 76 years old. The defense withdrew its objection to the admission of the deposition, which was then read. It stated that Billy Taggart offered Morrow Taggart a drink of "booze" at the Taggart home in Orrville. He said it was 9 o'clock when he went to the house and after knocking at the door several times he was admitted by William Taggart. He said he always thought Mrs. Taggart a virtuous woman, and that Capt. Taggart never drank until he entered the army.

S. M. Brenneman, after stating that he had known William Taggart all his life, was asked: "Have you the means of knowing Billy Taggart's reputation for chastity?"

Knew About "Billy;" Couldn't Tell.

"Yes," answered the witness, after the objection of the defense had been overruled by court.

"What was that reputation?" asked the plaintiff.

The defense objected. Then ensued one of the most brilliant oratorical and legal battles that the walls of the old Wayne county court house ever listened to. Judge Smyser and James R. Sterling continued their debate for an hour and a half when recess was taken. The judge reserved his decision until after recess then sustained the objection. The deposition of Mrs. J. R. Moore, of San Francisco, who from 1901 to 1903 worked at the house of Mrs. Taggart's mother, Mrs. Culver in Chicago, was submitted. She testified as follows:

"I worked at the home of Mrs. Taggart's mother, Mrs. Culver, in Chicago in 1901, 1902 and 1903. Mrs. Taggart was there with her two children and the colored nurse. Several men called on Mrs. Taggart. One of them was a Mr. Spencer. I refer to the time they lived at Highland park, before Mrs. Taggart went to the Philippines. At one time Mr. Spencer called nearly every evening for a month. One night Mrs. Taggart was taken ill and he carried her to her room and immediately went downstairs."

"Did Mrs. Taggart ever tell you about her conduct in San Francisco?" was asked.

"Pleasant" Way of Officer's Wife.

"She told me about one night when, as one of a party of four, she went slumming. She said one of the men took them to a house where a performance had been arranged for them. Mrs. Taggart said she was sorry she had ever seen it. Mrs. Taggart told me her friend, an officer's wife, was the sort of a woman that had all the men at her feet. She had a way of going up to them, but she had never been detected in anything compromising. Mrs. Taggart told me when she returned from the Philippines that she did not want Mr. Spencer to call on her because he was such a nuisance and Capt. Taggart didn't like him."

On cross examination the witness stated that she did not know positively whether Mr. Spencer called on Mrs. Taggart or ladies visiting her. A young woman went upstairs, she said, with Mr. Spencer to turn out the light when he carried Mrs. Taggart, who was suffering from a bad cold, to her room.

At the afternoon session Mrs. Maggie Farenbauch of Orrville took the stand for a second time, but was not allowed to testify as to the character of William Taggart. Jude Eason decided to admit no testimony as to the reputation of anyone save the principals in the case.

The deposition of Augustina de la Cruz, the Filipino girl, alleged by Mrs. Taggart to have been intimate with her husband, was presented at the opening of the afternoon session. It was in Spanish, and the English translation which Attorney Wertz read in the court said:

An Incident With Capt. Bash.

"My name is Augustina de la Cruz. I am a spinster 38 years old and a servant. In the year 1901 I was employed in the family of Capt. Taggart. In the month of August about 3 in the afternoon, a Capt. Bash was in the house. Mrs. Taggart and Capt. Bash ordered me to go down and play with the children. About half an hour afterward I went upstairs to get a cigaret. The door to Capt. and Mrs. Taggart's room was ajar. I saw Mrs. Taggart and Capt. Bash in a compromising position. Neither of the parties saw or heard me, for I was in my bare feet and kept concealed. On another night Mrs. Taggart left the house with Capt. Bash and did not return until 2 a. m. Capt. Taggart censured Mrs. Taggart for this. I never saw Capt. Taggart mistreat Mrs. Taggart. He always treated the witness with respect."

Lee Mohler of Orrville then testified that he did not know the plaintiff and only knew the defendant by sight. He had seen the defendant and William Taggart going to dances together and riding in a grocery wagon which "Billy" drove. He stated that the dances which Mrs. Taggart and Billy attended were private.

R. F. Christy of Orrville testified that he lived at the Hurd house for a month or so while Mrs. Taggart lived there. He frequently saw Billy Taggart eat with Mrs. Taggart at the hotel and saw them on several occasions go upstairs to her room.

The deposition of Andrew Dagone was presented. He said:

"In May, June and July, 1903, I worked in Taggart's home in Fort Leavenworth, Kas., making beds and sweeping out."

"What was Capt. Taggart's treatment of his wife?"

"Always all the time good. All right."

"Did you ever see Mrs. Taggart smoke cigarets?"

"Quite much. Every day sometimes."

"How did Capt. Taggart treat his wife?"

"Always much good all time."

Col. Miner Called Frequently.

Dagone testified that nearly every time Capt. Taggart was away from home for any length of time Col. Miner called on Mrs. Taggart and that he called three times while Capt. Taggart was confined in the hospital. He said that Capt. and Mrs. Poor were frequent callers on Mrs. Taggart.

Howard Taggart was recalled and cross-examined in regard to the anonymous letter received at Fort Thomas. He then underwent a rigid cross-fire of questions from Attorney Smyser in which a desperate but unsuccessful effort was made to break down his testimony of Thursday in regard to Capt. Rithers' visit to Mrs. Taggart at 1 o'clock one morning at the Taggart residence at Fort Thomas, Ky. The defense also tried to bring out that Mrs. Taggart played the organ on Sundays for the church services at the post, but the witness could not remember that she ever did, nor that Capt. Taggart ever went to church. He said that the attendance at the church services averaged six every Sunday for a certain length of time.

The deposition of Mrs. Caroline Shallenberger of Cincinnati, wife of Dr. Shallenberger, and nurse at the Christ hospital while Mrs. Taggart was there in 1900, was presented. This testimony was not admitted, the defense objecting.

Mrs. Peter Everly of Orrville testified that she lived near Mrs. Taggart and saw Billy Taggart there a good part of his time.

"I saw the couple go away from her house one evening," she said, "and saw them return about 5 o'clock the next morning when I was getting up. I frequently saw Billy go into the house with quart bottles of whisky and afterwards Billy, my husband, and another man, hauled away a barrel of these bottles, empty. Mrs. Taggart neglected her children a good deal."

Cross-examination failed to shake Mrs. Everly's testimony and with the conclusion of her cross-examination Judge Eason adjourned court until tomorrow morning.

Mrs. Taggart an Adopted Daughter.

CHICAGO, Aug. 4.—(Special.)—Grace Viola Culver Taggart, the defendant in the sensational divorce proceedings brought by Major Elmore F. Taggart, U. S. A., at Wooster, is the daughter of John Manville, an employe at the Lafayette hotel, No. 105 West Madison street, and was the daughter of Charles Culver, a wealthy board of trade operator, only by adoption. This case came to light through the discovery that Manville, who is Mrs. Culver's brother, gave the Culvers his two little girls for adoption when he went to the army 44 years ago.

"When I joined the army," said Manville, "my sister, Mrs. Culver, was in good circumstances. She asked me if I would not let her take care of the two girls, who now are Mrs. Taggart and Mrs. Shields. What father would refuse his children an opportunity of becoming well educated and wealthy? I took care of my boys and let my sister adopt the girls in due form."

Manville was known about the Culver home as "Uncle John," and was accorded that title by the women who are his daughters.

FEDERAL AID REQUESTED

Continued from First Page.

water, and the refugees were hungry and famished, but their piteous appeals for food were refused. The unfortunate passengers, many of whom were women and children, were not permitted to put their heads out of the windows to get a breath of fresh air.

A dispatch from the Rigolets says: The Louisiana naval reserves, under Lieut. Ivy in the oyster commission lugger Nunez, took possession in Ship Island canal today of the Mississippi patrol boat Tipsey.

Request Is Granted.

WASHINGTON, Aug. 4.—President Roosevelt tonight forwarded to Surgeon General Wyman of the public health and marine hospital service a telegram from Gov. Blanchard of Louisiana, requesting the United States government to take control of the yellow fever situation in New Orleans. The president directed the surgeon general to take every step in his power to meet the situation in New Orleans, and to notify him what further action is advisable and possible for the federal authorities to take. The telegram in full is as follows:

> Have received following telegram from Gov. Blanchard of Louisiana: "At a joint meeting of representatives of all commercial bodies of the city of New Orleans, and other prominent persons, at which were present the mayor of the city, the state health authorities and the president of the Orleans Parish Medical association, the following resolution was adopted: That this meeting indorse the proposition to ask the United States government to take control of the yellow fever situation in New Orleans and that the governor of the state and the mayor of the city be requested to take steps to carry this proposition into effect. Further, that the hearty co-operation of the state and city governments and the state and city health boards, and the parish medical societies and the merchants and people generally, be pledged in such action as may be taken by the government.
>
> ### The Call for Help.
>
> "I am requested by the mayor of the city, the presidents of the city and state boards of health, and by a committee of prominent citizens, to transmit the above resolution to you and to request you to take over on behalf of the federal government, through the proper channels, the yellow fever situation at New Orleans. This I do now, and urge speedy action on your part. N. C. BLANCHARD,
> "Governor of Louisiana."
>
> Please take every step in your power to meet the situation at New Orleans and comply with the request of the governor and the other authorities, and notify me what further action is advisable and possible for the federal authorities to take. Would like full report from you as to what should be done. Please confer with the surgeon generals of the army and navy if in your judgment this is wise.
>
> THEODORE ROOSEVELT.

Dr. Wyman has acknowledged the president's telegram and will make a report to him tomorrow.

There are several precedents, of comparatively recent date, which warrant the government in taking charge of the whole yellow fever situation, notably at Brunswick, Ga., and at the epidemic at the National Soldiers' home at Hampton, Va., in both of which cases the marine hospital service practically took charge of affairs until the disease had been stamped out.

The government has at its disposal what is known as an epidemic fund, available, however, only in part for occasions like that at New Orleans. Expenditures from that fund are usually supplemented by those from local quarters.

QUAKER CITY PRECAUTIONS.

State Board of Health Takes Steps to Prevent Yellow Fever from Entering Philadelphia.

PHILADELPHIA, Aug. 4.—At a meeting of the state board of quarantine physicians, held here today in the office of Dr. H. B. Heller, state quarantine physician, measures for guarding against yellow fever in this section were adopted. An expert will visit all vessels arriving from the infected district and a thorough search will be made for mosquitoes which carry the disease. Vessels will also be fumigated.

Should any case of yellow fever be discovered it will be cared for at the state quarantine station at Marcus Hook, a few miles below the city.

UNCLE SAM'S CLERKS PLACED IN QUARANTINE

MERIDIAN, MISS., Aug. 4.—Two railroad postal clerks from Shreveport were arrested on their arrival at Meridian this morning, on the Alabama & Vicksburg railroad, and were taken to a yellow fever detention camp on the outskirts of the city, where they will remain for 10 days.

Charleston Quarantines.

CHARLESTON, S. C., Aug. 4.—Mayor Rhett has proclaimed a quarantine against yellow fever points, to take effect Sunday, August 6. No passengers will be permitted to enter the city unless they can establish beyond question that they have been out of the infected district 10 days.

BAGPIPES ARE HEARD AT SCOTS' GATHERING

Local Clansmen Hold Reunion and Recall Auld Scotia in Picnic and Field Day.

The music of the bagpipe yesterday made the shade trees in Kennywood park quiver at the gathering of the Scottish clans of Western Pennsylvania. Two thousand were there augmenting the native-born members of Clan MacPherson of Allegheny; Clan Cameron of Pittsburgh; Clan MacKenzie of Homestead; Clan Robertson of East Pittsburgh and Clan MacDonald of McKeesport, who were responsible for the success of the gathering.

Quoiting had the call and the games started early in the day. On the athletic field foot races were the most popular sports. There was the clansmen's race for clansmen over 40 years, and the clansmen's wife's race for clansmen's wives over 40 years. (It was not surprising that few appeared willing to enter this event). There was the clansmen's son's race and the clansmen's daughter's race, and the race for clansmen and their wives at any old age. The Highland fling was danced in costume, as was also the sword dance. There were few of the prominent tartans and plaids that were not conspicuous on the field. Fine prizes were offered and an interesting rivalry was shown.

ASH MAN SMACKS BABY; MURDER MAY RESULT

Fight Follows and Child's Mother Is So Badly Hurt That She May Die.

Because the ash man smacked a baby, a fight ensued in the Penn avenue district yesterday afternoon which may result in murder. The victim is the mother of the child.

Andrew Frank of Twenty-third street was gathering ashes near the home of Hrs. Annie Pupera of 2637 Spring alley, according to the police report. Mary Pupera, aged 4, was playing near Frank. He is said to have smacked the child. Mrs. Annie Pupera rushed to the protection of the girl. Frank is charged with kicking the woman in the abdomen and breaking her left collar bone. Mrs. Josephine Pupera, who lives at the same number, interfered and nearly lost one of her ears.

Frank was arrested but was later released on a forfeit. Last night Dr. Franklin Staub informed the police that owing to the delicate condition of Mrs. Annie Pupera, the blow in the abdomen would probably prove fatal. Frank was re-arrested and will be held to await the result of Mrs. Pupera's injuries.

MAY COME TO KENTUCKY.

Bourbon State Will Permit Fever Refugees to Enter After Precautionary Measures.

LOUISVILLE, KY., Aug. 4.—The state board of health has issued a proclamation announcing that Kentucky will be an "open" state as far as refugees from the fever-infected districts of the south are concerned. The refugees will be subject to an examination, however, and will be detained temporarily in camps, which will be established at once near the principal cities and towns of the state.

Conductors of passenger trains and captains of steamboats are appointed inspectors and required to immediately report all cases of a suspicious nature. A school of instruction will be opened at once in Louisville, where train conductors will be taught how to carry out the regulations.

Messenger Finds a Horse.

A messenger boy found a bay horse and a rubber-tired top buggy in Ninth street last night and drove the horse to central police station. Later John W. Steele called and identified the outfit. He said the horse and buggy were stolen from in front of 165 Liberty avenue, but it is believed the horse was not hitched and wandered off.

REMINGTON WILL NOT ALLOW CHADWICK FEES

Referee Says Items Put in by the Woman's Lawyers Are Exorbitant—Question of Assets.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

CLEVELAND, O., Aug. 4.—Referee in Bankruptcy Remington today took up the fee claims of Nathan Loeser for services as receiver for Mrs. Chadwick, also the bills for compensation received by Messrs. Dawley, Kerrush and Thompson, the attorneys who defended her. Loeser's claim amounted to $2,500. Referee Remington declared the amount exorbitant.

One account rendered by the attorneys, amounting to $175, was for assistance rendered in getting Mrs. Chadwick's trunk and valise from New York. Receiver Loeser also put in a bill concerning the trunk.

"Our services were in connection with the preservation of the bankrupt's property," said Attorney Kerrush. "She had property in Cleveland, Elyria and Pittsburgh amounting to $500,000."

Remington held that as far as the Cleveland property was concerned it was well preserved at the time under the charge of a deputy sheriff. "But I'd like to know about the rest of that $500,000," said he. "We never heard of it before."

Kerrush, however, volunteered no explanation.

BROTHER'S BULLET FATAL.

Charles Baker Dies from Wound and David, Aged 12, Is Taken to Jail.

Charles Baker, aged 10, of Highland avenue, Oakdale, who was shot Thursday by his brother, David, aged 12, died at his home early yesterday morning. County Detective J. W. Reed arrested David yesterday afternoon and brought him to jail, where he will remain pending the action of the coroner's jury. The brothers, with several other boys, were playing baseball. Charles declared it was his turn to bat, and the others disputed him. He then picked up the bat and ran in the house. David followed and demanded the bat.

The boy ran to the second floor and David picked up a 22-caliber rifle, aimed it at his brother and at the same time demanded him to surrender the bat. The younger brother dared David to shoot, and started to get a 32-caliber revolver, which was in the bureau drawer. David fired. The bullet entered Charles' right temple, and the child fell on the floor. Harry Baker, the father of the boys, is a tinner at Washington, Pa.

Catherine Lobliski, aged 22, of 3027 Brereton avenue, died last night at the West Penn hospital from burns received July 15, by an explosion of gasoline.

O'DONNELL TO PROBE.

Deputy Factory Inspector Promises to Thoroughly Investigate Child Labor Conditions in Homestead.

Hugh C. O'Donnell, deputy factory inspector, who has been after tobie factory proprietors in Pittsburgh, has opened an office in the Miller building, Eighth avenue, Homestead, and announces that he will commence an investigation of the child labor situation in Homestead, bringing every employer of children between the years of 14 and 16 to comply with the recently enacted laws.

Supt. A. R. Hunt of the Homestead Steel works has given out that every employe of the steel works who will be affected by the law must have their certificates from Mr. O'Donnell within the next few days, or they will not be allowed to work.

Braddock Welcomes M. & M.

The Braddock board of commerce has appointed a committee of ten prominent citizens to look after the entertainment of the trade boomers of the Merchants and Manufacturers' association on the trip up the Monongahela river next week. The schedule of the Island Queen, which will be used by the excursionists, provides for its arrival at Braddock at 10 o'clock on Thursday morning. For an hour the visitors will be entertained at the Braddock municipal building and will make a short tour of the industrial plants.

COCHRANE OUT FOR RECORDER

Foster Withdraws for Treasurer and George Z. Hosack Is Expected to Announce.

HAMILTON FOR COMMISSIONER

Robert K. Cochrane, an Allegheny contractor, yesterday announced his candidacy for the Republican nomination for county recorder. Ex-Sheriff Harvey A. Lowry of the Nineteenth ward, Pittsburgh, qualified for the same office. It is probable John A. Fairman of the North Side will also be a candidate for recorder.

William C. Hamilton, a wholesale confectioner, who lives in the Twenty-first ward, said last night he would be a Republican candidate for commissioner. He expects to announce his candidacy as soon as Chairman Ford returns to the city. Mr. Hamilton is president of the Twenty-first ward school board.

George W. Foster of Carnegie has issued this letter: "I desire to announce to my friends in the county that I will not be a candidate for the office of county treasurer this fall, considering it advisable for success by the Republican party to have new men in the makeup of the ticket, in the event of which there need be no doubt of the result. I will still take the same interest in the Republican victory and will be found working faithfully for the nominees of the September primaries."

Hosack for Treasurer.

It is probable George Z. Hosack of Carnegie, president of the New York and Cleveland Coal Company, will early next week announce his intention of seeking the Republican nomination for treasurer. There is also a likelihood I. K. Campbell of the Nineteenth ward will be given an indorsement by the Soldiers' Civic league as a Republican candidate for county commissioner.

So far there have been no announcements for prothonotary or controller. Prothonotary W. B. Kirker has not qualified for the nomination, but will probably announce what he intends to do within a few days. F. W. Edwards, who has been spoken of as a possible candidate for register, has gone to Canada to remain until September 1. He did not qualify before leaving the city.

The following is the form of announcement being made by all of the Republican candidates, the letter being addressed to Chairman Ford:

> In compliance with the rules governing the Republican party in and for the county of Allegheny, I hereby notify you that, at the primary election to be held on the third Saturday of September, 1905, I will be a candidate for the nomination for the office of ——.
>
> ### No Chance for Fraud.
>
> I am a duly qualified Republican elector of the county, according to the provisions of section 5 of rule II. I will abide by the result of the primary; and I will not, directly or indirectly, give or promise to give, any money, reward, promise of influence or support, or other valuable consideration to any person or persons for the purpose of influencing his or any other person or persons' vote at such primary, or contribute any money to be used for any of the foregoing purposes; or threaten any person or use any other means of intimidation in order to influence or obstruct an elector's vote at such primary election, or excite or use any violence toward any person, or dismiss or discharge or procure the dismissal or discharge of any person from any position or employment because of the manner in which such person or any other person voted or failed to vote; or, directly or indirectly, pay any expense incurred by any candidate or anyone in his interest in consideration of his withdrawal; or give, offer or promise any reward, office, employment or support to a candidate or to any other person in consideration of his withdrawal or procuring the withdrawal of any candidate.

These Men Have Qualified.

These candidates have signed the above qualification blank: H. A. Lowry, Robert K. Cochrane, recorder; R. E. Stone, A. S. Miller, register; Fred Goettmann, W. W. Murray, county commissioners; William Dodds, John A. Reed, clerk of courts.

The Twenty-first ward school board did not hold a meeting last night. There will probably be a meeting next week, at which some communication will be received from County Commissioner James A. Clark concerning his intention to resign as a member of the central board of education. Attorney A. V. D. Watterson, who is acting for the opponents of Clark on the local board, yesterday said he would go into court within a few days and attempt to have Clark ousted from the central board. Watterson contends the offices of county commissioner and member of the central board are incompatible and Clark will be forced to surrender one of the places. The commissioner has said he would resign from the central board if one of the school directors, who voted for him, was elected his successor.

A preliminary order was obtained in quarter sessions court authorizing the annexation of the Second and Sixth election precincts of Chartiers township to Pittsburgh. There were originally six precincts in Chartiers township, but on account of the numerous boroughs which have been formed in that section nothing is now left but the two districts which wish to come into the city.

An order was made appointing William G. Gilmore treasurer and tax collector of Chartiers township, vice William Stettler, resigned.

John Colender was appointed tax collector of East Deer township in quarter sessions court to succeed Robert N. Baillie, resigned.

DEAL NOT OFF YET.

Decision of Mellon Interests Concerning Proposed Western Oil Combination Is Not Reached.

It was reported yesterday that the plans formed for the combination of a large number of Kansas and Indian Territory oil producers into one company, to be financed by the Union Trust Company of this city, had fallen through, and that the representatives of the western interests had left Pittsburgh expecting to see the options lapse.

This report was denied. It was stated that there has been a delay in the negotiations. This delay will continue but a few days, it was said, and a final decision on the part of the Mellon interests as to their action will be reached then.

Both A. W. Mellon and W. L. Mellon are in the east, having left Pittsburgh late this week. It is not known whether this eastern trip has a bearing upon the negotiations.

Contagious Disease Report.

There were five cases of scarlet fever, one of erysipelas and seven cases of typhoid fever reported to the Pittsburgh bureau of health yesterday. The case of erysipelas is at the Municipal hospital.

PROGRAM FOR PEACE ENVOYS

Elaborate Arrangements for Introduction of the Royal Ambassadors.

WILL MEET TODAY

No Precedence Will Be Shown and Efforts Will Be to Dissolve Formality.

ANNOYED BY CAMERA FIENDS

[BY ASSOCIATED PRESS TO THE GAZETTE.]

OYSTER BAY, N. Y., Aug. 4.—Final arrangements were completed tonight for the reception by President Roosevelt of the Russian and Japanese peace envoys tomorrow. The reception will take place on the Mayflower, the finest vessel of her class in the navy, at 1:30 p. m., and will be attended by a notable demonstration in honor of the distinguished guests of the country.

The cruiser Mayflower arrived here early this afternoon. She is in command of Commander Cameron McR. Winslow, the president's naval aid, and carries a full complement of 250 men. She has been specially fitted for this occasion.

It is expected that the Sylph, the president's naval yacht, with Assistant Secretary of State Herbert H. D. Peirce, and some of the guests invited to the reception of the envoys, will arrive tomorrow morning. Secretary Peirce, who in the absence of Secretary Root, will represent the department of state, accompanied by his guests, will go aboard the Mayflower probably about noon. He will be accompanied by Rear Admiral Charles D. Sigsbee as a representative of the navy, and Maj.-Gen. Frederick D. Grant, commander of the department of the east, as a representative of the army.

Departure of Envoys.

The Russian and Japanese plenipotentiaries and their suites will leave New York tomorrow morning, the Japanese at 9 o'clock and the Russians at 10 o'clock. The departure will be from the foot of East Twenty-third street. The envoys and their suites will make the trip to Oyster Bay in sister cruisers, the Japanese on the Chattanooga and the Russians on the Tacoma. Thus they will not meet until they reach here and are formally presented to the president of the United States.

The cruisers are expected to arrive in the outer bay, that bearing the Japanese envoys about 11:45 o'clock, and that bearing the Russian plenipotentiaries an hour or so later. President Roosevelt will go aboard the Mayflower at 1 o'clock. He will be greeted with a presidential salute of 21 guns from the Mayflower as he goes aboard, and his pennant will be broken out at the forepeak.

As soon as the president's flag is displayed the Japanese plenipotentiaries, Baron Jutaro Komura, minister of foreign affairs, and Kogoro Takahira, minister of Japan to the United States, and their suite, will proceed to the Mayflower in launches from their cruisers. As they go over the side a salute of 19 guns will be fired in their honor, the crew will dress ship and they will be received on deck by Commander Winslow and his officers in special full dress uniform. They will be escorted to the handsome main cabin, where Assistant Secretary Peirce will present the envoys and each member of their suite of the president. Such exchanges as may be made at the time will be purely informal.

In turn the envoys and other officials of the special mission will be presented to the guests of the president on board the ship.

The Formal Introduction.

At the conclusion of this ceremony the Russian plenipotentiaries, Sergius Witte, president of the committee of ministers, and Baron Rosen, the Russian ambassador to the United States, accompanied by their suite, will board the Mayflower and in the same formal manner be received and presented to the president.

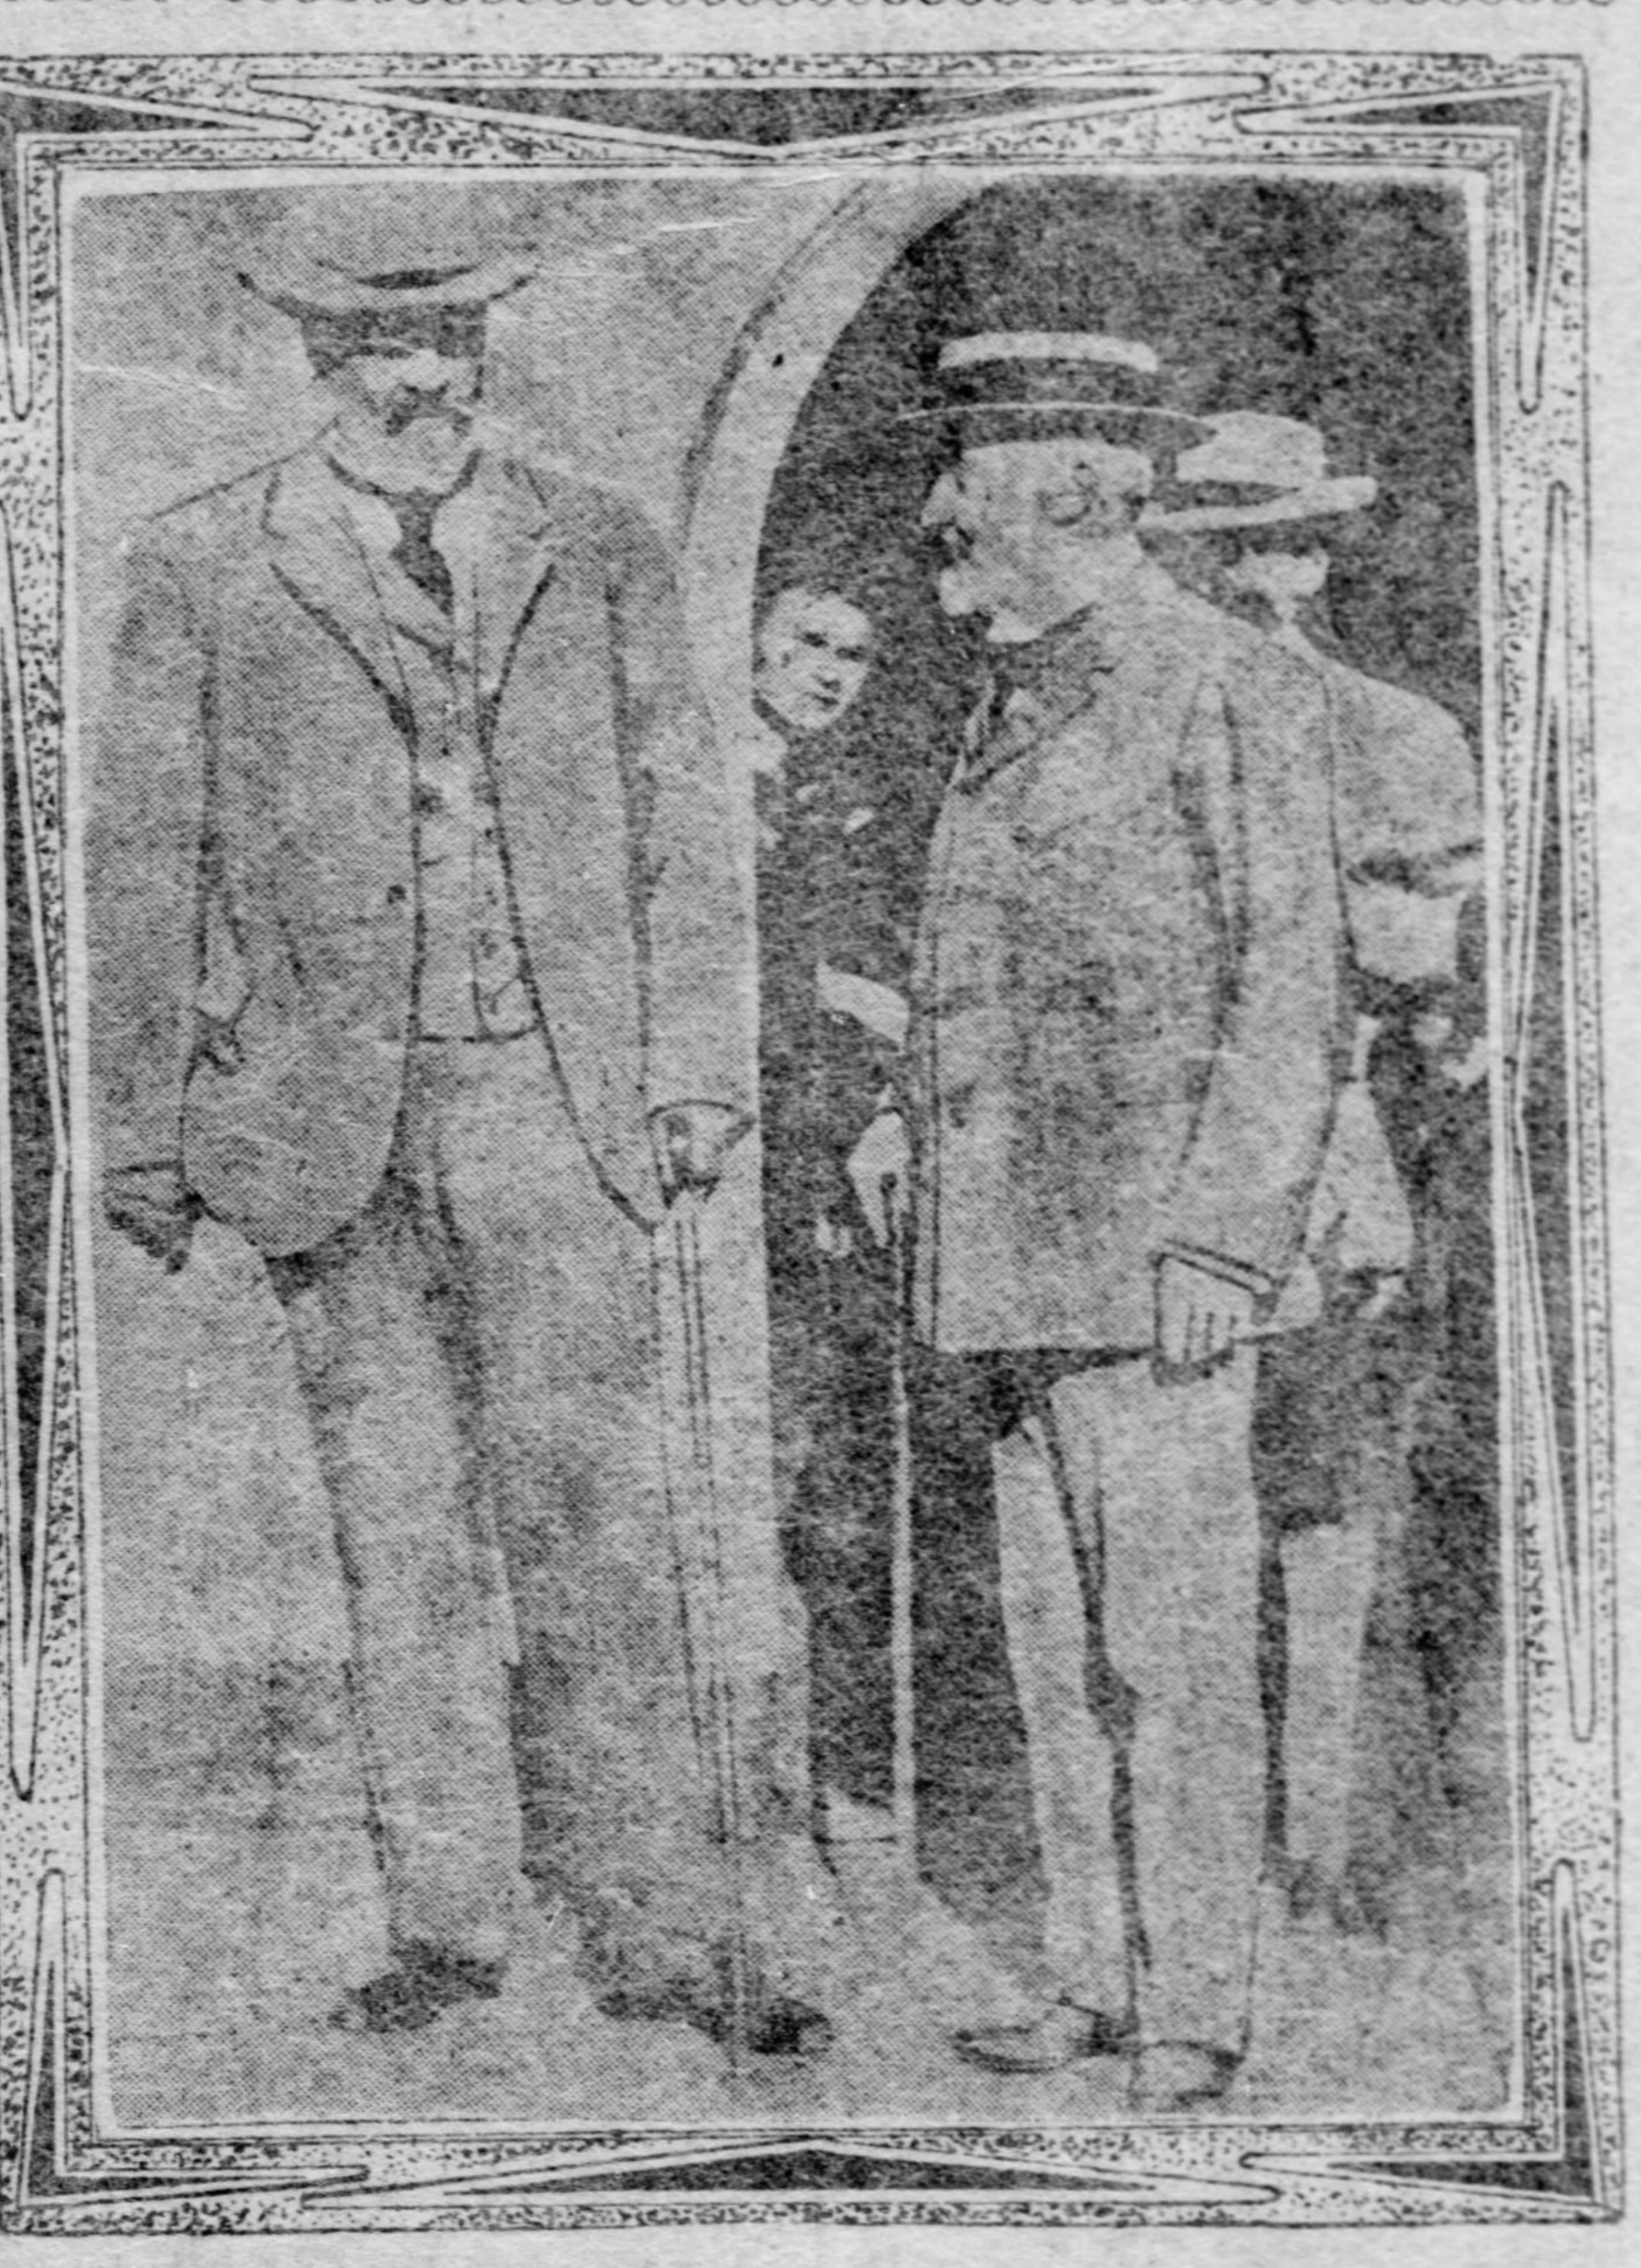
The envoys of the two powers then will be presented formally to one another, when an effort will be made by President Roosevelt and Assistant Secretary Peirce to render the ceremony as natural and easy as possible, in order to eliminate any embarrassment.

These ceremonies concluded a luncheon will be served. In order to avoid any unusual questions of precedence, the luncheon will be a buffet collation. Thus will be avoided the seating of the guests at table with the president. The party in attendance at the luncheon will number about 25.

Shortly after the luncheon President Roosevelt will take leave of the envoys and will return to shore in a launch. His pennant will be lowered and another salute will be fired as he leaves the ship's side.

From the Mayflower the Japanese envoys and their suites will be conveyed to the dispatch boat Dolphin, which will be anchored near by, the Russian envoys and their suite remaining on the Mayflower. On these ships the two sets of envoys will be conveyed to Portsmouth, N. H., where the sessions of the peace conference are to be held. Soon after the departure of the guests the Mayflower and Dolphin will weigh anchor and start on their journey, convoyed by the cruiser Galveston.

President and Mrs. Roosevelt today informally entertained Sergius Witte and Baron Rosen, the Russian emperor's plenipotentiaries to the peace conference. The distinguished visitors arrived in Oyster Bay on the 12:30 p. m. Long Island railroad train from New York. They occupied on the journey a special parlor car which had been attached to the train for their exclusive use.



M. WITTE. BARON ROSEN.

Snapshot of Russian peace envoys, taken upon the arrival of M. Witte in America.

The journey to Oyster Bay was begun directly after services in St. Nicholas' cathedral in Ninety-seventh street, attended by the plenipotentiaries. Prayers were offered at the service for the envoys personally and for the successful accomplishment of their mission of peace with all honor to their emperor and to Russia.

M. Witte and Baron Rosen, who had been accompanied to the church service by Russian Consul Gen. Lodygensky and by Vice Consul Gen. Schilling, made the trip to Oyster Bay alone. Near them, however, were two New York Central office men, Detectives Downing and Foy, who had been detailed to afford them personal protection, and George Burns, a United States secret service operative, who has been designated to act as the personal guard of M. Witte by the United States government.

Baron Rosen Annoyed by Cameras.

A considerable crowd of the residents of Oyster Bay had assembled at the station to see the Russian envoys. As they alighted from the train, they were confronted by a battery of cameras backed by a lot of enterprising photographers. Baron Rosen waved them aside, indicating evident displeasure. The envoys were met by messengers from the president's official houshold and, escorted by the officers, were directed to a carriage which President Roosevelt had sent to the station to convey them to Sagamore Hill.

Neither M. Witte nor Baron Rosen would make any comment upon their visit. They entered the carriage in waiting, and with Secret Service Operative Burns on the front seat, were driven rapidly to the president's home in time for luncheon. President Roosevelt gave M. Witte, who was presented to him by Ambassador Rosen, a most cordial greeting, and they chatted informally and animatedly before the luncheon was announced.

Soon after arriving at Sagamore Hill, Baron Rosen entered to the president a vigorous protest against the actions of some of the photographers at the railroad station. He did not conceal his annoyance at their strenuous efforts to obtain pictures. The president called two secret service officers and gave directions that the annoyance his guests had been subjected to on their arrival should be averted, if possible, when they returned to the station to take their train for New York.

Jews to Visit M. Witte.

While some pictures were taken at the station on their return, the envoys were subjected to no jostling or inconvenience.

It was the desire of M. Witte to pay his respects to President Roosevelt before the formal reception of the envoys tomorrow. That is visit was of significance is, perhaps, beyond doubt, but positive assurance is given that it did not differ materialy from that of Baron Komura last week. The subject of the pending peace negotiations was discussed generally, but beyond that no statement concerning the conference was made. Neither the president nor M. Witte cared to make any announcement about it for publication.

M. Witte and Baron Rosen left on the 4:20 p. m. train for New York, occupying their special car alone as on the journey to Oyster Bay.

Improving the opportunity offered by the presence in this city of Sergius Witte, the Russian peace envoy, a delegation of the most prominent Jews in the country met today, to bring before M. Witte the question of the better treatment of Jews in Russia. The delegation is headed by Adolf Kraus of Chicago, president of the executive committee of the Independent Order of B'nai B'rith, who came to this city with Baron von Schlippenbach, the Russian consul at Chicago. Mr. Kraus made the announcement tonight that M. Witte had agreed to grant an interview.

Witte Charmed by President.

M. Witte and Baron Rosen reached the St. Regis hotel on their return from Oyster Bay at a quarter after 6.

M. Witte made the following statement about the impressions he had received of the president on this, the first time he had seen him:

"I have conceived the highest opinion of Mr. Roosevelt. I was particularly struck by his energy and broad mindedness. I feel it is good for the United States to have so distinguished a man at the head of its executive, and I fully appreciate the reasons that led to the choice of him for so responsible and honorable a post. I do not say this with any desire to flatter the president or the American people. It is my severe conviction."

As his guest at dinner tonight, M. Witte had Mr. Wilenkine, Russia's financial agent in Washington. After dinner these two had a long conference.

During his visit to Oyster Bay today M. Witte was presented to Mrs. Roosevelt, and conversed with her in French.

Wonderful Water World.

It is interesting to know that in the Province of Ontario, Canada, there are over 40,000 square miles of inland water stretches, exclusive of the Great Lakes and the River St. Lawrence, and nearly all lying north of Lake Ontario in the "Highlands of Ontario." These Highlands embrace the districts known as "Muskoka," "Lake of Bays," "Maganetawan River," "Lake Nipissing and the French River," "Temagami," "Algonquin Park" and "Kawartha Lakes," and are all reached directly by the lines of the Grand Trunk railway system. Speaking of the "Muskoka Lakes" region, the Cleveland Leader in an article headed "Builders Revel in Wilds of Muskoka," being a report by their special staff representative of an outing which the members of the Builders' Exchange of that city to the number of 200 enjoyed in this lakeland territory, says: "A hundred Chautauquas rolled into one summer resort region would not compare with the 'Ontario Highlands.' Summer cottages and hotels, pretty camps and hundreds of sailboats and canoes passed in panorama as the steamer 'Medora' steamed past scores of enchanting islands."

A copy of a handsomely illustrated descriptive publication portraying the attractions of this magnificent territory will be sent free to any one applying to W. Robinson, traveling passenger agent, 506 Park building, Pittsburgh, Pa.

RUSSIA'S GREAT RESOURCES.

Covington Pastor Says It Can Easily Meet All Japan's Demands.

The Rev. J. I. Blackburn, pastor of the First Presbyterian church, Covington, Ky., who has returned after a five months' tour of Europe, the last three weeks of which were spent in the large cities of Russia, is visiting his brother, Dr. J. P. Blackburn, in Penney avenue, McKeesport. He says:

The marvelous resources of Russia are such that the demands of the Japanese can easily be met by that government, even though they exceed by far the wildest estimate of Japan's price of peace. Russia is the richest country in the world in resources. The Russian people are really jubilant over the fact that they were defeated in the war. They have all along thought the government's policy in Manchuria and other issues of the war were all wrong, and they believe the defeat sustained will have a good effect on the nobility, which holds full sway over the body politic.

RUSSIANS CHECK JAPAN'S ADVANCE

Movement to Take Musariet and Piatsabang Passes Successfully Resisted.

SAKHALIN ARMY SURRENDERS

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

GODZYADANI, MANCHURIA, Aug. 4.—Dispatches received from Korea report that the Japanese have begun a simultaneous advance from Kuanchoderi against the Musariet and Piatsabang pass, but that both columns were checked under pressure of the Russian advance detachments. The Russian losses, the dispatches say, were insignificant.

Japanese warships are said to be cruising off the mouth of Peter the Great bay, on which Vladivostok is situated, their lights often being visible from Russian island. Chinese arriving from the south say that the Japanese are most active in establishing trade relations in southern Manchuria, that over a score of large business houses have been established in Yinkow and that 5,000 Japanese sutlers and larger traders follow close on the heels of the army.

Almost tropical rains are falling in Manchuria and the hilly regions are impassible for trains of artillery. Every mountain path is a torrent and every valley a quagmire. Important operations apparently will be impossible for a long time to come. The alternation of rains and fervid sunshine has a depressing effect on the health of the army.

TOKYO, Aug. 4.—It is reported that the advance guards of the hostile forces south of the Tumen river are within rifle range. An early conflict is regarded as inevitable.

WASHINGTON, Aug. 4.—The Japanese legation today received the following official report on the surrender of the Russians at Hamdaza July 31:

"The Saghalien army reports that an independent cavalry force attacked and routed the enemy south of Palem on the afternoon of July 28, capturing two field guns, besides ammunition wagons, rifles and ammunition. July 29 that force, cooperating with reinforcements, gave hot pursuit to the enemy to the south of Tauran. At 5 a. m., July 30, the enemy's parliamentaire came to Tauran with a message of Gen. Liapinov, the military governor, addressed to commander of the army, stating that lack of dressing materials and medicines and impossibility of treating the wounded compelled Gen. Liapunov, out of sentiments of humanity, to ask cessation of hostilities. The commander of the army replied that all military stores and all movables and immovables belonging to the government and all documents concerning administrative and military matters be delivered and that a reply to the above be sent to Hamadaza by 10 a. m., July 31. On July 31 the Russian delegate, Col. Tribiti, came to Hamdasa and after a conference with our delegate Gen. Koidzumi accepted our conditions in toto. Liapinov (?) with about 70 officers and 3,200 men surrendered."

Store Closes Today at 1 O'Clock. That gives you a good five hours for shopping. You can certainly spend a part of that time profitably when there are goods, little lots, to be sure, all over the house, selling for underprices. The Restaurant will serve meals until the store closes, so there's plenty of time for the habitues of our Restaurant to get their noonday lunch without hurry.

Special Notice to Men:

If you would like a new suit, new pair of trousers, new hat or any other article of wearing apparel at a less price, today is your time. You can buy about any sort of a suit for lowest prices of the season. You'll find furnishings specially priced. You can select any straw hat in the house and pay only 50c for it. You will find it to your interest to look into the matter. Detail in last evening's paper.

Ready-to-Wear Things for Women—Little Prices.

If you are looking for something inexpensive in waist or wash skirt or shirtwaist with which to round up the Summer, then read the following carefully:

Wash Skirts—in all the latest style designs, pleated and tucked, of desirable tub materials, at $1.75 from $3.50, at $3.50 from $6.00, at $6.00 from $10.00.

Tub Waists—waists of white lawn, madras and percale, some with black polka dots and figures of various kinds, $1.25 grade for 75c each.

Tub Waists—of white lawn, trimmed with English eyelet and other choice embroideries, $1.50 grade for $1.00 each.

Cloth Jackets—a very good line of black broadcloth and tan covert jackets that should sell for $12.75 at $7.00.

Girls' $2.00 Wash Dresses for $1.00.

A right good time to buy dresses for next Summer, don't you think so? These dresses are of percale and gingham, high and low neck, sizes 4 to 10 years.

Girls' cloth coats, blue and tan cloths with fancy collar, sizes 4 to 8 years—were $5.00, reduced to $3.00.

Girls' jackets of red, blue and brown cheviot and of covert cloth, sizes 4 to 14 years—$5.00, $6.50, $7.00 and up to $18.50.

Notions for Little Enough.

It's the money saved on trifles that in the end amounts to the most. So why not begin on notions?

Women's 25c Hose Supporters, pad or pin-on styles, 10c a pair.
Heavy Imitation Shell Hairpins that were 25c and 35c each, today 5c.
Scissors worth 75c and $1.00 for 50c a pair.
Hair Pin Cabinets at 3c, 5c, 8c, 10c each.
Can't Break Them Dressing Combs, 25c each.

Two Dozen Pearl Buttons, 7c.

Extra quality fresh water pearl buttons in different sizes—cheap enough to keep a few dozens in the work basket.

New mother of pearl buckles for belts at 25c each and up to $1.25.

Plenty of White Linen Oxfords Here.

Yes, we know it is hard to find complete lines of white linen and canvas shoes, but nevertheless you will have no trouble in being fitted here. Full range of sizes—$3.00 and $4.00 a pair.

$1.00, $2.00 and $3.00 Hats, Ready-to-Wear, 25c

Really, we are ashamed to quote such a figure as twenty-five cents for a hat that is ready-to-wear. However, we don't want to carry any of these hats for Summer over, so give them to you for next-to-nothing prices.

Mostly large hats of soft, rough woven straw, trimmed in self or with a quill and bow of ribbon. A few very neat tricornes in the lot. Different colors. See them today, please, ladies. Some misses' hats in the lot.

Another "Word Hunt" Next Sunday.

$50.00 IN PRIZES

For Four Words Selected From

NEXT SUNDAY'S GAZETTE

Rules and Conditions of the "Word Hunt."

The hunt consists of selecting four words from the advertisements appearing in next Sunday's issue of The Pittsburgh Gazette. **In selecting such words you are privileged to use each letter of the alphabet four times, but no more.**

Each letter of the alphabet has a value in points, according to its location in the alphabet. For example, A is one point; B, two points, C, three points, etc. This would make the letter Z count twenty-six points.

The persons selecting the four words aggregating the greatest number of points (on the basis described above) will receive the prizes. We give below examples to demonstrate the difference in value of words. Take the word "Furniture."

6—21—18—14—9—20—21—18—5
F—U—R—N—I—T—U—R—E

It contains nine letters and represents 132 points, whereas, you take the word "Handkerchief."

8—1—14—4—11—5—18—3—8—9—5—6
H—A—N—D—K—E—R—C—H—I—E—F

It contains twelve letters, which only represent 92 points.

Answers must give the words selected, explain from what ad. they were taken and where the ad. is located in the paper. This is necessary to properly check the answers.

LIST OF CASH PRIZES

First Prize	$15.00
Second "	10.00
Two Prizes $5.00 each	10.00
Four Prizes $2.50 each	10.00
Five Prizes $1.00 each	5.00
13 Prizes	$50.00

After each word must be given the number of points it represents; at the bottom of the sheet the total of the points represented in the four words. Sign your name and address plainly.

Should two or more contestants be tied for certain prizes, such prizes will be distributed pro rata among such contestants.

Every person is eligible to enter the Hunt except employes of The Pittsburgh Gazette and members of their families.

All answers must be sent in on the blank form provided in The Sunday Gazette.

No contestant will be awarded more than one prize.

All answers must be in The Gazette office by 9:00 a. m. of the following Thursday.

Answers must be addressed to Manager "Word Hunt," The Gazette, Pittsburgh, Pa., and either sent by mail or delivered in person at our Business Office.

Any answer which does not comply strictly to the foregoing rules will not be considered.

Any points not covered in the above rules will be decided in an equitable manner by the Sunday Editor of The Gazette and the Manager of this contest.

(Copyrighted, 1905, by I. F. Bailey, Pittsburgh, Pa.)

NOTICE—The Manager of the Hunt reserves the right to make any changes in the rules that he may deem necessary for properly conducting the contest. Be sure to read the rules next Sunday.

Saturday, August 5, 1905.

A discovery of graft is reported from Manila, where the medical stores department is alleged to have been looted of a large sum. The report will cause no great surprise though much to be regretted. Graft is prevalent in other countries than our own. But it should be eliminated from our system at any cost. No mercy should be shown the grafters.

Prof. W. A. Davis reports a particularly offensive form of slavery existing in Unalaska, where he is in charge of the schools. The system includes the purchase of white children who become menials to the buyer and his family. On the state of facts reported it is the duty of the United States government to interfere and put a prompt stop to the practice. Slavery has no place under the American flag.

Boats capable of making 35 miles an hour are not common. Heretofore they have been limited to turbine propelled torpedo boat destroyers. Now, we are told Mr. Herreshoff has designed a boat with reciprocating engines that can greatly exceed that speed. It is not claimed the new craft possesses other great merits beside its ability to steam rapidly, but in that one respect it adds another to the Herreshoff triumphs.

Japan has been making urgent contracts in this country for railroad material and equipment for use in Manchuria. From this an inference is drawn that Japan intends to hold Manchuria after the conquest. The conclusion is far fetched. Japan will need good railroad facilities if the war is continued after the peace conference ends. Moreover, in urging the neutralization of the Manchurian railroad as one of the terms of peace, its own railroad building may prove a powerful lever.

Gen. Corbin has declared unqualifiedly against the appointment of Gen. Leonard Wood, or any other general, to be governor of the Philippines. He says it would be bad for the army and bad for the islands to have a military man appointed to that civil office. Gen. Corbin is not infallible. There have been military governors in American history who governed well and whose appointment for such duty did not demoralize the army. Much depends on the man and much depends on other demoralizing influences in the army.

There have been a good many unauthorized reports about the financing of the project to pipe oil from Kansas to the Gulf. The thing is feasible, but is no child's play. Some of the stories bear the impress of the Kansas hot-air artists who are willing at all times to take whatever good is going and allow the other fellow to bear the losses. Pittsburgh is not financing projects on that basis, but has the money when assured of a square deal. It will be just as well to await developments before speculating.

New Orleans has made a good move in asking the federal government to take charge of the yellow fever situation. The city is unable to cope with it; the states have been in danger of a serious clash of authority and the contagion is spreading. These conditions call for federal control so the work may be harmonized to one end. It is quite as important that yellow fever be eliminated from New Orleans as from Panama and the national government is best equipped to bring about that result. It succeeded in Havana; it has succeeded in Panama and it can succeed in the Gulf states when it takes firm hold.

One Republican candidate withdrew his name yesterday, assigning reasons entirely creditable to him as a Republican. Many remain in the field. Each will have an equal opportunity before the Republican voters and those who get the largest number of votes at the primaries will be the party nominees. This is the system of popular government, exemplified in its highest efficiency. When it is contrasted with the one man power system by which a part of the fusion ticket has been created and the cabalistic choice of the remainder there will be no difficulty in determining where the bossism is to be found. The fusion ticket is a collection of political hacks, as might be expected. The Republican ticket will be composed of men qualified by training and by public confidence for the places to which they aspire.

Republican Party All Right.

In the history of Pennsylvania politics there has never been as dirty a campaign of misrepresentation as that now in progress. There has been trouble in the city of Philadelphia. It began with a gas franchise ordinance and has gone to the extent of involving some city contractors. In due course and by due process of law the accused will be declared guilty or innocent according to their deserts. In the meantime, however, there is a hue and cry sent out over the state that these men are guilty and their sins are laid at the door of the Republican party.

Under the American system of jurisprudence every man is assumed to be innocent until proven guilty. On this American principle The Gazette has refused to pass judgment on the Philadelphia contractors until the evidence is in. In the confusion of tongues of the city party, the committee of seventy, the committee of nine, the committee of fourteen, the Hicks party, the Mack faction, Mayor Weaver's administration and the committee of the whole of the Democratic party, all clamoring at once, the truth is not self-evident. There are so many claims and so few indictments and so little genuine evidence that at this distance it is not possible to reach a verdict that takes account of all of the facts and of the facts only.

The attack on the Republican party, however, is of another color. There is no mistaking that. It emanates from the committee of the whole of the Democratic party and is boosted along by the organization of misfits whose motto is rule or ruin. Its very absurdity has led to allowing it to go unchallenged for so long that it is beginning to be accepted outside the state. The charge has been taken up by a lot of blatant yellow journals that try to carry political water on both shoulders, but which never lose a really good opportunity to thrust at the Republican party. That is all there is to it. There is no shadow of truth in the claim and the Republican voters in November will ram it down the false throats that give it utterance.

Mayor Weaver of Philadelphia was elected on the Republican ticket with the full support of the Republican organization of that city. If he is not a Republican now he has neglected to say so. The Republican party of Pennsylvania is not responsible for his acts, nor is it responsible for the possible wrongdoing of Philadelphia contractors. Yet more surely the Democratic party of Pennsylvania is not entitled to any credit for what is done by a Republican mayor of Philadelphia. It is a case of sheer assumption on its part that Mayor Weaver is altogether right and that it, the Democratic party, is entitled to share in the glory.

One can admire the assurance of the feeble Democracy in laying claim to laurels it has not earned. One may smile, as at the egotism of the man who, after his wife had vanquished bruin single-handed, announced to the neighbors: "We killed the bear." But what can be said of the fellows who masquerade in the garb of pretended Republicanism and attack the party for sins it has not committed? They are beneath the contempt of honest Republicans; they are laughed at by the Democrats whose chestnuts they are trying to pull out of the fire.

The Republican party is all right. It is before the people with good candidates; with a long record of noble achievement; with candor and with honor. It is making no false pretenses. It asks for continuance of the confidence of the people because it is prepared to go on with the good work of administering the affairs of this great commonwealth as they have been administered, for the good of the people. There is no dodging on its part. Occasionally a bad Republican is discovered; is thrown out; is castigated; but that is no reason why an army of bad Democrats should be put in to protect each other in their sinning. Pennsylvania Republicans will make no mistake.

A Manifest Duty.

Councilman Bailey speaks very much to the point on the subject of fenders. It is the duty of the administration to enforce the laws as it finds them. That duty is wholly apart from its right to ask councils to pass other legislation. The administration has persistently evaded its duty in this matter. Aroused by constant prodding it ordered a test of fenders and then lapsed into indifference and the assertion that no fender is effective.

There is ample testimony from New York, Cleveland, Kansas City and other cities that fenders are effective. It is not claimed for them that no fatal accidents can occur where they are used, but it is claimed they save life and prevent mutilation. This claim from experience cannot be set aside by a mere assertion to the contrary. The ordinance requiring the use of fenders was founded on good reason and the administration has no legal or proper recourse but to enforce it. The delay in doing so puts on the administration the fearful responsibility for the lives daily crushed out under street car wheels.

The speed ordinance is another matter. Speed ought to be regulated. The maximum load of cars should be limited. Persons should not be allowed to hang on platforms or running boards. These are matters for legislation. Meantime it is a duty to enforce the law affecting fenders.

The Business Situation.

The clearing house returns for July, published by Bradstreet's this morning, certainly tell a story of remarkable business expansion. The total for 94 cities in the United States is $10,803,433,222, an increase of 25 per cent over the same month last year and an increase of 6.3 per cent over July, 1902, which was the previous high record. For the seven months of 1905 we have the record-breaking total of nearly $81,500,000,000, an increase of $23,000,000,000 over the corresponding period of 1904. The figures are too large for ordinary comprehension. They may be better grasped if we say that so far in 1905 bank exchanges are more than a third larger than for the same time last year, and they are more than a tenth larger than the total for 1901, which year marked the former high tide of financial operations in this country. What makes the present showing all the more gratifying is that the figures have not been abnormally swelled by promotions nor by unusual speculation, such as characterized former years, and they probably more nearly represent increase in commercial and industrial transactions than ever before.

Bank clearings are one of the accepted measures of the volume of trade. Another gauge is railroad earnings. These continue to show an increase over the best record for any corresponding period in former years. Like bank exchanges, the increased railroad earnings are evenly distributed over all sections of the country, indicating a uniformity in the recovery of business from last year's depression. A particularly noticeable feature of the situation during the past few weeks is the improvement in mercantile trade. Midsummer is not usually a good month in retail drygoods, but merchants report that July was one of the best months of the year. The textile trade is in a healthier condition than for years. The demand for both skilled and unskilled labor continues urgent, indicating activity in industrial operations.

The one unfavorable development of the season is the low average condition of cotton. The revised government figures last month estimated the decrease in acreage at nearly 15 per cent, and the same authority this week placed the condition at 74.9 per cent of an average crop, which is 7.7 per cent below the 10-year average. These figures foreshadow an important shortage in this year's crop, which is likely to have an effect both upon the business of the south and the export of the staple.

The money market at home and abroad remains extremely easy for the season of year. The accumulation of gold in the large European banks is looked upon as reflecting preparations for financing the Russian indemnity loan and the prospects are bright for unusually large financial operations during the latter part of the year. At the present time the loans and discounts of the associated banks of New York, as well as of the United States, are at the maximum, while the surplus reserves are smaller than usually carried at this season. The money situation seems to contain the possibilities for more or less stringency during the last quarter of the year, and yet there is nothing on the surface to indicate the slightest uneasiness on the part of borrowers or lenders.

QUIET OBSERVATIONS

By ERASMUS WILSON.

Sewickley would like to know the name and address of the Sewickleyan who wants to know if it is nice for a young man to kiss young ladies.

The names and addresses of correspondents are held sacred in newspaper offices, particularly when to give them would subject the persons to dangerous assault or serious annoyance.

From the tone of the hum heard in the valley it would hardly be safe to disclose the identity of this correspondent.

Certain young men claim that it is a serious reflection on the boys of the town, and especially when it is generally known that the average Sewickleyan believes that it is nice, having tried it and found it to be so.

Some of the young ladies want to get on his trail with a view to convincing him by practical methods so that he will no longer be in doubt concerning the matter.

Thus it would seem that the young fellow stands in danger of a body-beating, or of being kissed nearly to death, should we give him away.

To do so would be rather mean, don't you think, particularly after his asking a perfectly innocent question in a perfectly innocent manner?

No indeed, it wouldn't be right. Nor will it be of any use to pump or quiz, nor to mention names with the hope of getting either affirmative or negative answers. Any young man can easily satisfy any young woman that he is not the fellow.

And any young woman can readily find out whether her fellow is the guilty man or not. It is not necessary to go into details concerning the manner of procedure in test cases. You know how.

* * *

Dear Quiet Observer—Your remark in Tuesday's issue that anyone should know whether it is nice for young men to kiss young ladies left the question unsettled.

Therefore, as this is a question that should be settled immediately, for good, and forever, I would suggest that you hand down an opinion and set at rest the minds of this country's youths. The future of the country depends upon your decision, inasmuch as it depends upon the young man; and the young man is worrying himself into premature old age over this subject. I beseech you, Dear Quiet Observer, to hasten your decision and save the country.

You will, no doubt, need a lot of evidence to decide this question, and as material things count for most, would suggest that the young ladies furnish this. Not that I wish you to become a veritable Hobson, but you must be in a position to decide whether it is really nice or not.

Then, as a further aid, you might appoint a committee of several young men to investigate thoroughly and report in detail their experiences as well as their opinions. Also an occasional opinion from your readers might be valuable. However, the opinion of the young ladies is easily anticipated and may not be necessary at all; but the "Bachelor Girl" must be heard and fully considered.

Hoping you will act upon these few suggestions and set at rest not only the mind of the verdant Sewickley youth, but many others who fear they are not nice, I am,

Rices Landing, Pa. I. M. C.

Of course this young man knows all that he wants to know about it, being a resident of Greene county. He is, therefore, disinterested, except so far as the general welfare of the young men of the country is concerned.

An opinion from Rices Landing would be looked upon as "an opinion as is an opinion," and if our correspondent will proceed to opine in the case it will be taken as the Greene county opinion, subject to acceptations by the ladies.

You can go into Waynesburg, the capital of the county, and get opinions on any moral or social question whatsoever. Being somewhat isolated, and not having much else to do but to count their money, the people have time to discuss morals and religion, and to formulate opinions. When you hear from Greene you will hear the conclusion of the whole matter.

* * *

Dear Quiet Observer—I notice a remark made by a teacher in your column of today, that I cannot allow to pass unchallenged. Talking about the bad habit of swearing she says:

"Profanity is worse than theft or arson or murder, for these crimes are attacks on humanity while swearing is an attack on God." A remark of this sort by a teacher, one to whom we entrust the bringing up and character-building of our children, in my opinion is a very ill omen, and makes the heart of progressive men and women tremble with fear for the future of our grand institution called the public school, lest this noble instrument which fills the heart of every American with pride be perverted into a handmaid of the church, a union which has always resulted most unhappily in every country tried. France can furnish us a striking illustration.

Of course, I don't want to be misunderstood that I am in favor of swearing. On the contrary nobody detests the obnoxious habit of swearing more than I do, and nothing makes me feel so disgusted as to hear a person using profane language, but to say that it's worse than murder, because it's an attack on God, and that by a teacher, is more than my mental stomach can digest.

When a teacher in our public schools is more zealous of the interests of God than those of our nation, then there surely is great occasion for alarm, lest in the near future our country will become a theocracy instead of a democratic republic.

There may be many who will smile at my prediction and will call me a calamity-howler. I'll advise all such to investigate the teachings of today in our public schools. Let them study the spirit of religion that teachers try to implant in the heart of our youngsters and then let them smile if they wish.

H. M. PEARL.

Heidelberg, Pa.

* * *

It was hardly to be expected that our teacher correspondent from Butler would escape criticism on account of placing the sin of swearing before that of murder, and of lying. For the latter she seemed to think there was some excuse, which would be good news to some people.

Unless there are degrees of sin, which is doubtful, one sin is as bad for the sinner as another.

If right is right then wrong is wrong, and whatever is wrong is sinful. And doesn't the Master say that to violate one law is to be guilty of the whole?

As long as you are within the lines of right, you are safe, but when you step beyond it you are not safe. And so sharply is the line between right and wrong defined that you can't be on both sides at the same time, but are either right or wrong all the time.

It is wrong to swear, as you very well know. Therefore, you can't swear and be right at the same time.

Think it over for yourself.

* * *

Mr. Quiet Observer—For the edification of demoralized humanity will "A Bachelor-Girl Typewriter" kindly state objections to "a nice young man" asking a young lady to accompany him to Highland park, and suggest a more suitable place in which to secure a few hours of pure air and recreation?

In our opinion, anyone who has so far outgrown the appreciation of the beauties of nature in Highland park that they cannot conceive of any reason for refined persons of either sex, and any age, wishing to visit the place, has pretty nearly reached the stage of Oslerization.

TALKED OF IN GOTHAM

By FRANK A. PARKER.

[By Private Wire to The Gazette.]

NEW YORK, Aug. 4.—This is Russel Sage's birthday. The famous financier is 89 years old and visited his office at 21 Nassau street, just as he has done with only one exception on every birthday for very many years. As a matter of fact, Mr. Sage never takes a holiday on his natal day. "I've always been lucky on my birthday," is a byword with him. A downpour of rain kept him uptown on his birthday last year, and that fact is still a matter of grief to the aged man.

Letters of congratulation from friends and business associates of Mr. Sage began to arrive at the office yesterday afternoon, and his desk was piled high with them today. Notwithstanding his advanced age, Mr. Sage is still a familiar figure in Nassau street. He was confined to his home by a severe illness during the winter, and it was only about 15 days ago that he emerged from his retirement and went downtown to earn his fee at a directors' meeting of the Western Union Telegraph Company. Mr. Sage since then has been at his office twice and sometimes three times a week. Clad in a light summer suit, he carries himself as though he were a man of 50 years. Among the few changes he has made in his life from his old business habits is his abandonment of the elevated railway in going downtown. He now drives down in a carriage.

E. B. Wesley, founder of the Union Trust Company, 95 years old, was one of the first to congratulate his friend. "I am glad to see you looking so much better than you did on your last birthday," said Mr. Wesley. Then he added, chuckling: "Keep on my boy, and you will live to be an old man yet."

Seeks Summer Home in America.

F. H. Inman, head of a chemical manufacturing firm of Manchester, England, intends residing on this side of the Atlantic in future during the summer season. "I want a good sized cottage in Newport, if possible, with a few acres of ground attached," he said. "I have visited Newport many times, and I am much taken with the social gaiety of the place and its fine scenery and healthy atmosphere. Of course, there are hundred just as good resorts in England, but the change for my family will be a thorough one, and I have found, too, that it would not cost me so very much more to keep a cottage here than it costs to maintain one in any of the fashionable summer resorts in England."

Little Candidate for Hero Medal.

Elizabeth Riley, 11 years old, is a candidate today for a Carnegie medal. The little girl saved two lives in a fire that destroyed the dry dock and spar yards of Joel Brown, and a portion of the Theodore Smith's Sons' boiler plant in Jersey City last evening. The girl was wheeling an infant in the machine yards and she had only time to catch up the baby and run with it. Then she remembered that in the room above the office Mrs. Mallquist, the mother of the infant, was asleep.

The little heroine made her way back through the smoke. She awakened Mrs. Mallquist and led the bewildered woman to safety.

No. He Didn't Want Much.

Demanding $750,000,000 with which to pay the prospective Russian war indemnity, a neat, cleanly-dressed, and harmless-looking middle-aged man created a lot of amusement in the ground floor corridor of the New York Life Insurance Company building this morning. He landed finally in the Bellevue hospital psychopathic ward. The man visited the building yesterday at the same time and demanded a million dollars. One of the special officers told him to come back today and get the money. No one supposed he would return, but he did, and with the same earnest air. Today, however, his demands had multiplied 750 times and his object was to help Russia square up with the Japanese.

Harlem Stirred by Smallpox Scare.

Western Harlem has a smallpox scare. Inspectors from the board of health visited all the stores and dwellings in One Hundred and Twenty-fourth and One Hundred and Twenty-fifth streets, between Seventh and Eighth avenues today, advising the occupants to be vaccinated immediately, because of the removal yesterday from the negro tenement of two virulent cases of smallpox. The board of health has shown in recent years that there is little difficulty in controlling a smallpox outbreak.

PICKED UP IN LOBBIES

Monuments for Antietam Soldiers.

Brig. Gen. John A. Wiley of the Second brigade, N. G. P., came into Pittsburgh yesterday, visited some of his friends and left last evening for Philadelphia. He will meet today with Judge Robert M. Henderson of Carlisle, Pa., and Col. Alexander F. Nichols of Philadelphia to take action toward the erection of monuments to the Third, Fourth, Seventh and Eighth regiments of the Second brigade in the Pennsylvania reserve division of the volunteer corps in the war of the rebellion. The monuments are to be erected on the Antietam battlefield. The Eighth regiment was composed of men from the Pittsburgh district. The late George S. Hayes of Washington, Pa., was a colonel of this regiment, while Gen. S. M. Barclay of Uniontown was another colonel. The only two officers now known to be living in Pittsburgh are Lieut. John Steele, who was recently retired from the position of assistant chief of the Pittsburgh bureau of fire, and Lieut. John A. Diebold of Allegheny.

"This will be the first meeting of the commission," said Gen. Wiley, after he had gone from the Seventh Avenue hotel to the Union station last evening, referring to his meeting with Judge Henderson and Col. Nichols, "and we shall take no definite action further than to appoint a committee from the survivors of each of the four regiments. These committees, in conjunction with the commission, will decide on the style and character of the monuments to be erected. The appropriation of $2,500 for a monument for each regiment at Antietam was made by the state legislature last winter.

"It was thought when the monuments were erected at Gettysburg three years ago that all the Pennsylvania regiments had been engaged in the struggle at that noted battle, but it has been found that only two brigades were there, while the Third, Fourth, Seventh and Eighth regiments of the Second brigade were at Antietam. It is, therefore, appropriate that monuments should be erected at the latter place."

Gen. Wiley will go from Philadelphia to Mt. Gretna to be present next week at the annual team shooting of the National Guard. When asked what he thought of this year's encampment at Erie, he replied:

"The brigade showed a very marked improvement over former years in every way. The camp was a muddy place at the start, and it looked as though the encampment would be anything but pleasant. Yet I believe that it developed into one of the most enjoyable and best encampments the brigade has ever had."

When an Usher Was an Usher.

"I cannot see why it is that the present-day young men do not endeavor, when they are given a place of responsibility, to equip themselves in the best possible manner for their positions," remarked one of the veterans of the Pennsylvania railroad service in Pittsburgh last evening, as he watched the crowds come and go through the gates at the Union station. His remark was occasioned by seeing one of the younger of the ushers having to go to one of the older men for information that he ought to have had at his tongue's tip.

"Time was when the ushers, and, in fact, all the station force here, could tell almost anything that a passenger might want to know about train movements or connections, even on the foreign lines," he continued. "But it seems such times have passed with the passing generation. There may be some reason for it, but I cannot see it. It is the duty of the station employe to serve the public in a polite manner and to answer reasonable questions regarding the road's service. It is impossible for every man of the force to know the schedule of trains connecting with Pennsylvania railroad trains at such places as Chicago or St. Louis, but it is certainly expected that the ushers and gatemen shall know of the movements, connections, etc., of the divisions terminating at Pittsburgh. Any reasonable question about these divisions should be answered promptly by any employe who is accosted by a passenger. I remember once when a couple of the boys could give all connections between here and San Francisco for morning or evening trains out of Pittsburgh. Perhaps that was an exception, but those fellows took keen delight in seeing who could get and give the information in the best way. They used to question each other and undergo catechising from others regarding almost every conceivable connection or train movement. Then any of the ushers or gatemen could give a passenger accurate directions for a trip. Such should be the case now, and the boys who are entrusted with the care of the Pennsylvania's patrons should be students of time tables and of the local divisions particularly. One of the best educators for the ushers and gatemen or any others who are expected to give information to the public is a trip over the division, or even the whole road, with close attention paid to methods at terminal or junction points."

W. S. GUFFEY COMMENDS THE GAZETTE FOR ITS COURSE IN HUMP CAMPAIGN

The Gazette is in receipt of a letter from Mr. Wesley S. Guffey, senior member of Guffey & Queen, producers of petroleum, in which he commends this paper for its course in the question of the reduction of the hump. Mr. Guffey was the leader of those members of the chamber of commerce who really wanted full and complete information concerning the proposed improvement. His letter to The Gazette follows:

Pittsburgh, Pa., August 4, 1905.

To the Editor of the Gazette:

Sir—It may afford you some satisfaction to know how your course in connection with the recent discussion of the question of the change of grade on the hump has been regarded by the people of the East End. Throughout the Twentieth ward, and, in fact, throughout the whole East End, the policy of your paper on this subject has met with the unanimous approval of the taxpayers, who are not interested in politics, and who view the question only from the standpoint of the general public welfare.

Your news columns furnished the people, from day to day, an impartial statement of the facts, insofar as the facts could be ascertained; and your editorial discussion of the subject was always fair, frank and logical, and always full of practical suggestions.

The Gazette is entitled to great credit for the work it did in enlightening the people upon the really important questions involved in the hump cut, and in thus preventing the people from making a most disastrous blunder. You have done the public a most valuable service; and you are fully entitled to all the praise you are receiving. Respectfully yours,

W. S. GUFFEY.

DR. SALMON ALSO HAD SIDE LINE

Chief of Bureau of Animal Industry Put Money Into Patented Meat Label.

HE ADMITS HIS INTEREST

[BY ASSOCIATED PRESS TO THE GAZETTE.]

WASHINGTON, Aug. 4.—Dr. D. E. Salmon, chief of the bureau of animal industry of the department of agriculture, who has held that office for many years, today admitted he was the business partner of George E. Howard of this city when the gelatine meat label was patented, and also when in June, 1901, the first contract for the label was awarded by the department of agriculture. After the first contract was secured from the department, Dr. Salmon withdrew from his partnership, having, he said, already practically withdrawn before that. His interest in the printing establishment then was appraised.

Dr. Salmon had a talk today with Secretary Wilson, who is investigating a number of matters in the bureaus of his department. Dr. Salmon's partnership with Mr. Howard lasted about six years. After that time the Howard Printing Company, which was thus financed, did a large amount of business with the bureau of animal industry, of which Dr. Salmon was chief, and other bureaus of the department. Dr. Salmon said tonight that when he met Mr. Howard the latter had no money.

Salmon Advanced Funds.

"I advanced the sum necessary to publish The Feather, a poultry journal in which Mr. Howard was interested," said Dr. Salmon. "We continued in the printing business and he became aware of the needs of the department of agriculture for a meat label. Being an ingenious young man, he met the conditions, and the patent was taken out as his invention. I offered suggestions from time to time. I told him what the requirements were. I also urged him to perfect some device, as I did companies that made a business of dealing in tags. We were anxious somebody should be able to furnish a device that would be acceptable."

Dr. Salmon added he had had absolutely no interest in the "meat label," directly or indirectly since July 1, 1901. "The Howard Printing Company, I understand has done printing for the departments in recent years," he said, "but with this I have had nothing to do. Such matters go through the hands of the disbursing officers. It becomes simply a question of who is the lowest bidder."

He Sold a Souvenir.

Mr. Howard today said that in 1901, on the twentieth anniversary of the bureau of animal industry, he had prepared a suitable souvenir for which practically all in the bureau subscribed. It embraced "write-ups" of officials and employes. The cost varied, the prices ranging from $1 to $2 approximately, according to the size of the pictures used.

Secretary Wilson said tonight that Dr. Salmon had explained his connection with the printing company substantially as related by the doctor in his conversation with newspaper men. He also said that Mr. Howard had come to the department bringing with him the books of his firm, and had shown to him that no one in the department had any connection with the company since Dr. Salmon had withdrawn.

Regarding allegations of favoritism to the great packing houses in the assignment of government meat inspectors, Secretary Wilson and Dr. Salmon today expressed the opinion that there had not been any undue discrimination, although conceding there had been more or less complaint from small meat packers because of the department's inability to send meat inspectors to them promptly.

No Vacation for Wilson.

Secretary Wilson has determined not to take his annual vacation during the progress of the investigation he is conducting in the department of agriculture. He had intended to leave Washington on August 1, to accompany Chief Forester Gifford Pinchot on a tour of the western forest reserves. This work will now be left to Mr. Pinchot.

"If any person has any reason to suspect the integrity of any of my employes, now is the time for him to speak." said the secretary today. "I am in the inspecting business now and want to get at the bottom of any rumors or facts that may be brought to the department. I am making inquiries on my own hook, but at the same time I will bring the searchlight to bear on any employes whose actions may be the subject of the suspicions of outsiders."

Didn't Get His Salary.

Mrs. John Hyde, wife of the former chief of the bureau of statistics, who is now in Europe, visited the department today in an effort to collect the salary due her husband. She was told the bureau was under investigation by the department of justice and the amount due her husband would have to be withheld until this investigation had been concluded.

No word has been received from Hyde since his cablegram to Secretary Wilson saying he would return from Europe "as soon as possible." Mrs. Hyde has learned that her husband is suffering with new carbuncles. He had trouble of this character when he left the United States.

DIRECTOR M'ILVAIN HAS EVOLVED A NEW IDEA

Says He Will Bid on City Contracts and Turn All the Money He Makes on Them Into the City Treasury.

Director E. J. McIlvain of the Allegheny department of public works announces a novel innovation he intends making in regard to city contracts for the laying of several miles of water pipes. He asserts there is a combination among contractors bidding on such work to keep the bids high and thus to compel the city to pay excessively for improvements. His intention is to bid on the work himself, with all other bidders, and to do the work as the director of public works if his bid is the lowest. McIlvain is positive in his declaration that there has been jobbing among certain contractors, and says he is ready to prove it, if necessary.

The International Construction Company was given a contract yesterday for the installation of a new manifold system at the Montrose pumping station, the bid being $56,600. The next lowest bidder was $74,000. This, McIlvain says, proves his statement regarding the combination. The work on which McIlvain purposes bidding will be the laying of water lines under Madison and Perrysville avenues, Main, Sycamore and East streets. In speaking of his new idea he said last night:

"I readvertised for bids today in the daily papers for the laying of water pipes on Madison and Perrysville avenues and Main, Sycamore and East Lacock streets, and for raising the roof of the Howard street pumping station 10 feet. Bids were opened for these contracts this week, but they were all too high so we readvertised for bids on them. I will not bid on the raising of the roof of the Howard street pumping station, for I believe the estimate of the cost of that job is too low. In regard to the water line contracts, I am satisfied there is a combine existing to keep the bids away up and for that reason, after consulting the city's and my own attorney, I have decided to bid on those contracts myself, believing I can save the city a big lot of money. I shall bid as the director of the department of public works and if I am the lowest bidder I want President F. J. Torrance of select council; President Samuel McElroy of common council; Chairman Morris Einstein of the committee on finance, and Chairman John T. Bealor of the committee on public works to be my bondsmen. Mr. McElroy and Mr. Einstein have consented to go on my bond. The other two I have not seen yet, but I think they will do so.

"If I get the contracts and I make any money on them, every cent of it will go into the city treasury to the credit of the bureau of highways and sewers. There may be a big howl over this action of mine, but I do not care so long as I am right and can save the city money."

Mayor Wyman and Director McIlvain of Allegheny have awarded the contract for the installation of a manifold system at the Montrose pumping station to the International Construction Company, of which Director McIlvain's son is the secretary. When asked yesterday if he did not think that his doing business with a company in which his son was interested was not similar to the transactions of the McNichol Brothers in Philadelphia, McIlvain said:

"The bid of the International Company was almost $18,000 below the next lowest bidder, and for this reason alone the International should get the job. There have been attempts at jobbing among contractors in Allegheny who would like to rob the city, and I have evidence to prove this assertion. The fact that my son is connected with the company should make no difference when his company can do the work so much cheaper than others will."

FOLLOW THIEVES WITH HUE AND CRY

Men Who Attempt Robbery of Meat Market Chased Through Downtown Streets.

FIREMEN MAKE THE CAPTURE

After being chased by a crowd of 200 men, women and boys, William Blizzard of Youngstown and John Stewart of 2501 Webster avenue were arrested yesterday afternoon at Seventh avenue and Grant street for attempting, it is said, to rob Gionania Sebaston's butcher shop at 1005 Bedford avenue. The men were stopped by James Duffy and Albert Foster of No. 3 engine company and taken to Central station.

About 2 o'clock Stewart entered the butcher shop and engaged S. Valterara, an employe, in a conversation about meat. Valterara was standing in front of the ice box and Stewart threw his arms about him and attempted to shove him into the refrigerator. While the men were struggling Blizzard slipped into the store from the rear and attempted to open the cash register. Valterara called for assistance, and the men fled without getting anything.

Valterara ran after them. The street was crowded at the time and a number of men, women and boys took up the chase. Blizzard had a piece of iron pipe under his coat which the crowd thought was a revolver. They were apprehensive about closing in on him. At Seventh avenue and Grant street Firemen Duffy and Foster appeared. Duffy caught Blizzard, but Foster had to chase Stewart farther, finally running him down in Seventh avenue, near the boulevard.

When Blizzard was caught an Italian woman ran up and started to converse with the fugitive in an excited manner. Fireman Duffy thought she was implicated and took her along to the station house. The woman explained her presence by saying she had followed the crowd and was upbraiding Blizzard for attempting to rob the store. She was released.

NEW WAGE SCALE HIGHER.

Window Glass Cutters and Flatteners Profit by Atlantic City Basis.

The terms of the new wage scale formed at the Atlantic City conference for window glass cutters and fasteners were announced yesterday. The scale provides for a 12-month fire, beginning September 1. The cutters are to be paid 22 cents a box for single strength glass and 29 cents for double strength. For sheets set out half price is to be paid. All restrictions as to amount of work to be done are eliminated. The new scale is estimated to mean an advance of about 4 per cent over the wages paid during the last fire.

Under the new scale the flatteners receive practically the same pay as in the last fire, except for flattening A and AA glass, for which they will receive an advance of 10 per cent.

UNITED PRESBYTERIANS HOLD A GREAT REUNION

Three States Send an Attendance of 12,000 to New Rock Point for Revival of the Old Annual Outing.

United Presbyterians, large and small, with their friends, to the number of 12,000, held at Rock Point park yesterday the second largest picnic in the entire history of the big amusement resort. The only excursion exceeding it in number, is said to have been a Grand Army reunion in the early 90s, when 13,500 people took possession of the day.

The event proved a greater success even than had been anticipated. Those who recalled the old reunions at Idlewild, of which the New Rock Point outing is a revival, had hardly expected that in the first year of the revival so representative a crowd of the members of the church would gather from every part of Western Pennsylvania, Eastern Ohio and parts of West Virginia. About 300 congregations were represented. Scores of ministers were present.

The outing had the advantage of being under the direction of the Rev. Charles H. Marshall, pastor of the Buena Vista church, who was the active manager of the old Idlewild outings. Mr. Marshall was the recipient of many congratulations on the success he had made of his work of many months in preparation for the day.

Even the weather man gave the outing his favor. The clouds, which were in evidence throughout the day, served only to shade the people from the too fierce rays of the sun, and to render the day the more enjoyable.

That the facilities of the park would be great enough to handle such a crowd was proved yesterday, even if President James G. Sansom of the park company found it advisable to strip off his coat and help load the struggling mass of humanity into the toboggan cars, and Charles Montgomery, manager and treasurer of the company, became for the time the general superintendent of the miniature railroad, operating hundreds of runs without the slightest accident. The railroad, which curves among the picturesque dales of the park, has been rebuilt under the direction of Pennsylvania lines engineers, with the most perfect of grading, alignment and ballast.

The auditorium and the athletic fields were the two centers of the most interest yesterday, forgetting for a moment the tables which bore their heavy burdens of picnic dainties. The exercises at the auditorium were under the direction of the Rev. Dr. R. G. Ferguson, president of Westminster college, New Wilmington. The opening prayer was delivered by the Rev. Dr. J. G. Kennedy, pastor of the Fifth church, Allegheny. Dr. A. A. Willits spoke with great success upon "The Gospel of Sunshine." The musical portion of the program was rendered by the Amphion male quartet of Pittsburgh, composed of J. C. Whitfield, Frank J. Neely, George S. Boyd and A. S. Cowperthwaite.

The spacious athletic grounds of the park were kept busy morning and afternoon by numerous events. A tennis tournament took the attention of the devotees of that game. In the forenoon the United Presbyterian baseball team of Etna and the Pittsburgh Plate Glass team of Tarentum met, the latter winning by a score of 7 to 6. In the afternoon the winner met a team selected by Prof. D. L. McBride, including several college stars. The McBride team won by a score of 5 to 1.

The track and field events were in charge of George H. McClelland. Roland Deevers again showed his prowess by winning the running broad jump. Elder Marshall of Wilkinsburg captured the prize in the mile race, and Hugh Lambie of Pittsburgh won the pole vault. The entertainment features concluded with a display of daylight fireworks.

SMALL DOG SPREADS TERROR IN STREETS

Bites Two Young Children and Aged Woman—Killed by a Policeman.

A small dog spread terror in Lawrenceville streets yesterday afternoon, and before a policeman ended its mad career it had bitten three persons and a half dozen other dogs. It first attacked a woman at Liberty avenue and Thirty-third street, but she drove it off by a vigorous use of her umbrella. It ran out Liberty avenue and up Thirty-fifth street to the grocery store of Frank Noviski, which emptied of customers at the approach of the dog.

The dog ran down Butler street, scattering the crowd as it went, and made its way back to Thirty-third street again, where it attacked Irene Lockert, aged 9, and her brother William, aged 5.

It bit the girl on the right arm and the boy on the right cheek, right arm and left leg. Mrs. Nancy Voct, aged 79, was standing nearby, and after chasing her the dog bit her on the right hand. The brute then ran back to Thirty-fifth street, biting several dogs along the way, and at Butler and Thirty-fourth street it tackled Officer M. A. Carroll, fastening its teeth in the policeman's trousers. He knocked its hold loose with his mace and finished its life with two bullets from his revolver.

The Lockert children live at 2946 Liberty avenue and Mrs. Voct at 230 Cedar street. The two children will be taken to the Magee pathological institute today. The dogs bitten were tied up and are to be given over to the dog wagon today.

NIXON RESTAURANT IS DISPOSED OF FOR $55,000

George Schmidt Purchases the Popular Resort from Raubitschek & Conant. License Is Included.

The Nixon restaurant in Sixth avenue changed hands yesterday, George Schmidt having bought it through the John K. Ewing Company for $55,000. The deal includes the restaurant and bar fixtures, which are among the finest in the city, the cafe and the license. As soon as the license can be transferred and a few other details can be completed, Mr. Schmidt will take active charge of the place.

Mr. Schmidt secured the restaurant from Raubitschek & Conant, who leased it for 10 years when the Nixon building was completed two years ago. Their lease had a clause providing for a 10 years' further privilege, which goes with this purchase. In addition to the bar and two large dining rooms on the first floor there is a large lunch room on the second floor, and what is generally considered the finest kitchen in the city.

Since its opening the Nixon has been managed by J. W. Conant, formerly manager of the Duquesne Gardens. Mr. Schmidt was for a long time steward of the Monongahela club, and last spring took charge of the Hotel Lincoln, after its purchase by A. L. Richmond, Jr. It is rumored Mr. Richmond is interested with him in the present deal, but this could not be confirmed yesterday. Mr. Schmidt, it is said, will live at the Hotel Lincoln and manage both places this year.

CONGRATULATE AGED PASTOR.

Many Friends Remember 36th Anniversary of Father Lambing's Ordination.

The Rev. Father A. A. Lambing, the venerable pastor of St. James' Roman Catholic church, Wilkinsburg, celebrated the thirty-sixth anniversary of his ordination to the priesthood yesterday. The clergyman spent the day in the quiet of his study, where he received the congratulations of his numerous friends among the clergy and laity.

Father Lambing spent an hour last night among his parishoners at the lawn fete being held for the benefit of the church, where his personality inspired the 1,500 persons present with enthusiasm seldom witnessed by a pastor of a flock. In October the Rev. Father Lambing will celebrate his 20th year as pastor of St. James' church.

UNKNOWN MAN DIES AT THE ALLEGHENY GENERAL

An unknown man, who was driving a wagon for the John A. Mieghan Foundry Company, died last night at the Allegheny General hospital of concussion of the brain. The man fell from his wagon yesterday afternoon at Grant and South avenues, Allegheny, and was taken to the hospital in an unconscious condition. He never regained consciousness. The firm for whom he worked was notified, but neither the police nor the hospital authorities were communicated with and there was nothing about the man's clothes that would reveal his identity.

LAVISH PROMISES TO SECURE VOTES

Wagers Are Made Over Director Bigelow's Pledges to Residents of the East End.

SOUTH SIDE HAS GRIEVANCE

In making ante-election promises to the residents of the Twentieth ward, Director Bigelow has unthinkingly aroused additional resentment against himself and the city administration on the South Side by promising the Twentieth ward people that the big 50-inch main, being laid to carry filtered water to the South Side, will be tapped in the spring to supply the shortage in the Twentieth ward.

South Side councilmen are ready to make a protest, but an investigation shows the scheme is hardly practicable and is framed merely to win votes in the East End for the Citizens party ticket this fall. The big 50-inch main, which is now being laid along Negley avenue toward the South Side, will not be completed next spring, and can not be put into operation until it is attached to distributing pipes on the South Side.

The distributing pipes on the South Side are owned and controlled by the Monongahela Water company and this company's contract with the city does not expire until December 22, 1906, a year and a half hence. Proceedings may then be instituted by the city to get possession of the plant and these proceedings, which require an appraisement by court viewers, would entail considerable additional time.

Playing an Old Trick.

Until the main is in use to supply the South Side it can not be tapped at any point. It is intended to use the new main when the filter plant is completed. Director Bigelow has promised the Twentieth ward people that he will spend $200,000 in the ward for water extension in the spring, and that the money will be provided in the appropriations of next year, but it has always been a trick of the present city administration to make lavish promises and then to hold the appropriations off until past the February election and then revise them without regard to past promises.

To placate the Twentieth warders and to prevent an uprising against the administration on the eve of the county election in the fall, Director Bigelow has promised that the residents in the Baum Grove district, near Penn and Winebiddle avenues, shall have relief from the present shortage of water within 30 days from last Monday. The director proposes to do this by making a short extension from the 36-inch mains in Negley and Friendship avenues. He claims that this will cost about $25,000 and that the money will be taken out of the regular appropriation for the water bureau of this year.

Several Wagers Made.

So general is the distrust of the administration that not even is this definite promise believed by many residents of the Twentieth ward. On last Monday, when the director made the promise to the committee from the Twentieth ward that called on him, several bets were made that the promise would not be kept.

"I know of several wagers that were made," said Charles W. Houston, a member of the Twentieth ward committee. "I believe, however, that the Twentieth ward will get relief from the shortage of water but the other wards will have to wait. If the other wards want a better water supply, now is the time for them to act when an election is near at hand. They should get to work and start an agitation until they force the administration to give relief, as we have done."

SIX BOYS CAUGHT IN POLICE NET

One Claims to Be the Champion Sixty-Pound Pugilist of the World.

ADMITS BEING A PICKPOCKET

Pittsburgh policemen arrested six alleged precocious criminals yesterday. Three of these said to be pickpockets, are Harry Levy, aged 10, of Cleveland, who claims to be the champion 60-pound boxer of the world; Jacob Levy alias Morris Cohen, aged 19, and Samuel Brown, aged 19. They have been living at 68 Elm street.

Detectives Cole and Egan first arrested the little boxer while he was attempting to open a lady's pocketbook in a downtown department store. At the station house they learned where he had been stopping and Detective Cole went there to make an investigation. The officer encounterd Levy's brother and Brown. He placed both under arrest, but Brown got away. Later in the evening Detectives Riley and Crooks found Brown and took him to the station house.

Although tender in years the younger Levy is possessed of a cunning and shrewd nature. He first told Supt. McQuaide that he lived in Elm street with his parents and seldom went out, as his parents had a private tutor to instruct him. The boy was tanned as brown as a Japanese. McQuaide took the boy's hand, and rolling his coat sleeve back, asked the boy to explain why the skin on his hand was brown and his wrist white if he remained in the house all the time. The boy then confessed being a pickpocket, and said he was traveling with his brother and Brown. Forty dollars was found on Brown.

Policemen Herman Wessell, W. D. Marsh and Michael Clifford arrested Andrew Guskey, aged 18; Mike Rockage, aged 10, and Leets Toth, aged 9, of Hazelwood yesterday and locked them up in the Oakland police station. The younger boys are alleged to have broken into the plant of the Pollins Bronze Company, on Burlington street, Soho, Wednesday night, and stolen three pigs of bronze, weighing 200 pounds, which they disposed of to a junk dealer it is claimed, with Guskey's aid. The police are on the lookout for the junk dealer and he will probably be arrested today.

Japan Plans to Send Away All Prisoners in Penal Colony on Sakhalin.

WASHINGTON, Aug. 4.—From an authoritative source it is ascertained that the Japanese government has determined on certain fundamental principles for the treatment of the Russian residents of Sakhalin island, which has been occupied by the Japanese. The island has been used for some time by the Russian government as a penal colony. It is said here there are between 20,000 and 30,000 Russians there.

According to the determination reached by the Japanese government all prisoners, except those confined on the island for political offenses, are to be deported to Russian territory. The political prisoners who desire to emigrate to foreign territory will be allowed to do so by special permission. The Japanese government will assume that all those persons except those who are to be deported, are citizens of the island, and will be allowed the privilege of declaring their allegiance to Japan.

TWO NEGROES LYNCHED.

One of Them Had Helped to Assassinate a City Convict Guard in a Mississippi Town.

HATTIESBURG, MISS., Aug. 4.—J. G. Smith, city convict guard, was assassinated this morning by two negroes of his gang, William Horn and "Kid" George. George was captured, together with Ed. Lewis, alias Brock, who had struck the shackles from the murderers.

They were placed in the city jail, after Brock had been futilely whipped to force him to tell where Horn had gone. Tonight a mob quietly took the two negroes from jail and hanged them to a bridge in the glare of an electric light.

GROVE CITY ANNUAL BIBLE CONFERENCE IN SESSION

Noted Bible Students from All Parts of the Country and Beyond the Sea Are Taking Part.

[SPECIAL TELEGRAM TO THE GAZETTE.]

GROVE CITY, PA., Aug. 4.—The ninth annual session of the Grove City Bible conference opened last night when an audience which overflowed the Presbyterian church was present to hear the opening sermon.

In with a half-hour's praise service conducted by Prof. Benjamin F. Butts of Fort Dodge, Ia., a number of prominent divines participated, including S. A. Hunter, D. D., LL. D.; the Rev. David Gregg, D. D., LL. D., of Pittsburgh; the Rev. Cornelius Wolfkin, D. D., LL. D., of Brooklyn; the Rev. Dr. J. M. Mealy of Waynesburg. The opening sermon was preached by the Rev. Dr. James Denny of the New Free church college, Glasgow, Scotland.

The regular work of the conference began today with devotional exercises and an Old Testament Scripture exposition by the Rev. Dr. James M. Gray of Boston, Mass. The Rev. Dr. Cornelius Wolfkin, pastor of the Green Avenue Baptist church, Brooklyn, delivered the first lecture, a general introduction to the New Testament. Prof. Matthew Brown Riddle, D. D., LL. D., of the Western Theological seminary, lectured upon Romans and the Rev. David Gregg, D. D., LL. D., of the same institution, upon the Gospel of Luke.

"Sabbath School Pedagogics" was the subject of the Rev. James A. Worden, D. D., LL. D., superintendent of Sabbath school and mission work, Philadelphia, while the Rev. Francis L. Patton, D. D., LL. D., president of the Princeton Theological seminary, lectured upon Bible philosophy.

In the afternoon Drs. Wolfkin, Gray and Riddle of Allegheny, conducted a class in sacred oratory, and Miss Jessie Arbuckle of Brooklyn, conducted a children's class in Bible study.

This evening a conference upon Christian life and work was held by Dr. Gray, and the ideas of many of the visiting clergymen and laymen were advanced. This was followed by the usual evening praise service and a sermon by Dr. David Gregg of Allegheny.

MAN SHOOTS FATHER-IN-LAW.

Mistakes Him for a Burglar and Charge Tears Off Old Man's Arm.

CANAL DOVER, O., Aug. 4.—(Special.)—John Kratz, aged 77, was shot and perhaps fatally injured by George Ashbaugh, his son-in-law at the home of the latter in New Philadelphia, at an early hour this morning. On several occasions recently burglars attempted to gain an entrance to Mr. Ashbaugh's residence. When the latter retired last night he placed a loaded shotgun near his bed.

Kratz, who boarded with the Ashbaugh family, had been in the habit of walking in the yard after night. The younger man awoke in the early morning, and seeing someone walking toward the door of the house, fired one charge from the shotgun. The shot struck the aged man, tearing off the left arm and some shot entered his body. Ashbaugh gave himself up to the police.

WILL MOVE TUBE PLANT.

Mill at Joliet, Ill., is to Be Added to National Tube Works at Lorain, O.

LORAIN, O., Aug. 4.—Confirmation of the report current recently to the effect that the Joliet, Ill., plant of the National Tube Company would be moved to this city, was made today, with the announcement that the change had practically been decided upon. The plant will remove here in a short time. Already houses are being engaged here for heads of departments.

The addition of the Joliet plant to the Lorain plant will mean an increase of 800 men, and an added investment of $1,000,000.

River Fireman Drowns.

BROWNSVILLE, PA., Aug. 4.—(Special.)—John N. Carpenter, aged 34, a fireman on the towboat John F. Klein, of Pittsburgh, fell into the river at Lock No. 5 today and was drowned. The Klein was towing the barge Beauty, with a large Sunday school excursion on board. Carpenter's body was found and brought here for burial.

Wire Plant Closes for Repairs.

SHARON, PA., Aug. 4.—(Special.)—For the purpose of making extensive improvements in the location of the machinery and for the installation of an interior trolley line to handle the stock the big plant of the American Steel & Wire Company at South Sharon has been closed and will be idle for several weeks.

DIET OF WIRE PROVES FATAL FOR WALLACE

Inmate of Norristown Asylum Swallows Thirty-Eight Feet of It and Dies.

[SPECIAL TELEGRAM TO THE GAZETTE.]

NORRISTOWN, PA., Aug. 4.—Frank Wallace, an inmate of the state Hospital for the Insane, ended his life by swallowing 38 feet of wire, which was found in two sections in his stomach when an autopsy was made to disclose the cause of death.

The unusual case was reported to the trustees today. Wallace, who was 24 years old, was transferred here eight months ago from the Philadelphia county prison. He suffered from delusions and when he told his caretakers this week that he was full of wire, the matter was regarded as improbable by the physicians.

The autopsy revealed one piece of wire, three feet long, rolled in a ball. The other was 35 feet 3 inches long, and was partly rolled in a ball. Twelve feet of this piece had unwound itself and had worked and pierced its way through the intestines, tearing them, causing peritonitis. With this mass of wire was found in the stomach, a piece of broom straw, four inches long. This is the oddest case in the history of the hospital, and the 4 years' experience of Dr. D. D. Richardson.

The wire was the kind in use in hanging pictures, and Dr. Richardson thinks Wallace obtained it while out taking exercise with the other patients.

WANTS TO RESTRAIN ERIE.

Sinking Fund Agents Say Contract for Intake Pipe Work Has Been Let Illegally.

LANCASTER, PA., Aug. 4.—(Special.)—Charles P. Hughes, for two of the sinking fund commissioners of the city of Erie, appeared before Justice Brown of the supreme court today and applied for an injunction restraining the water commissioners of that city from proceeding with their contract with the T. A. Gillespie Company of Pittsburgh, for the extension of the pumping main, which supplies Erie with water from the lake.

Judge Walling of the Erie courts had refused a writ to stop the construction of the pipe, and the extraordinary resort was made to the supreme court for that reason. It is contended that the commissioners were proceeding without warrant of law, no moneys having been appropriated by the city councils. Congressman Samuel A. Davenport appeared in behalf of the water commissioners and contended that the commission was vested with power independent of the legislative body of the city and acting within its vested rights, and that the present pollution of the water supply necessitated action which had been taken. There was no allegations of fraud or misconduct. The decision will be filed Monday with the prothonotary of the supreme court.

FEARS CRIMINAL CHARGE, THEREFORE HANGS HIMSELF

WARREN, PA., Aug. 4.—(Special.)—Fearing prosecution by the government because of being implicated in a lottery, Ambrose Giegerich, aged 62 years, a barber of this place, committed suicide this afternoon by hanging himself in a barn. Several weeks ago Giegerich was called to Chicago to testify in a lottery case, during which, it is asserted, he incriminated himself.

COMMITS SUICIDE AT FAMILY REUNION

ERIE, PA., Aug. 4.—(Special.)—John Hough, aged 62 years, a wealthy and well-known farmer, who since he retired from active life has been living in Erie, committed suicide while attending a family reunion at Franklin Corners last night. It is not known what caused him to take his life. His widow and a large family survive.

Shaffer and Hill Reunion.

NEW CASTLE, PA., Aug. 4.—The annual reunion of the Shaffer and Hill families was held yesterday at the home of Elmer Shaffer, eight miles west of here. The following were the officers elected: President, William H. Hill of New Castle; vice president, Elmer Shaffer; secretary, Mrs. S. L. Young of New Castle; treasurer, Mrs. Harvey Sipe of North Beaver township.

Aged Recluse Found Dead.

CONNELLSVILLE, PA., Aug. 4.—(Special.)—John Carr, aged 84, reputed to be the oldest resident of Perry township, was found dead at his home, where he lived alone, last evening. The deceased was born and reared in Perry township. He was never married and had lived alone on his farm there for a number of years.

COMMISSIONERS ORDER JUSTICES' COST CUT DOWN

Lawrence County Treasury Will Not Permit Payment of Fees in Clothesline Cases.

[SPECIAL TELEGRAM TO THE GAZETTE.]

NEW CASTLE, PA., Aug. 4.—In order to cut down the huge bills of costs presented by local aldermen to the county commissioners to be paid from the public funds, the latter officers have issued a public statement to all aldermen, notifying them that the costs bills must be cut down.

This order results from the fact that the costs drawn by aldermen have averaged near the $9,000 mark annually for some years. Hereafter the county commissioners will not pay costs in assault and disorderly conduct cases, in larceny by bailee cases where the amount is less than $10, where the cases are of a petty nature or made by foreigners living outside of the city.

No costs will be paid upon dismissed cases of assault and battery, larceny by bailee, false pretense, boarding house bill cases, etc. Interpreter fees will only be allowed in cases where felonies are charged, and hereafter fees will only be paid to certain recognized interpreters who are named. The commissioners demand that quarterly statements be made of all fines collected, which must be turned over to the county treasurer.

KILLS THREE IN ONE RUN.

Guyandotte Valley Train Runs Down Four Men, and Only One Escapes Death.

HUNTINGTON, W. VA., Aug. 4.—The Guyandotte Valley passenger train today, had an unlucky run from Logan, killing three men and injuring another. Frank Atkins was struck and killed by the train shortly after it left Logan. Atkin's companion was seriously injured.

John Ashan, an old man, was killed as the train reached Barboursville. He stood on the track in front of the train, thinking that it ran on another track. While the locomotive was going to the roundhouse in Huntington, George Zirkle was struck and killed.

TRAVELING FOR A FORTUNE.

Neighbor of "The Jucklins" Is Bound for Buffalo in Old Covered Wagon to Collect Inheritance.

BELLEFONTAINE, O., Aug. 4.—(Special.)—Expecting that when they reach Buffalo they will acquire a fortune, F. C. Jackson and his family of wife and three children, passed through Bellefontaine in an old covered wagon, by which means they have traveled from Nashville, Tenn., where their home had been.

Jackson says he received information that a relative had died in England who had left money for him that he could get by going to Buffalo. He at once abandoned his farm and commenced the journey.

NEGRO, 125 YEARS OLD, ARRESTED FOR DRUNKENNESS

FAIRMONT, W. VA., Aug. 4.—(Special.)—"Banjo Jim," a negro who claims to be 125 years old was arrested for drunkenness Wednesday. He could not pay his fine, and volunteered to work on the streets. While working today some one stole his coat which he had hung up on a fence. Now he wants $7 damages from the city.

FEAR OF DENTIST'S CHAIR HASTENS HER DEATH

ALTOONA, Aug. 4.—(Special.)—Miss Cora Fornwall, aged 22, of this city, suffered a nervous collapse here last night, the result of severe toothache. She became so nervous in the dentist's chair that work had to be stopped on her teeth. Her condition became critical this morning, and before a physician could be summoned she was dead.

Councilman Hallam Denies Charges.

WASHINGTON, PA., Aug. 4.—(Special.)—George T. Hallam, a member of Washington council from the Third ward, today filed his answer to the proceedings brought to oust him from council. Hallam denies that he is a member of the Hallam Construction Company doing contract work for the borough, and that he is not now nor never has been doing work for this company except as a salaried employe.

C. S. Hoyt Succeeds Henry Robinson.

SHARON, PA., Aug. 4.—(Special.)—Maj. Alexander McDowell, clerk of the national house of representatives, announced today that the successor to the late Henry Robinson of Mercer, disbursing clerk of the house, will be Charles S. Hoyt of New York. Mr. Hoyt has been Mr. Robinson's assistant for several years past.

Big Gasser in Roan County, W. Va.

CHARLESTON, W. VA., Aug. 4.—(Special.)—A gas well having a production of 10,000,000 feet a day was struck in the Roan county Big Sandy field today. It is owned by a company composed of Secretary of State Sisher, State Senator Joe McDermott and others, and the United States Oil and Gas Company composed of Chicago capitalists.

Ohio Democrats Name Candidates.

MARIETTA, O., Aug. 4.—(Special.)—Democrats of Washington county in convention here today, nominated the following ticket: Representative, George White of Marietta; probate judge, Maj. Jewett Palmer of Marietta; commissioner, Fred A. Schoen of Ludlow; recorder, Ed. Deget of Waterford; coroner, Dr. J. L. Mason of Marietta.

Starts on a Two Years' Task.

LATROBE, PA., Aug. 4.—(Special.)—Work on the new four-track line from Donohoe to Greensburg will be started next Tuesday morning. L. C. Seikler, superintendent of the Columbia Construction Company, stated that the work would require two years. The headquarters will be at Donohoe.

TRICK ELECTRIC CHAIR MAY COST THE LIFE OF AN ALLEGHENY WOMAN

The "trick" electric chair may be the cause of a death. The victim is Mrs. Lamont Merriner of 956 Lamont street, Allegheny. She is in a critical condition.

Mrs. Merriner has been in ill health for some time. Her physician prescribed frequent rides in the trolley cars. Sunday her husband took her to Kennywood park. While at the pleasure resort, rain fell and the couple took refuge in one of the amusement places.

In the shelter there was a "trick" chair, which can be charged with electricity, after the person occupying it has been seated. Mrs. Merriner sat in the chair and some one turned on the electricity. The shock almost caused convulsions and some time elapsed before she could be sufficiently quieted to allow her removal.

When Mrs. Merriner was taken to her home the physician discovered the shock had been so great, digestion had been stopped. A hearty meal eaten shortly before the accident was not digested for 18 hours. While she was slightly improved last night, there is doubt as to her recovery. Mrs. Merriner is 24 years old.

GOVERNMENT GRAFTERS WORKING IN GOLD FIELD

Miners at Nome Threaten Drastic Measures Unless the Washington Authorities Grant Relief.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

SEATTLE, Aug. 4.—Advices received today from Nome by the steamer Ohio say that the people of Nome are up in arms against the government officers and their alleged actions in filing on valuable mining claims.

The Nome Nugget in a long article charges the officers with using illegal methods and taking advantage of their position to possess themselves of many valuable claims, which are obtainable by relocating.

The Nugget prints comparative tables showing the number of claims held by government officers and their relatives or assistants, and also the number held by the leading mining and business men of Nome and its vicinity. Officers of the Ohio report that the people are greatly exercised and talking of taking drastic measures if the authorities at Washington do not investigate the matter.

Gray Hair Banished
One Bottle of Wyeth's Cream of Sage and Sulphur performed a miracle.
My hair was as white as snow when I commenced using Cream of Sage and Sulphur. One bottle restored my hair to its natural dark brown color. As I am now 70 years old, I consider the result most remarkable. It is an agreeable and refreshing hair dressing, keeping the hair soft and glossy, without being in the least greasy or sticky. WM. THE GIANTS ARE AGAIN VICTIMS OF PLUCKY PIRATES

GIANTS AGAIN MEET DEFEAT

Pirates Drive Ames from Box. Hillebrand Weakens and Lynch Shows Up Strong.

BRILLIANT PLAYS MADE

By taking yesterday's game 7 to 5, the Pirates made it two out of three from the Giants. The battle for the final game of the series today promises to be the banner event of the season. Yesterday's game, like all others between these teams, was a strenuous one, and not until the last man was out in the ninth inning was the tension of the spectators relaxed.

Like the game of Thursday, four pitchers were used, each side making a change when it became apparent the opposition was making too free in the batting line. The game was one that abounded in excitement for the 7,980 spectators, and there was something doing in almost every inning. The climax came in the Giants' half of the eighth, with the score 7 to 3 in the Pirates' favor, when for half an hour the suppressed excitement was nerve-racking in the extreme.

Homer Hillebrand, the former Princeton star, had been doing the pitching for the local team, and his work up to the eighth inning was all that could be asked for. During that time he had allowed the Giants but five hits, all of which were bunched, and they resulted in three tallies chalked on the visitors' side of the score cards. In the eighth the little pitcher's arm weakened to such an extent he could not get the ball over the home plate, with the result that the first three batsmen up were given bases on balls.

This was the point where the Giants proceeded to make things lively, and Manager McGraw, who was conducting his side of the battle from the players' bench, resorted to all sorts of maneuvers to keep the Pirates up in the air. The coachers were changed at intervals of every minute, while "Mugsy" kept up a running fire of comment from the bench. At this stage Manager Clarke decided on a change, and Hillebrand gave way to Lynch. The first act of the ex-Brown college man was to hit Dahlen on the back of the neck with the ball and that forced in one run. Another runner got home when Ritchey gathered in a fly in middle field, and that ended the Giants' run-getting, as Lynch got his bearings and the other batters were easy for him.

In the ninth the Giants tried for another rally, and the coachers cut loose again, but Lynch was not to be fooled, and just to show he was proof against their yells, he accomplished the rare feat of striking the side out, his victims being Bowerman, who batted for Taylor; Donlin and McGann, three of the heaviest hitters on the Giants' roll. Of course, the feat was cheered to the echo. Notwithstanding that errors were made on each side, the game was a brilliant one, and these misplays were the result of most difficult chances, and some of the plays were of the most sensational character.

The Giants started with Leon Ames as their twirler, and it looked as though he was going to prove a stumbling block, as he struck out two batsmen—Clarke and Leach—in the first inning. In the second, however, the locals gauged his curves, and after that he was easy, and was replaced by Dummy Taylor after the fifth inning. During the five innings that Ames officiated the Pirates scored seven runs from nine hits, two bases on balls and three errors. Taylor proved more successful, as he held the Pirates to three hits and not a run was scored while he was on duty.

The Giants were the first to get away in the scoring line, getting two over the plate in their half of the second inning. After Dahlen had struck out Devlin drew a base on balls and stole second. Gilbert went out on a foul fly to Brain, but Bresnahan doubled to left, scoring Devlin, and Bresnahan counted on a single by Ames. Bresnahan opened the fifth with a single, was sacrificed to second and scored on a single by Donlin. Their other two runs were obtained in the eighth, when Hillebrand lost control and gave three bases on balls. Not a hit was scored in this inning.

The Pirates evened up the score in their half of the second. Wagner opened the inning with a safe drive to right, and as Browne allowed the ball to get away from him, Hans went all the way to third. Howard beat out an infield bounder, which allowed Wagner to score, and Del got around on singles by Peitz and Hillebrand. Clymer opened the third by reaching first on a fumble by Dahlen and stole second, when Clarke struck out, Bresnahan failing to throw the ball. Clymer scored on a single to left by Wagner. Howard drew a base on balls and tried to score with Wagner on Brain's long single to left, but was out at the plate.

The fifth inning proved the undoing of Ames. Clymer led off with a single, Clarke drew a base on balls and Ames fumbled Leach's attempt for a sacrifice, thus filling the bases. Wagner tried to drive the ball out of the lot, but was out, Devlin to McGann, Clymer scoring. The other runners moved up on the out, and both scored when Howard drove the ball past Dahlen for a single. The Giants ended their troubles with a fast double play, their second of the game. YOUNGSTOWN IS AGAIN VICTOR OVER HOMESTEAD

Armstrong Gets Decision from Osborne. McKeesport Wins at Bellevernon.

[SPECIAL TELEGRAM TO THE GAZETTE.]

YOUNGSTOWN, O., Aug. 4.—Armstrong had the better of a pitchers' battle with Osborne this afternoon and Youngstown won over the Homesteads once more 2 to 1. Two poor throws by Osborne were particularly responsible for the loss of the game, although the men back of him played slow at times and could not locate Armstrong's curves with any effect. Mathay's batting was a feature, and a catch of a vicious line drive by McCloskey was another feature. The score:

BELLEVERNON, PA., Aug. 4.—(Special.)—Bellevernon's misplays were costly today and enabled McKeesport to win out in a hotly contested pitchers' battle. Aside from the pitching the game was featured by the batting of Rinehart and Crum. Score:

WASHINGTON, PA., Aug. 4.—(Special.)—Butler, with Witherup on the rubber, was played to a standstill by Washington today, the contest ending in a tie, 3 to 3, at the end of the ninth inning, the game being called on account of darkness. It was one of the most spectacular contests of the year on local grounds. Both Springer and the Butler wonder were touched up freely. The contest was characterized by hard batting, two home runs, one three-bagger and five two-sackers being recorded. Score:

Mack's Team Takes First Game Easily, but Drops the Second Through Errors.

BOSTON STILL WINNING

[BY ASSOCIATED PRESS TO THE GAZETTE.]

PHILADELPHIA, Aug. 4.—Philadelphia and Detroit broke even today in a double-header. In the first game the home team batted Donovan freely, while Plank kept the hits scattered. In the second contest Henly pitched a great game, allowing only two hits, but the home team lost the game on errors by Davis and Murphy. Attendance 10,944. Scores:

NEW YORKERS LEAD THE ENGLISH CRICKETERS

After One Innings Gothamites Have Margin of One—Low Scores on Fast Wicket.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

NEW YORK, Aug. 4.—There was an unusually large gathering of spectators at the Staten Island Cricket club's grounds at Livingston today, when the international match between an eleven from the Marylebone Cricket club of England and a picked eleven from the Metropolitan district league of New York was begun. Each side completed its first innings, the local men scoring 56, one more than the British players made. The visitors began their second innings a little before 6 o'clock, but lost their first wicket for seven runs.

The feature of the day was the closeness of the total scores. There were many pretty fielding plays made on both sides. The low scoring was somewhat of a disappointment, as the groundkeeper had prepared a fine wicket. The bowling of the local men was excellent, and despite the fact that Kelly and Worm were injured during the early part of the contest, the Englishmen were pushed to the top of their game. Wyld, for the visitors, made 22, Stow made 18 and Mann was the only other one to reach to double figures with 12 runs.

The work of Hurditch, wicketkeeper for the local team, was very clever, and in this respect he was not a whit behind Stow, who played the same position for the Englishmen.

For the locals, C. A. Worm, who had his right leg injured early in the day, being hit with a hard batted ball, took the batting honors, with a well-earned 26, which included four boundary hits, each of them being good for four runs. Steinthal also showed up well at the bat, as did Laurie and Durrant, the latter carrying his bat for a well-played 17.

ACCIDENT ON TRACK.

Sulkies Collide, but Drivers Escape Without Injury.

BEAVER FALLS, Aug. 4.—(Special.)—The fine weather still held good in the fourth and final day's racing in the summer meet of the Beaver County Agricultural society. In the 2:30 pace and the 2:15 trot the favorites won. In the 2:21 pace Allen Wood was favorite in the selling, but had to take third money.

In the home stretch in the 2:30 pace Lady Bess and Louise had a mix-up that smashed the sulkies and slightly injured Lady Bess. The drivers escaped. The accident was unavoidable and both horses were given a place and continued in the race. The meet, in point of events, attendance, weather, number of horses and almost everything else combined, has been the most successful ever held in Beaver county.

Close Finishes at Indiana.

INDIANA, Aug. 4.—The matinee races on the fair grounds this afternoon were the most interesting yet held, attracting a crowd of nearly 1,600. The contests were spirited, most of the interest centering in the struggle between John Clawson, owned by E. B. Campbell, and Clay R., owned by Jack Richards. It required three heats to decide the race, Clay R. coming first under the wire in a hot finish. The first race was won by David Blair's E. L. L. M., and Belle M. was the winner in the exhibition. Matinee races are held each week on the fast half-mile track. Next week's races will be held Saturday afternoon, when some good horses will start.

Dreyfuss Withdraws Suit.

Barney Dreyfuss, owner of the Pittsburgh baseball team, who was struck in the face at the ball game on Thursday by Thomas J. Ward, a young priest from Minneapolis, yesterday withdrew the suit for assault and battery. The priest's friends prevailed upon Dreyfuss to let the affair go no further.

FINE MATINEE TODAY FOR BRUNOTS ISLAND

Lovers of Light Harness Racing Will See the Best Sport of the Season.

Probably the best program of the matinee season has been arranged for this afternoon at Brunots Island. There are six events on the card, in which the fields are about as evenly balanced as it is possible for the race committee to make them.

In the opening race, the 2:30 trot, there are six entries, while there are five in the free-for-all trotting class, including Uncle William, Redwood, Robin C., Mary D. and Billy Buch.

The free-for-all pace, too, has five starters, and among them are some of the high-class pacers of the country. It is said that Sufreet has been showing improvement and will keep Lady May stepping at her best. Terrace Queen and Frank Wilson are not to be overlooked in this event, as they are dangerous competitors in any field.

Interest generally centers in the free-for-all classes. Three fast ones will go to the wire in the 2:15 trot in Evelyn Byrd, Ozar and Blix, and as the rivalry is keen among the owners of the three trotters, this contest will be fought out to a finish. Ralph Weaver's gray gelding, William H., has been moved up from the 2:22 to the 2:20 class. This will be Mr. Weaver's first effort at Brunots, and his friends think he has a good chance for the blue ribbon.

The first event will be called at 1:30. Admission is free. The entries:

2:30 class, trotting—Ten Bell, b. m., J. R. McCune; Westview, b. g., H. P. Haas; Wilderness, b. m., H. S. Denny; Philip E., br. g., J. R. McClintock; Raymond B., blk. g., C. W. Haum.

Free-for-all trotting—Uncle William, br. g., J. R. McCune; Redwood, b. g., J. G. Bennett; Robin C., ch. g., R. H. Boggs; Mary D., ch. m., H. S. Denny; Billy Buch, b. g., W. V. Callery.

2:15 class, trotting—Evelyn Byrd, b. m., J. A. Gleesnkamp; Ozar, ch. g., R. H. Boggs; Blix, b. m., H. Buhl, Jr.

Free-for-all pacing—Lady May, b. m., W. A. Avey; Terrace Queen, br. m., E. P. Whitcomb; Sufreet, blk. m., H. P. Haas; Ben Gee, br. g., J. R. McCune; Frank Wilson, br. g., J. G. Bennett.

2:20 class, trotting—Ramona, br. m., H. Buhl, Jr.; Westwood, br. g., O. A. Blackburn; Harry, b. g., F. A. Dohrman; William H., g. g., R. M. Weaver.

2:22 class, trotting—Sweet Home, b. m., R. H. Boggs; Zulma, blk. m., J. M. McCready; Del Sable, blk. g., J. D. Callery; Gertrude, blk. m., H. Buhl, Jr.

ERIE RACES OVER.

Favorites Were Not Heavily Played and Failed to Make Good.

ERIE, PA., Aug. 4.—Erie closed the Lake Erie circuit trotting meeting today with good weather and an attendance of about 2,000. Favorites were not played heavily and lost in all the events. Add, who carried the best money in the 2:24 trot, was not fast enough for Jim Byard, and Chanito, favorite in the 2:19 trot, lost by breaking badly. Ruby, favorite in the 2:29 pace, broke her harness in the first heat and finished last, but after that won two heats before she began to break on the turns and went to pieces. Melva R. took the race. It was 7:45 p. m. when the last heat was finished. Summaries:

2:24 trot, purse $400—Jim Byard won the first, second and fourth heats and the race. Time, 2:22¼, 2:22¾, 2:23¼. Add took the third heat and second place in 2:20¼. Heriense was third. Trap R fourth and W. J. last.

2:19 trot, purse $500—Alvin won the race in straight heats. Time, 2:21¼, 2:18¾, 2:20¾. Chanito was second, Fannie Riley third, Red Line fourth and Alfretta D. was distanced for running.

2:29 pace, purse $400—Melva R. first; won last three heats in 2:18¾, 2:20¼ and 2:22. Ruby took second and third heats in 2:19¼ and 2:16¼. Claribel took first heat in 2:21¼. William Bell was fourth. William C. and Shadeland Boy also started.

CANADIAN CREWS WON.

There Was Little Interest in the Amateur Regatta.

ST. CATHERINES, ONT., Aug. 4.—With one or two exceptions the events in the first day of the regatta of the Canadian Association of Amateur Oarsmen were won easily, and the events were almost featureless. Craig of Detroit won the junior singles in impressive style. The Mutuals of Buffalo were beaten easily by the Ottawas in the second heat of the junior fours.

G. B. Clayton of the Pennsylvania Barge club of Philadelphia rowed in the junior and C. W. Frech rowed in the intermediate singles, but neither was able to carry his club's colors to victory. The water was smooth.

CHAIRMAN MAKES ATTACK ON MOORE

Bailey Defends His Committee and Charges Direct Violation of Sworn Duty.

DIRECTOR LEAVES FOR MONTH

"Director Moore cannot evade the responsibility for not enforcing the fender ordinance which, under his oath of office, it is his sworn duty to do, by criticising the special committee of councils, of which I am chairman, for not reporting out the speed ordinance which was introduced in councils some time ago," said Common Councilman W. R. Bailey yesterday.

"The speed ordinance is altogether separate from the fender question and has absolutely nothing to do with it. Instead of criticising councils for not enacting new legislation of an entirely different subject Director Moore should be doing his duty by enforcing laws already in existence.

"The ordinance passed by councils in 1893 covers the case thoroughly so far as fenders for the saving of lives are concerned, and if Director Moore really wanted the street car company to equip its cars with fenders he would have this ordinance enforced. He is simply making excuses with the purpose of trying to divert public attention when he attacks our committee and puts upon it the burden of his own failure to perform the duties of his office.

Excuses Won't Go.

"These excuses won't go with the public. It is strange, indeed, that Director Moore takes the position he does that no fender can be found that will save human life, and refuses to make the street car company equip its cars with fenders. Our committee will act on the speed ordinance in proper time. The ordinance was referred to a special committee consisting of Richard McNally, J. A. Joyce and myself. The ordinance is defective and does not reduce the speed of cars as Director Moore claims. On the contrary, it increases the speed in the downtown district."

Mayor Hays said yesterday that Director Moore was going out of the city on a vacation of three or four weeks. The mayor was asked if there would be any more fender tests during the absence of Director Moore.

"None that I know of," said the mayor. "If the street car company wants to make a test we will go to see it."

"Will the city officials take up the fender matter while the director is away?" the mayor was asked.

No More Fender Tests.

"Not that I know of," was his reply.

"What does the administration propose to do about fenders?"

"Well, if we can find any fender that is any good we will have the street car company use them, but we have not found any fender that is a success."

"Are there not fenders which are a success in other cities?"

"No, there is not a fender that is worth anything."

Director Moore had a talk with Mayor Hays yesterday about the fender agitation, and the mayor agreed that the director should take his vacation at this time.

"I will go away tonight or tomorrow," said Director Moore, as he came out of the mayor's office. "I am going up in Michigan where I will have things quiet for awhile. I can't say just how long I will be gone. The fender question is worn threadbare, and there is no use talking about it any more. I still say that it is useless to put fenders on street cars which are not limited in speed. What good would it do to put fenders on cars that run at the rate they do in Pittsburgh?"

The council committee which was appointed to take up the fender question has not even organized and no meeting is in sight, although Councilman Roenigk, a member of the committee, assured the board of directors of the Pittsburgh board of trade on last Monday night that a meeting would probably be held this week. The failure of the committee is not due, however, to any fault of Mr. Roenigk's. He has been trying to get a meeting but the other members of the committee, who were carefully picked by the administration, do not appear to be in sympathy with the fender agitation.

Director Moore Censured.

With Director Moore absent from the city and the announcement by Mayor Hays that there will be no more fender tests unless they are held at the will of the traction company, and the council committee doing nothing, there appears to be little chance of any immediate developments in the situation unless the Pittsburgh board of trade makes good its threat to compel Director Moore by legal proceedings to take action.

"Director Moore's actions are strange, to say the least," said a former prominent official of the public safety department yesterday. "A few weeks ago, at his instance, a large number of suits were entered against the traction company for violation of the fender ordinance, and almost immediately it was announced that the suits would not be pushed, and that another test would be held. This test amounted to nothing and the suits have been allowed by Director Moore to be dropped."

Director Moore yesterday looked at a fender submitted to him by John H. Dixon. He said he would give it a practical test on his return to the city.

Another man was killed by a street car in this city yesterday. Albert W. Hewitt, aged 21, of Emlenton, Pa., was run down by a Crafton and Ingram car, and was crushed to death. He was a salesman in the employ of Haworth & Dewhurst, Ltd., wholesale grocers. While on a car at the south end of the Point bridge he jumped off, not seeing the Crafton and Ingram car approaching. He was knocked down and dragged.

As there have been five persons killed in this county by street cars since July 28, Coroner Armstrong is making an investigation of the accidents to determine whether the adoption of fenders would lessen the loss of life in this community. Coroner Armstrong said he believed the fender ordinance should be enforced inasmuch as the city had legislated for such life-saving devices.

Secretary Chauncey Lobingier of the Pittsburgh board of trade is sending out the folowing anent the fender ordinance:

> At the last meeting of the directors of the Pittsburgh board of trade a resolution was unanimously passed calling upon the press of our city for assistance in the movement now being waged for a strict and satisfactory compliance with the ordinance requiring all street cars to be equipped with life saving fenders.
>
> The board has entered into this matter without fear or favor, with malice to none, but with the determination that the law must be obeyed.

MR. COWAN OF TEXAS IS AFTER $400,000,000 CASH

He Heads Claim of Heirs to 165 Acres of Land in Heart of Gotham, and Is Willing to Let the City Down Easy.

[BY PRIVATE WIRE TO THE GAZETTE.]

NEW YORK, Aug. 4.—Joseph T. Cowan of Dallas, Tex., is in town. He dropped in today to get $400,000,000 to take back with him for distribution among several score heirs of the late Andrew Hartsfield, who owned at the time of his death, according to Mr. Cowan, all that slice of the city lying west of Fifth avenue, between Seventy-fifth and One Hundred and Twenty-fifth streets.

This tract, embracing 160 acres, is worth much more than $400,000,000, says Mr. Cowan, who appraises it at more than a billion dollars, but he is willing to let the city and the reputed owners down easy if they come to the front with spot cash.

The Hartsfield claim is not a new one, but it remained for Mr. Cowan, who is an heir, to marshal the others into an offensive battalion of claimants, with himself in command by virtue of a power of attorney.

Mr. Cowan asserted today that a certain individual, who is known to him, surreptitiously purloined record book No. 8, upon the 25th page of which is spread the copy of the Hartsfield lease. He says he has also discovered that an heir from Ohio, accompanied by a Cincinnati lawyer, came here in 1895 and allowed himself to be bought off for $750,000.

Mr. Cowan and his lawyer propose to apply to the courts to compel the custodian of the record to produce it in court.

SOCIETY

PLANS are rapidly being formed for the wedding of Miss Marguerite Sands and Sumner Jones, which has been finally set for Wednesday, October 4. It will take place in the army chapel at Fort Meade, S. D., where Capt. George Sands, father of the bride-elect, is stationed. Four o'clock in the afternoon is the hour set for the ceremony, which will be performed in the presence of a large number of guests and followed by a reception at the Sands home. All the appointments will be military. A large bridal party will be in attendance, the bridesmaids including several Pittsburgh girls. Miss Katherine Pearson of Sewickley will leave on Tuesday evening to join a party of friends at Colorado Springs, and early in September will go to Fort Meade to be one of the Sands-Jones bridal party. The bridal procession will also include Miss Katherine Reed, Judge Reed's daughter, and Miss Lillian Taylor, daughter of Mr. and Mrs. Charles L. Taylor, both of this city. Miss Mary C. Mellon has also been asked to attend Miss Sands, but she has not yet decided whether to accept the invitation. Miss Alberta Wood and Miss Anita Wood, daughters of Allan Wood of New York, formerly of this city, are to be included, and Miss Henrietta Vandergrift of Chicago, also a former Pittsburgh girl, will be another bridesmaid. The men in the party will be army friends of the bridegroom. After an eastern wedding trip he and his bride will live at Fort Meade for a year, when they will go to the Philippines. A number of Pittsburgh people will go to Fort Meade for the wedding, the Smoky City guest list including Alfred Lawrence Pearson and Christian I. Shannon of Sewickley. These two men expect to go west next month on a hunting trip, which will be concluded in Fort Meade.

Gives Unique Affair.

Mrs. M. Scott Verner's euchre and luncheon yesterday was a decidedly unique and enjoyable affair. The hostess and her three guests of honor, Mrs. Olaf Pihl, Mrs. O. C. G. Meilbye and Miss Auvert, all of Christiana, Norway, received together, Mrs. Verner appearing in the Norwegian peasant costume. Twelve tables were used for six-hand euchre, and the prizes went to Mrs. C. C. Arensberg, Mrs. William H. Cooper, Mrs. Isaac Wade and Mrs. William Campbell. The tables occupied the spacious verandas of the Verner home in Oakmont, the verandas being draped with a large Norwegian flag. The tally cards were American flags, while the decorations were carried out with red, white and blue asters. The luncheon was made up entirely of Norwegian dishes. A number of Pittsburghers were present, among them being Mrs. W. Sims, Miss Lucy Thomas, Mrs. Annie Haymaker, Miss Marian Haymaker, Miss Gertrude Haley, Mrs. Orlando Metcalf and Mrs. Spencer Rumsey.

A Pittsburgh Colony at Brielle.

Mrs. C. C. Mellor of "The Laurels," Edgewood Park, will leave on Wednesday evening for Brielle, N. J., a resort opposite Point Pleasant. Mrs. Mellor will be met there by Mrs. Lyon, a Richmond (Va.) relative, and will join her brothers, Albert G. Reinhart, the New York artist, and James McHenry Reinhart, who, with his wife, has been spending the summer in Brielle. Mrs. Mellor's son, George E. Mellor, has recently returned from a visit with his uncles. The younger son of the house, Arthur D. Mellor, is home from his vacation spent at Lake Simcoe, Canada. Mr. and Mrs. Walter Mellor will not leave Edgewood until September, when, with their son, Charles Chauncey II., they will visit relatives in the south.

Brief News of Summer Travels.

Mrs. John H. Croskey of South Atlantic avenue, Shadyside, and her niece, Miss Hattie Hubler, will leave next week for Spring Lake, N. J., to remain through August and a portion of September.

Dr. and Mrs. Gilliford B. Sweeney of South Negley avenue returned yesterday from Detroit, where they were members of a house party. They also took a short lake trip while away.

Mrs. John Fremont Shafer of South Negley avenue left on Tuesday for her summer home at Clifton Terrace, near Cleveland, to spend the month of August.

Mrs. William Irwin Mustin and her younger daughter, Miss Agnes M. Mustin, expect to leave for Bemus Point, Lake Chautauqua, on Tuesday to join Miss Eleanor D. Mustin and Burton H. Mustin, who are already at the Point.

Out-of-Town Weddings.

The Rev. Mr. and Mrs. T. S. Burgess of Pitcairn announce the marriage of their daughter, Miss Stella Ida Burgess, to Austin Dotson Shaffer, to take place on Thursday evening, August 17. The ceremony will be performed at 7:30 o'clock in the United Brethren church of Pitcairn, of which the Rev. T. S. Burgess is pastor. A reception will be held at the home of the bride's parents immediately after the ceremony. Mr. Shaffer is from Somerset, Pa.

Mr. and Mrs. Robert Stevenson of Elizabeth announce the marriage of their daughter, Miss Rose K. Stevenson, and Harry B. Wiley of Donora, which took place in Steubenville on June 1. The couple will make their home in Donora.

Elmer Davis of West Elizabeth and Miss Martha Secrist of Elizabeth surprised their friends Thursday morning by announcing their marriage, which took place in Youngstown, O., on Wednesday.

Pittsburghers Present Play.

"The Purple Parasol," dramatized in two acts by Miss Male Elizabeth French of Pittsburgh, received its initial presentation at the Hotel Rider theater, Cambridge Springs, last evening by the Hotel Rider theater players, under the direction of G. Stuart Brodock. The guests of the hotels filled the handsome theater and were enthusiastic in applause and appreciation of the young playwright's ability and the clever presentation. G. Stuart Brodock, Miss Vera Miles Smith, Morgan Hewitt, Miss Margaret Cummings, Don Westley, Miss Evelyn Francis and dainty Marjorie Barrett, several of whom are Pittsburghers, were included in the cast.

Notes from Edgewood Park.

Mrs. Magnus Pflaum and her daughter, Miss Rachel Pflaum of Edgewood, are spending the summer at Ebensburg, Pa. Mr. Pflaum goes up to Ebensburg each week-end.

Mrs. A. F. McDonald of Maple avenue is spending a portion of the summer in Atlantic City. Other Edgewood park residents at that popular resort include Mrs. William Ramsey and her family.

Mrs. Joseph Miller of Edgewood is spending the hot months at her mountain home in the Allegheny.

The Reillys at Bedford Springs.

Mr. and Mrs. John C. Reilly of Fifth avenue and Darragh street, Oakland, closed their city home last Saturday and are established at Bedford Springs for the remainder of the summer. They were accompanied by their daughters, Miss Mary Bertha Reilly and Miss Ursula A. Reilly, and their youngest son, Charles Gilbert Reilly, and will probably be joined later by their married daughter, Mrs. J. J. Hart and Mr. Hart, who are now living in New York city.

Will Visit Wildwood.

Mr. and Mrs. Edward Hussey Binns of Murrayhill avenue, their daughter, Miss Truth Madeline Binns, and their son, Sidney W. Binns, will form a family party leaving Pittsburgh on August 25 for Wildwood, N. J. They will remain in Wildwood until time for Miss Binns to enter Mount St. Joseph's convent in Chestnut Hill, which opens on September 10.

Among the Clubs.

Distribute Flowers to Pittsburgh Children.

There is but one more flower day in the Pittsburgh summer playgrounds and vacation schools and it will be observed next Friday, the closing day of the schools this year. Yesterday morning the flower committee, with Mrs. Minnie Ourey Roberts, chairman, met in the gymnasium of the Central Young Women's Christian association, where 3,490 bouquets were arranged and sent to the different playgrounds in baskets carried by several of the larger boys from each school. The distribution included 400 bouquets to the Ralston school, 750 to the South Side Recreation park, 335 to Washington park, 240 to Moorhead school, 350 to O'Hara school, 225 to Wickersham, 150 to Riverside school, 200 to Greenfield, 480 to Andrews school, 260 to South school and 100 to the Denny park in Liberty avenue and Thirty-fifth street, Lawrenceville. The flowers sent to the Wickersham school were arranged by Mrs. Ella Dravo Stewart and a number of the little girls in Murray Hill avenue. Mrs. Alexander King's contributions from her gardens at Baywood were distributed among the children in the Denny park, and a special bouquet composed of hot house flowers was sent to the home of a child in the Riverside playground who was killed on Thursday by a West End street car. A very large collection of flowers was sent by Mr. and Mrs. Robert Pitcairn and many other contributions were made by individuals in the East End, Shadyside, Hazelwood, Sheraden, Crafton and the West End.

Install Equipment in Industrial Home.

The equipment for the new distributing station of the Pittsburgh and Allegheny Sterilized Milk and Ice Association in the Woods Run industrial home was purchased yesterday by Mrs. Frank East and Miss Edna Hemphill. It will be installed today and on Monday morning at 9 o'clock the new station will be opened, with Miss Bayne and Miss Cawley in charge. This station, which is established by the Bellevue branch of the milk and ice association, will be open each day from 9 o'clock until 12 in the morning and from 1 until 4 in the afternoon.

Under the direction of Mrs. W. G. Bishop, treasurer of the association, a new distributing station will be opened in the East End in a few days, the Salvation Army's headquarters in Station street being the location about decided upon. The station in the chapel of the Fourth Avenue Baptist church is now doing good work, and the officers of the association expect to open still another station this month in Pittsburgh. This will make five stations established this season.

Kingsley House Fresh Air Work.

The Kingsley House Record for July gives 1,594 as the total number of visitors to Lillian home in Valencia from the opening day, May 1, to July 15. Of these, 565 were adults and 1,029 children, some of whom went out for two weeks, a few for one week and a number for one day. The subscriptions for the support of this fresh air work of Kingsley House have reached $4,241.74, but $7,500 will be required to support the work until the closing of Lillian home the last of September.

The Record notes the work which the children do, after they go to Valencia, in furnishing flowers to the hospitals of Pittsburgh and Allegheny. The flower gardens about Lillian home are blooming vigorously, and great baskets filled with nasturtiums, sweet peas and other flowers are brought in to Kingsley house every day and are sent to families where there is sickness and to hospitals in the two cities, and to other institutions. This new line of work is much appreciated by the patients among whom the flowers are distributed.

Duquesne Club Left for Canada.

The Duquesne Fishing club left yesterday afternoon for a two weeks' fishing trip to Canada. The party occupied a special Pullman and expects to reach Penetanguishene today, then going north by steamer to Jubilee island in Georgian bay. From Jubilee island they will make their fishing and hunting expeditions. The party included the president, John Hunter; secretary, Robert Ostermaier, and Thomas J. Ford, Dr. E. R. Walters, A. J. Barchfeld, W. I. Mustin, L. L. Davis, William Ostermaier, F. J. Klumpp, Thomas G. McClure, Archibald Mackrell, S. J. Wainwright, Jr., E. J. Martin, George Irwin, Joseph Mead, Samuel Grenet, David Hardy, F. J. Edwards, Jacob Lightner, H. W. Mayers, William G. McClure, Alexander McKnight, George W. Rowley, William Henry, David Glass, P. A. Manion and Albert Dietrich.

Flowers for Little Alleghenians.

Yesterday was the last regular flower day for the summer playgrounds and vacation schools of Allegheny, though the joint committee hopes to give flowers to all the children on Tuesday of next week, as all the playgrounds close on that day. Contributions for Tuesday can be sent to the usual place, the North Diamond street entrance to the Allegheny Carnegie library, before 11 a. m. Yesterday 3,300 bunches of flowers were given to the Allegheny children in the nine schools of the city, 150 to the Sherman avenue school, 250 to the Irwin avenue, 700 to the Third ward, 500 to the Fifth ward, 550 to the Seventh ward, 200 to the Eighth ward, 500 to the Ninth ward, 250 to the Tenth ward and 200 to the Thirteenth ward.

JEALOUS OF CLARK.

Director Bigelow Will Hardly View the Candidacy of Alderman Walker With Favor.

When Director Bigelow returns from his vacation a month hence, the Twentieth ward Citizens organization, including Director Clark and the three common councilmen, are to boom Alderman J. D. Walker for the superintendency of the bureau of highways and sewers. Councilman Helmold is one of Alderman Walker's chief backers. Walker's friends claim he was promised the police magistracy in the East End, but it was given to E. C. Negley at the instance of Director Bigelow.

Director Bigelow has always been regarded as jealous of the power of Director Clark in the Twentieth ward, and for this reason it is considered hardly probable that Mr. Bigelow will appoint Alderman Walker to a $4,000 position over 600 men, when he knew that by doing so he would be strengthening the personal influence that Director Clark wields.

Planning to Oust Murphy.

Mayor Falkenstein and his political associates in McKeesport are planning, at the meeting of councils next Monday night, to secure the confirmation of John J. Gibbons, the mayor's appointee for meat and milk inspector. In the meantime J. J. Murphy continues to fill the position, and the bureau of health says sickness among infants has greatly decreased during his administration. The mayor refuses to take informations from Murphy, and the latter has to prefer his charges before an alderman. The city solicitor has given an opinion that the mayor does not have the authority to remove Murphy.

Room 19, Postal Building,
WASHINGTON, Aug. 4.

Secretary Wilson has laid at the door of congress the responsibility for the aid given the beef trust by the present administration of the meat inspection service of the department of agriculture. Mr. Wilson declares that, in having the inspectors examine the meat of only the large packing houses, he is trying to carry out the desires of congress. The house committee on agriculture, of which Representative James Wadsworth of New York is chairman, is declared to have frequently cautioned the bureau of animal industry, of which Dr. H. E. Salmon is head, not to extend the inspection service to the small packing houses. This has made it impossible for many independent packers to get their meat inspected.

The beef trust in 1904 forced two companies out of business in Kansas City. The beef trust influence is mighty strong in Kansas City, and suddenly an ordinance was passed prohibiting the sale of any but government inspected meat. The Missouri Milling and Cattle Company asked the chief meat inspector, Mr. Bennett, to assign inspectors to its plant. Answer was made that there was no authority for the inspection of meat of companies not doing interstate business or export business.

"Congress has warned the department not to extend the meat inspection to small houses. I am simply trying to carry out the desire of congress and keep the work within the appropriation," is Secretary Wilson's explanation.

The total appropriation for meat inspection and for fighting infectious diseases among domestic animals was $1,300,000 for the year ending June 30, 1904, which was the period within which this situation developed at Kansas City. Dr. H. E. Salmon, the chief of the bureau of animal industry, said today that he had favored inspecting the meat at all packing houses, but that the tendency of the committee on agriculture had been in the opposite direction. Time and again he said the committee had warned the department not to extend the meat inspection service to the small packing houses.

"What is the smallest house to which you will send an inspector?" he was asked.

"Generally speaking, those which kill at least 50 head of cattle a day. It would cost $1,500,000 to inspect the meat of all houses, large and small."

DOINGS AT ATLANTIC CITY.

ATLANTIC CITY, N. J., Aug. 4.—(Special.)—Charles M. Schwab arrived late last night on his private car Loretta, with Mrs. Schwab, Miss Gertrude Schwab and her friend, Miss Mock. They are occupying a luxurious suite of six rooms at the Marlborough.

Mayor Edward F. Dunne of Chicago had an opportunity to discover what real Atlantic City rush meant when he arrived at Haddon Hall tired and dusty just in time for luncheon today. The urbane clerk informed the Chicago executive of the sorrow and pain caused him by the fact that not a seat was left in the dining room and not a room was left in the big hostelry. A half hour's hunt resulted in securing of quarters for Mr. and Mrs. Dunne at the St. Charles.

Several members of the Pennsylvania state board of medical examiners are at Haddon Hall and completed arrangements for the arrival of the entire board on Monday, when they will go into session and pass upon the examination papers of several hundred anxious residents of the Keystone State who are applicants for licenses to practice. The board in full, which will remain in session several days, consists of President Dr. Henry Bates, Philadelphia, secretary, Dr. H. S. McConnell, New Brighton; Dr. J. E. Willetts, Pittsburgh; Dr. M. P. Dickenson, Glenn Riddle; Dr. Winters D. Hamaker, Meadville; Dr. Robert W. Kennedy, Chambersburg.

Mrs. William Brown, wife of Lieut. Gov. Brown of Pennsylvania, with her daughter, Miss Brown, and son Archie Brown, together with Stewart Foltz and Virginia Foltz, are now at Haddon Hall to spend a week or more.

Mrs. Edward A. Smith, sister of United States Senator Philander Knox, and James L. Smith, are at the Marlborough.

Former Gov. Lon V. Stephens of Missouri and Mrs. Stephens are prominent arrivals at the Marlborough.

Mrs. John M. Kennedy and Miss Mary T. Kennedy of Pittsburgh are in company with Mrs. Phillip Jordan Walsh at the Hotel Dennis. W. J. Jones, a Pittsburgh banker, is at the Shoreham with a family party, including Blowden Thomas, Miss Gertrude Harris, Miss Sarah Evans, Miss Carolyn Jones and Miss Margaret Scott.

Mr. and Mrs. Clarence Burleigh and Mr. and Mrs. A. E. Masters of Pittsburgh arrived at the St. Charles to remain until late September.

Other Pittsburghers who registered today were:

CHAUTAUQUA

CHAUTAUQUA, N. Y., Aug. 4.—(Special.)—Several Japanese and a number of Carlisle Indians are among the recent arrivals. Mr. Denny, one of the Carlisle students, won the 100-yard dash at the annual athletic meet and received the silver medal.

Sunday school teachers in surprisingly large numbers met in the Methodist headquarters, where they were addressed by D. Jesse Hurlbut.

Mrs. Percy V. Pennybacker of Texas told of the aim and scope of the General Federation, and Mrs. Frank Chapin Bray of Chicago told of the village improvement association at Chautauqua at the Woman's club. The club will hold a special meeting Saturday afternoon, when Dr. Gerwig of Allegheny will lecture on the women of Shakespeare.

Dr. Richard Burton completed his series of lectures on "Modern Masters," when he discussed Browning as an individualist in verse.

The Rev. W. P. Turner, who recently returned from Japan, after spending 15 years in the east, gave an illustrated lecture on "A Trip Through Japan."

Bishop John H. Vincent was the guest of honor at a tea given by the Outlook club this afternoon.

A recital given by the pupils of William H. Sherwood, Miss Georgie Kober and Mrs. E. T. Tobey of the piano department and of Mr. Sol Marcosson of the violin department was the attraction in the late afternoon. One of the Pittsburgh pupils was Miss Mildred Wheeler.

Denominational day was observed by the Baptists today. After the addresses by Dr. S. T. Ford of Chicago and the Rev. Loren T. Bush of Cleveland, a reception was held for all Baptists on the grounds.

Kellogg hall was beautifully decorated when the faculty of the kindergarten received, with Miss Marie Shedlock of England as honor guest. Miss Shedlock has acquired an international reputation as an interpreter of Hans Christian Andersen's tales, and is known to hosts of children as the "Fairy Godmother."

PITTSBURGH PASTOR FIGHTING TYPHOID FEVER IN ROME

The European trip of the Rev. Daniel Russell, pastor of the Bellefield Presbyterian church, has ended somewhat disastrously. Since early in July the Rev. Mr. Russell has been confined to his bed in Rome, Italy, suffering from an attack of typhoid fever. It will be good news to his many friends in this city to hear that a cablegram received recently announces that he is not only out of danger but is rapidly recovering. He was stricken while on the ocean. The Rev. Mr. Russell expects to have sufficiently recovered as to admit of his starting for home about August 25.

STRUCK BY RAW POTATO, BOY'S CONDITION SERIOUS

The members of the Homestead Boys' Brigade, which had been in camp at Seagirt, N. J., for ten days, returned home yesterday. All report having had a splendid time. Only one accident marred the outing. Elmer Burns, aged 15, was struck over the heart with a raw potato thrown by one of his companions. He was unconscious for several hours. He is now at the home of his parents and his condition is said to be serious.

THE THREE RIVERS

[SPECIAL TELEGRAM TO THE GAZETTE.]

CINCINNATI, O., Aug. 4.—At 6 p. m. today the Ohio river at Cincinnati was 10.6 feet and rising. Today's departures of packets were: Tacoma, Pomeroy; Courier, Maysville, and Indiana, Louisville. The flagship of the Pittsburgh coal fleet arrived at 3 o'clock today. The boat was the Samuel Brown. The remainder of the fleet will arrive Saturday morning. They are: G. W. Thomas, Jos. Walton, Douglass Hall, Otto Marmet, Ed. Roberts, Chas. Brown, Coal City, Ironsides, W. W. O'Neil, Valiant, Exporter, Samuel Clark, Tom Dodsworth, Iron Age and Gleaner. Eight of these boats will be sent south with increased tows, while the remainder will be rushed back with much needed empties for the mines. The Tom Rees No. 2 started from Pittsburgh with a tow, but ran as far down as Middleport and turned her tow over to another boat and went back to headwaters, light, in hopes of being able to come out with another tow before the water fell too much. The present fleet of boats would have arrived Thursday but for the delays due to fogs and weather conditions. All of the packets are enjoying a good trade, both in freight and passengers. Clear and warmer, with light showers.

HUNTINGTON—River 13.5 feet and falling; down, Lucie Marmet, 5:30 a. m.; Iron Age, 8:30 a. m.; Dodsworth, 12 noon; Queen City, 7 a. m.; up, Keystone State, 7:30 p. m.

LOUISVILLE—River falling; in canal, 5.8 feet; on falls, 1.6 feet; below locks, 8 feet; fair and warm.

PARKERSBURG—River 5.6 feet and falling; clear and warm; the Bedford left for Wheeling; Ben Hur arrived from Pittsburgh at 6 p. m.

STEUBENVILLE—River 5 feet 10 inches and falling; weather cloudy and warm.

POINT PLEASANT—River 9 feet 4 inches and falling; down, Queen City, Harry Brown, Winifrede, J. B. Lewis; up, Kanawha.

MORGANTOWN—River 8 feet 6 inches and falling; weather fair.

OIL CITY—River 1 foot 8 inches and falling; weather clear and warm.

GALLIPOLIS—River 12 feet and falling; cloudy and warm.

GREENSBORO—River 7 feet 7 inches and falling; warm and threatening; Woodward down on Saturday; Columbia up.

WHEELING—River 5 feet 6 inches and falling; cloudy and warm; departed, Ben Hur, Parkersburg, 6 a. m.; Bessie Smith, Parkersburg, 11 a. m.; Virginia, Pittsburgh, 7 p. m.

FOGS BIND THE RIVERS.

Travel by Water Has Been Entirely Suspended at Nights.

The stage of water at Davis island dam at 9 last night was 4.8 feet and the river was stationary.

Almost every night this week the rivers have been fogbound. For the last two or three nights the cloud of mist was so dense all navigation had to be suspended. Packet boats arriving in this city have been from five to ten hours late.

Several boats of the coal fleet were expected to arrive in Cincinnati yesterday morning, and would start back as soon as stores could be taken aboard. Several of them will reach this city or near it about next Monday or Tuesday. The Tom Rees will go up today, as she only helped down to Bellaire and turned back. She is coming up light.

The Lorena, for Zanesville, left at 4 o'clock yesterday. The Greenland, due here early in the morning, did not get in until late afternoon, owing to the fog. The Morgantown boat, I. C. Woodward, was also held back until near evening by the same trouble.

The Pittsburgh Dredging Company has been awarded the contract for dredging for the Pittsburgh Plate Glass Company at Hite station, on the West Penn railroad, opposite New Kensington. The glass company will install a water plant to supply its works. Several sandbanks will be removed to get material up to the point where the water plant is to be put in.

W. H. Crump, master of transportation for the River Coal Company, is in Cincinnati on business. T. J. Lovell, agent for the company at Paducah, Ky., is in the city on business.

United States Marshall Stone sold at auction a couple of log rafts which have been lying at the mouth of Sawmill run for months. They were caught and tied up there during the ice breakup in the spring and wharfage bills collected against them until it did not pay the owners to replevin them. One raft with 47 logs sold for $54, and the other, with 34 piles, sold for $30.

A Natural Laxative

Inward cleansing is as necessary as outward bathing. To keep the bowels free and regular is of even greater importance than to keep the skin-pores from becoming clogged. The neglect of either invites disease. Everyone needs a natural laxative occasionally, to free the bowels of accumulated impurities. For this purpose take

BEECHAM'S PILLS

the greatest boon ever offered to those who suffer from the ills that follow constipation. For over fifty years Beecham's Pills have been famous as a Stomach corrective, a Liver regulator and Bowel laxative. They never gripe nor cause pain. Powerful purgatives are dangerous. Avoid them. Use Beecham's Pills. They give relief without doing violence to any organ. Their action is in harmony with physical laws. Take them regularly and the necessity for their use becomes less frequent. They are a natural laxative and a positive cure for Constipation, Biliousness, Indigestion, Sick Headache and Dyspepsia.

Sold Everywhere in Boxes. 10c and 25c.

A FIRM UNDERTONE TO NEW YORK MARKET

High Grade Railroad Stocks and Industrials Closed Higher—Philadelphia Company Common the Only Active Local Feature.

By JOHN O. BAGLIN, Financial Editor.

The firm undertone to the New York stock market was well maintained yesterday. During the early part of the session there was a moderate increase in trading, but during the afternoon the only activity was confined to specialties. Closing prices were below the best of the day, but with a few exceptions averaged higher.

Right at the opening of the market a prominent operator who has the prestige of his Reading success behind him, bid 47¼ for 20,000 shares Erie common, and the room jumped to the conclusion that this stock was to be taken in hand and made active. A bull pool also appeared in Rock Island, and for the first time in weeks that stock became active. Interest then shifted to the tractions, which were very strong during the first half of the day.

At the other extreme of the market the northwestern stocks became active and were bid up sharply. Northern Pacific jumped from 204 to 210, and closed with a gain of 4½ per cent. Chicago & Northwestern advanced from 215 to 218 at the close. St. Paul advanced 1 per cent and Canadian Pacific rose fractionally. The movement of this group was in the face of reports of a spread of the rust in the spring wheat belt, which caused a moderate advance in the wheat market.

The operations referred to conveyed the impression of a broadening market for stocks at both extremes of the railroad list, but they did not stimulate any public interest in the market.

A very substantial bull argument was furnished by the June earnings of the Harriman roads. For the month Southern Pacific reported the very hansome increase of $979,000 in gross earnings and an increase of $515,000 in net, the latter representing an increase of 33 per cent over the corresponding month last year. Union Pacific reported an increase of $602,000 in gross and an increase of $454,000 in net for the month. For the fiscal year ended June 30 the net earnings of Union Pacific increased nearly $2,700,000. Both these stocks were moderately active and firm, but after the publication of the figures they lost part of the gain and closed only ⅜ per cent higher for the day.

The only group of stocks displaying heaviness were those of roads traversing the south, where it was reported the yellow fever is spreading. Southern Railway and Louisville & Nashville each closed ⅝ per cent lower. It was reported from New Orleans that attempts were being made to interfere with train service in the infected district, and this no doubt had something to do with the decline in the stocks mentioned.

American Smelting common was the strongest of the industrial list and scored a new high mark, closing at a net advance of 1⅛ per cent. U. S. Steel stocks were moderately active and very firm. The preferred advanced to and closed at 104⅜, or within ¼ of the record price of last April. The common stock closed ¼ higher and the sinking fund bonds also closed ¼ higher after selling at 96¼. Amalgamated Copper was firm during the early part of the day, but declined during the afternoon and closed at a loss of a small fraction. Changes in the remainder of the industrial list were not important.

Call loans remained unchanged at 1¾ to 2 per cent. Less interest was taken in the estimates made of today's bank statement, calculations during the past two weeks being upset by the change in the loan item, regarding which it is impossible to make a forecast.

On the Pittsburgh stock exchange more than half the business consisted of Philadelphia Company common. The stock advanced to 47⅛ on sales of 2,600 shares, closing at a net gain of ¼. The buying was confined almost entirely to one house, while the selling was scattered and was thought to represent liquidation by eastern holders. Ohio Fuel Supply was strong, advancing to 45, a gain of 2¾ points, the movement being based upon the receipt by stockholders of a notice calling a special meeting to vote upon increasing the stock from $4,000,000 to $8,000,000. It is understood that the proceeds of the increase will be used in extending the system to Cincinnati. Manufacturers Light & Heat was inactive but firm, advancing to 36¾. The rest of the list was extremely dull. Sales of Pittsburgh Coal preferred amounted to only 170 shares at 54 to 54⅝, the stock closing offered at 54½. River Coal preferred sold to the extent of 300 shares at 26⅛ to 26¼, a slight advance. Independent Brewing preferred rallied to 41⅜, and Pittsburgh Brewing common sold at 27. The bonds of both companies were firm and unchanged. Steel stocks were quiet but firm. Lustre Mining reacted to and closed offered at 37. Tonopah Extension rallied to $5.60. Air Brake was strong and higher, advancing to 148 bid. There was no trading in Switch & Signal or Electric.

NOTES AND COMMENT.

The transactions in Philadelphia Company yesterday indicated a desire to accumulate stock without advancing the price. At the opening Bayley, who was the largest buyer on Thursday, sold about 500 shares, but the market took it well. Later Bayley bought 1,000 shares. The largest sellers were Sproul & Co., Robinson Brothers, and Hall. The impression still prevails that the selling is for account of eastern holders, and that local investors are buying. As heretofore remarked in this department, the increase in earnings for the half year were not large enough to stimulate the kind of buying that has been witnessed this week, and the inference is that some new deal is in contemplation.

The natural gas stocks were moderately active and firmer, with the exception of Pittsburgh Oil and Gas. The demand for Ohio Fuel Supply carried the price up to 45, the highest since 1903, and Manufacturers' Light and Heat was fractionally higher.

A special meeting of the stockholders of the Ohio Fuel Supply Company has been called to meet at the company's office in Columbus, O., on September 5, to vote upon a proposition to authorize an increase in the company's capital from $4,000,000 to $8,000,000. Since the issue of the annual report last February the company has acquired 40,000 acres additional gas territory, and now has a large amount of gas that can be utilized by extending lines. The circular addressed to stockholders says: "We deem it inadvisable to go into details at this time for fear that premature publicity will interfere with our plans, but we feel safe in saying that if they materialize it will mean the construction of a plant that will equal, if not exceed, our present system, while the expenses will be much less. The directors are unanimous in their belief that it is the proper thing to do, and we are preparing to commence work as soon as the stockholders authorize it. It is the intention to authorize the increase of the capital stock from $4,000,000 to $8,000,000, the new stock to be allotted at $25 (par) a share to stockholders of record on a date to be named at the special meeting in proportion to their holdings. The first allotment of 25 per cent to be issued October 20 and the remainder to be allotted as required, at the discretion of the board of directors, but not to exceed 25 per cent quarterly. At this writing it is impossible to determine the exact amount of money required for the improvements, but only the necessary amount will be called for. We expect to have sufficient earnings from the lines which will be constructed this fall to justify the payment of our present rate of dividend on the new stock as fast as it is issued. The work cannot be completed this year, but a good start can be made, and it will be pushed to completion next year."

Local mining stocks were decidedly irregular. Tonopah Extension advanced to $5.60 and North Butte was in active demand, closing at 32¾ bid. Luster broke a dollar a share to 37 and closed at the lowest. Golden Anchor, an unlisted stock, was offered down to 73 cents, with 75 cents bid for 1,000 shares and 77 cents bid for smaller lots. The latter stock recently advanced to par, $1 a share, in anticipation of early developments at the mine. It was stated yesterday that these developments cannot occur before the end of the month, and that in the meantime some manipulation of the stock may be expected. The Golden Anchor is controlled by the same interests which control Tonopah Extension. The news regarding Luster was that the Mexican Central railroad had awarded the contract for the construction of the branch to the Luster mine on last Tuesday and that work would begin at once. The present mining equipment of the Luster plant is capable of producing 500 tons a day, and the furnace capacity 300 tons a day. It is said the difference of 200 tons can be sold for fluxing purposes to the Guginheim interests as soon as the new railroad is completed, affording economical shipping facilities.

Daniel Jenkins, office manager for J. L. D. Speer & Co., will leave with his wife today for a month's vacation.

For the year ended June 30 the gross earnings of the Southern Railway were $48,145,108, an increase of $3,095,831. Net earnings were $12,082,594, an increase of $1,068,284. Surplus earnings were $1,985,083, an increase of $683,489. The surplus is equivalent to 0.90 per cent on the common stock.

New York derived a revenue of $308,790 80 from the sale of stock transfer tax stamps during the month of July, compared with $440,299 60 in June.

United States Steel sinking fund 5s were unusually active on the New York exchange yesterday, the sales footing up $639,000 at prices from 95⅞ to 96¼. This is the highest price since last spring, when these bonds sold at 98½, the highest ever quoted. Japanese 4½s were also quite active, sales reaching $175,000 at 92½ to 92⅝. These bonds were subscribed for at 87½.

The directors of the United States Cast Iron Pipe and Foundry Company have declared the usual quarterly dividend of 1¾ per cent on its preferred stock, payable September 1.

The directors of the American Radiator Company have declared the regular quarterly dividend of 1¾ per cent on its preferred stock, payable August 15. The regular quarterly dividend of 1 per cent also was declared on the common stock, payable September 30.

The Welsbach Company has declared a dividend of 2 per cent, payable September 1 to holders of record August 23.

A rumor was current yesterday that a stock dividend will be declared on American Smelting common.

An easier tone was reported in the New York market for time loans, and for call loans there was hardly demand for what was offered. The sub-treasury has withdrawn something over $4,000,000 during the week, notwithstanding the government interest payable on the first of August. New York continues to gain cash on the interior movement, but not sufficient to offset this drain, so that a decrease of something over $2,000,000 in the cash item of the banks is indicated for today's bank statement.

PROFESSIONALISM IS DOMINANT IN MARKET

Prices Start Out Strong, and Specialties Make Their Usual Gains—Brokers Hopeful.

[By Private Wire to The Gazette.]

NEW YORK, Aug. 4.—The Herald this (Saturday) morning says: In one or two issues there were evidences of confident buying yesterday, but the general stock market maintained the professional tone which has marked the trading on the exchange for several days past. Sentiment concerning the peace negotiations as reflected in Wall street is hopeful and there is a tendency to regard the prospects for a cessation of the war in the east as favorable. In any event, with the general trade and crop conditions progressing favorably, there is an atmosphere of contentment in financial circles. Buyers and sellers of securities are few under the circumstances and the professional element which has been making quotations for the last two weeks had their fling again yesterday. Prices started out strong and the specialties, of which there seems to be a constantly increasing number, made their usual gains. International stocks held firm and industrials, particularly the steel corporation shares, made gains.

In the absence of unfavorable crop news during the last few days, the street placed the interpretation upon the lack of damage reports that "no news was good news." Some of the state reports on spring wheat and corn published during the day were optimistic. Each day that now passes is bringing the harvest rapidly nearer to completion, and the satisfaction expressed over the outcome is undoubtedly being reflected in the security markets. The strength of the bond division of the market is attracting notice in banking quarters. It is stated that for the first time in several months the insurance companies were buyers of bonds this week. In the cotton market a severe break occurred in the early trading, but the break was afterward recovered.

Hopefulness over the outlook for the business in the steel trade was reflected in the buying in United States Steel shares. In the second 5 per cent bonds a notable movement occurred. It is estimated that a single interest took $500,000 of the 5 per cent bonds. A liberal supply was on the market at 96. Steel preferred ruled generally strong and the buying was reported for substantial interests. The experts in the steel trade state that if good crops are assured the present large volume of business will extend into next year.

GOT IDEA FROM COLONIES.

President Roosevelt Adopts Plan of an Official Gazette from Foreign Possessions.

WASHINGTON, Aug. 4.—(Special.)—President Roosevelt's idea, when he instructed the Keep commission to investigate the possibilities of establishing an Official Gazette for the government, was probably founded on the precedent which he found in Porto Rico, Manila and Cuba. Two such official gazettes exist today, one in Porto Rico, issued at San Juan, and the other in the Philippines at Manila. That at Havana has passed into the hands of the Cubans.

In Cuba high officials in the land were required to subscribe. It was also liberally patronized as an advertising medium. In Porto Rico the advertising features are left out.

BUSINESS IS EXPANDING IN WHOLESOME FASHION

Leading Branches of Manufacture Are Unanimous in Telling of Increased Volume of Orders.

[By Associated Press to The Gazette.]

NEW YORK, Aug. 4.—R. G. Dun & Co.'s weekly review of trade tomorrow will say:

Business continues to expand in a wholesale manner that promises well for the future. Reports from the leading branches of manufacture are unanimous in telling of an increasing volume of orders and the percentage of idle machinery steadily diminishes. Textile plants make the best returns, closely followed by footwear factories, and some divisions of the steel industry are engaged so far ahead that capacity is extended. Better prospects for the crops removes the only handicap that impeded the revival of trade and favorable weather for a few weeks will assure unprecedented production in the aggregate, although the yield of cotton will fall considerably behind last year. The month of July made a most encouraging exhibit in so far as statistics are available, liabilities of failures being smaller than in any month since April, 1901, and railway earnings surpassing last year's by 9.1 per cent.

Foreign trade at this port for the last week shows gains of $1,776,184 in exports and $1,608,564 in imports, as compared with the same period of 1904.

Quiet conditions in the leading iron and steel markets do not prevent activity at the mills, which operate freely on old contracts and are preparing for a vigorous fall campaign. Prices of minor metals have risen still further, tin selling six cents higher than it did a year ago. Output of coke is moderate, but the market is quiet and prices are steady. Recent advances in hides are fully maintained and in some varieties further strength has appeared and importers are actively bringing supplies from Europe. It is estimated that this foreign business has already aggregated over 100,000 hides. Leather is more active, especially hemlock sole and oak backs, with prices sustained. Prospect of still higher prices for materials necessitates conservative action by manufacturers of boots and shoes. New England producers of footwear are fully occupied on current deliveries.

Failures this week in the United States are 262, against 214 last week, 193 the preceding week and 230 the corresponding week last year, and in Canada 26 against 27 last week, 23 the preceding week and 18 last year.

Bradstreet's tomorrow will say:

Wheat (including flour) exports for the week ending August 3 are 1,041,696 bushels, against 723,314 (corrected) last week, 1,379,198 this week last year, 3,040,629 in 1903 and 4,244,355 in 1902. From July 1 to date the exports (corrected) are 4,373,643 bushels, against 6,566,372 last year, 15,047,253 in 1903, and 20,793,203 in 1902. Corn exports for the week are 1,013,675 bushels, against 773,621 last week, 273,365 a year ago, 884,428 in 1903, and 70,611 in 1902. From July 1 to date the exports of corn are 4,747,763 bushels, against 2,583,905 in 1904, 6,242,093 in 1903, and 494,337 in 1902.

Foreign Money Markets.

LONDON, Aug. 4.—Money was in ample supply today with the distribution of three millions in dividends. The stock exchange generally was idle and irregular. Consols were steady. Home rails hardened on the declaration of a good dividend by the Midland Railway. Americans opened firm with fair support at slightly above parity. Later they were inanimate, but closed firm. Foreigners generally were featureless. Japanese maintained their firmness, but Russians were weak. Japanese imperial 6s of 1904 were quoted at 103⅝. Consols for money, 90 3-16; consols for account, 90 5-16. Bar silver quiet, 27⅛d per ounce. Money, 1¼@1½ per cent. The rate of discount in the open market for short bills is 1 13-16 per cent. The rate of discount in the open market for three months' bills is 1 13-16 per cent.

PARIS, Aug. 4.—The bourse today opened with an upward tendency owing to a better foreign outlook, but the closing was inactive and unsteady. Russian imperial 4s were quoted at 87.55, and Russian bonds of 1904 at 501.00. Three per cent rentes 99f 50c for the account. Exchange on London, 25f 13c for checks.

BERLIN, Aug. 4.—The boerse was firmer today. Many domestic stocks were from 1 to 2 per cent higher. Exchange on London, 20 marks 47 pfgs. for checks. Discount rates: Short bills, 2 per cent; three months' bills, 2⅜ per cent.

Condition of the Treasury.

WASHINGTON, Aug. 4.—Today's statement of the treasury balances in the general fund, exclusive of the $150,000,000 gold reserve, shows: Available cash balance, $129,449,595; gold coin and bullion, $50,555,443; gold certificates, $24,579,620; silver coin and bullion, $23,365,997; silver certificates, $5,892,072; United States notes, $15,557,658; treasury notes of 1890, $47,801; national bank notes, $16,129,848; total receipts this month, $6,925,463; total receipts this year, $56,198,597; total expenditures this month, $9,016,000; total expenditures this year, $72,138,796.

SWISSVALE LAND FOR MANUFACTORY

Option on Denniston Lot Is Accepted and McClintic-Marshall Company Reputed Buyer.

BUSINESS LOTS BRING $24,000

The option which was secured on the Denniston property in Swissvale several days ago has been taken up and a large check tendered as hand money in the deal. Yesterday Engineer McCullough began a survey of the plot, and as soon as this is completed the deeds will be passed. The consideration is $15,000 an acre, by far the highest price ever paid for property in that locality. The check for the hand money was given by a well-known manufacturer, and it is reported on very good authority that the McClintic-Marshall Construction Company is the real purchaser. This concern is practically controlled by the Mellon interests, which lends color to the story that R. B. Mellon is connected with the purchase. Nothing could be learned from Mr. Mellon yesterday concerning the transaction, and Attorneys Brown & Stewart, who represented Henry Denniston in the deal, declined to give out any particulars. If the McClintic-Marshall interests have secured the tract, it means the erection of a big plant, no doubt, as their present works are already crowded beyond their capacity.

Owing to the extremely large price paid for the property and the fact that it is subject to overflow, brokers generally were yesterday inclined to doubt that any manufacturing concern except the United States Steel Corporation would think of buying it, as the disposition of big firms now is to get sites away from the city, where land is cheaper. A rumor that received considerable credence was to the effect that the purchase was made in behalf of the Baltimore & Ohio Railroad Company, which could use the property for yard purposes. The Denniston tract includes about 24 or 25 acres and has been in the Denniston family for nearly 100 years. Henry Denniston, the recent owner, was born in the old brick house that stood on the bottom land until a few years ago. He has persistently refused to sell the property for this reason, and it was only by the patient efforts of a friend of the family that he was persuaded to make the deal.

Good Sale in Frankstown Avenue.

James B. Lawler of the East End Savings and Trust Company has sold for H. P. Krebs to Miss Nettie M. Frauenheim, widow of City Treasurer E. J. Frauenheim, the property at the northeast corner of Frankstown avenue and Everett street, Twenty-first ward, for $24,000. The lot has a frontage of 28 feet in Frankstown avenue and 100 feet in Everett street, and is improved with two three-story brick business houses, both of which are well rented. The sale is the first deal of importance for Frankstown real estate for several weeks, and figures at the rate of $850 a front foot, or $8.57 a square foot.

The property at 1831 Fifth avenue has been sold through the Aronson-Friedman company for $13,000. The former owner was Dr. William Brill and the buyer is a local man who, it is said, will remodel the brick house on the lot for a store building.

Penn Avenue Deal Netted Good Profit.

The exchange deal made by the Real Estate Corporation for the John Goettman produce warehouses at Penn avenue and Eighteenth street, which was published yesterday in The Gazette, brings out the fact that Mr. Goettman made a nice profit on the property. He bought the site, 35x240 feet, at 1800-1808 Penn avenue, two years ago for $32,000 from Thomas Wightman. Shortly after he built the four two-story brick warehouses at a cost of about $60,000. They are now rented at $2,400 a year each. Mr. Goettman was a pioneer in the new commission district, and when he decided to spend some money in this locality it was freely predicted that he could get no tenants and never could dispose of his property at a profit. In the present deal the warehouses went into the transaction at $137,500. The residence at North avenue and Poplar street which James H. Aiken tendered in part exchange was built only about ten years ago and is finished throughout in hardwood. It cost about $52,000. Mr. Aiken now occupies it as a home, but will soon leave the city for a three-months' tour with his family.

A $15,000 residence will be built on the south side of Forbes street, near Murray avenue, Twenty-second ward, as the result of an $8,000 deal there yesterday. Mrs. Sarah K. Pettit, wife of Dr. Albert Pettit, is the new owner of the lot, having secured it from Frederic G. Kay. It measures 80x200 feet, and is one of the most handsome sites in the neighborhood.

Architect Charles J. Rieger is taking bids on a three-story brick business building for the Greek Beneficial union in Eighth avenue, Homestead, to cost $15,000.

Sales Made by Brokers.

Laurel street—The Freehold Real Estate company has sold for the Artisans' Insurance company to Andrea Atelia five frame houses on a frontage of 110 feet in Laurel street, Sixteenth ward, for $6,500.

Mount Washington—John O'Hern sold to a local buyer a new reception-hall brick house of eight rooms on 40x115 feet on the north side of Grandview avenue, near Bingham street, Thirty-second ward, for $9,000.

Webster avenue—The Aronson Realty Company sold for Jacob Little to Eaton Brothers the Homestead merchants, 2110-2112 Webster avenue, at the corner of Tenth street, two eight-room brick houses on 33x65 feet, for $7,000. Mr. Little lately bought the property for $6,600.

Allegheny—The Real Estate Savings and Trust Company sold for the Merchants Land Company to Hugh H. Woods lot No. 33 in the Dunlap plan for $1,100. The buyer will build a brick house.

Hazelwood avenue—L. C. Bills sold to Hannah Thomas an improved lot, 28x120 feet, at the southwest corner of Hazelwood and Sylvan avenues, Twenty-third ward, for $6,500.

Hazelwood avenue—Jacob C. Umstead sold to James D. Wall 26x105 feet in Hazelwood avenue, Twenty-third ward, for $1,400.

Scattering Real Estate Deals.

Montezuma street—W. N. Young sold to Allen Wilson an improved lot, 36x100, in Montezuma street, Twenty-first ward, for $4,500.

Lebanon street—Jacob Antrobino sold to F. Brezezinski an improved lot, 20x77 feet, in Lebanon street, Twenty-seventh ward, for $1,250.

Berg avenue—George P. Spinneweber sold to Fred Speicker an improved lot, 20x120 feet, in Berg avenue, Twenty-seventh ward, for $1,600.

The John K. Ewing Co. is arranging for a large crowd at the second Saturday's sale of the plan of the Oakmont Suburban Homes Company near the Oakmont golf links. Carriages will meet every train today, and the inquiries received during the week indicate that there will be a good crowd of buyers in attendance.

The Pittsburgh bureau of building inspection granted the following permits yesterday: Harry Kalson, three-story brick house, 1818 Rowley street, Eleventh ward, to cost $2,000; John Johnson, two-story frame rear of 7302 Kelly street, Twenty-first ward, cost $2,200; John Beltz, two two-story bricks, attics, veneered, Pacific avenue and Coral street, Twentieth ward, cost $11,000; Robert W. Hannan, two-story attic brick, veneered and cement, East End avenue, near Biddle street, Twenty-second ward, to cost $5,500; Mrs. Ashe, one two-story brick addition, Colwell, near Stevenson street, to cost $600.

Mrs. Emma Daum yesterday took out a permit at the Allegheny bureau of building inspection for a two-story and attic brick dwelling on Wabash avenue, near the old Franklin road, Fifteenth ward, to cost $5,000.

The Wool Market.

BOSTON, Aug. 4.—The Commercial Bulletin tomorrow will say of the wool market:

The wool market is strong and active. The volume of business is large. There is no speculation, the heavy movement of the past fortnight having been wholly on account of consumers. The big manufacturers have been covering their necessities. There is also a good trade with smaller concerns. Worsteds are in especially good demand and very firm. Quotations are not changed, but it is a sellers market and the chances for lower prices are slim. The week's transfers included some large lines of territory and Oregon wools, partly on account of the old contracts made subject to the approval of the buyers upon arrival of the wool. Montana wools are arriving, and their condition is better than expected. The country markets are cleaned up. Foreign advices continue bullish. The shipments of wool from Boston to date from December 29, 1904, according to the same authority, are 139,663,545 pounds, against 125,443,203 pounds at the same time last year. The receipts to date are 224,461,832 pounds, against 262,976,081 pounds for the same period last year.

Coffee and Sugar.

NEW YORK, Aug. 4.—The market for coffee futures opened steady at unchanged prices, which was hardly as good as expected on higher European markets and continued small receipts. The world's visible supply statement, showing an increase for the month of July of about 200,000 bags to 11,465,641 bags, against 12,580,148 bags at the same time last year, proved somewhat disappointing to smaller bulls, and scattering liquidation caused a partial decline of 5 points during the middle session. A renewal of bull support in the late trading steadied the market, however, and the close was steady net unchanged. Sales included September, 7.05@7.10c; October, 7.20c; December, 7.35@7.40c; March, 7.60c; May, 7.70@7.75c; July, 7.75@7.80c. Spot Rio steady; No. 7 invoice, 8⅜c; mild firm. Sugar—Raw quiet; fair refining, 3 7-16@3½c; centrifugal, 96 degrees test, 4 3-32@4⅛c; molasses sugar, 3 3-16@3¼c; refined firm.

Turpentine and Rosin.

SAVANNAH, GA., Aug. 4.—Turpentine firm, 58½c. Rosin firm; A, B, C, $3 30@3 35; D, $3 50@3 55; E, $3 85; F, $3 90@3 92½; G, $4 00; H, $4 10; I, $4 12½; K, $4 15; M, $4 30; N, $4 45; W. G., $4 85; W. W., $5 12½.

CHARLESTON, S. C., Aug. 4.—Turpentine steady, 56½c. Rosin, nothing doing.

WILMINGTON, N. C., Aug. 4.—Spirits turpentine firm, 58c. Rosin firm, $3 12½ bid. Tar firm, $2 60 bid. Crude turpentine firm, $2 50, $4 00@4 25.

PURCHASES BEING MADE ONLY FOR PRESENT NEEDS

Flour and Sugar Markets Are Uncertain—Using Weather to Bull the Wheat.

Although the wheat market has been shifting considerably, flour still shows about the same figures it has been selling at for the past week. There is some shading going on and buyers continue to follow the former plan of purchasing for needs and not for speculation. The uncertainties of the trade at present are apparent when the price of September wheat stiffened considerably yesterday in Chicago on the report of rainy harvest weather in the northwest. The plea of rusty wheat has been abandoned and weather conditions are now being dragged in to help jolly the market along until the harvesting and threshing are finally done and the crop receipts are known to a certainty.

Sugar continues as it was—neither stronger nor weaker—and the battle between the big refineries seems to have quieted down to an endurance test. As one has consented to rebates for jobbers until September 1, it is doubtful if there will be much change before that date, but after that wholesalers look for more action.

Green goods and produce are holding their own along the street, but, as they are almost down to a summer price, there is little hope of them going much lower. Potatoes are still high, the white ones being only a dollar cheaper than new sweets. The reports on the potato crop do not encourage prospects of potatoes at much less than 80 cents or a dollar later in the season. Butter and eggs still continue firm, eggs especially being hard to get and a premium being offered in some cases for fresh, selected stock.

HAY AND GRAIN.

Receipts.

Receipts yesterday were: Pennsylvania, 36½ oats, 5½ corn, 11 hay, 4 straw, 2 feed; Baltimore & Ohio, 2 oats, 1 corn, 1 hay; Pittsburgh & Lake Erie, 1 oats, 1 corn, 2 hay.

Hay continues in good demand and arrivals are readily picked up. Oats are in heavy receipt and the market continues dull. Receipts of shelled corn are about equal to demand. Ear corn is scarce and the market firm. No improvement is noted in straw and no change in mill feed.

OPERATORS NOT FORTUNATE IN DISCOVERING NEW POOLS

Operators in the lower southwest fields are making little progress in the discovery of the new pools. In a few localities experimental tests have been completed and others are drilling, but in almost every instance dry holes have resulted. It is scarcely to be expected that any new fields can be located, but there is still a possibility of small pools and extensions to the old developments. The most promising undeveloped territory lies in Big Camp run, in [illegible] district, Harrison county. There has been some work done in the district, and the finding of small producers is assured. The last well completed by Judge Goff on his own farm is holding up nicely, and there is room for a pool in that locality. The oil is found in the Gordon formation, and it is expensive to operate. From 25 to 40-barrel wells are not large, but of a sufficient size to encourage development work. In the fifth sand district, on Kincheloe creek, Lewis county, there is a little new work starting. In this district there is considerable territory that could be operated at a profit if the market was higher.

On Jockey Camp run, in West Union district, Trainer Bros. have drilled their test on the V. B. Chapman farm through the gas sand and developed a good show of oil. On Middle Island creek the same parties got a light gas pressure in the Big Injun at their test on the W. Steel heirs' farm.

In the Richwood Run district, Wetzel county, Trees & Brast have drilled their No. 4 on the J. Morris farm in the Big Injun and have a show for a natural producer good for 30 barrels a day in the Big Injun. In the Smithfield district the South Penn Oil Company has drilled its No. 22 on the H. L. Smith farm through the fourth sand and found nothing, and will now give it a shot and test in the Gordon. The same company is drilling in the bottom of the Gordon at its No. 1 on the Samuel Cummings farm, and has a light show of oil. In the Wallace district, Harrison county, the South Penn has drilled its second test on the W. A. Barker farm through the Gordon and has a little show of oil.

In the Yellow Creek district, Calhoun county, the Alecc Oil and Gas Company has drilled its No. 4 on the Michael Knight farm through the Berea grit and has a show for a 25-barrel producer. In the St. Mary's district, Pleasants county, the Rodney Drilling Company has drilled its test on the Bridgeman farm into the Cow Run sand and has a show for a paying producer. On Morgan run, Grant district, Wetzel county, the Wheeling Gas Company has drilled its test on the top of the Gordon and has found no oil or gas. In the Littleton district the Hope Gas Company has shot its test on the Henry Shriver farm, but it failed to respond.

On the Ohio side, in the Wolf Creek district, Washington county, H. H. Jennings & Bros. have drilled in their No. [illegible] on the Jennie Cook farm and have a show for a nice producer.

In the Mt. Morris district, Greene county, Pa., Rinehart, Long & Co. have completed their No. 6 on the W. L. Longnecker farm and have a duster. In the Burgettstown field, in Washington county, Kelly Bros. & Cooper have drilled in their No. 3 on the Vance farm and have a show for a 50 or 60-barrel producer. This well is southwest and in advance of developments, and is showing for the best producer in the field.

ONE ATTORNEY AFTER ANOTHER

W. R. Blair Is Charged With Unprofessional Conduct in Judgment Case.

AGENT ANSWERS CHARGES

Attorney O. H. Rosenbaum filed a petition through Attorney J. Rodgers McCreery, in which he charges that Attorney William R. Blair is guilty of a breach of professional conduct in concealing all knowledge of a foreign attachment proceedings, so that he might get judgment for his client by default. The petition was presented to Judge Evans, who granted a rule on Mr. Blair to show cause why the judgment should not be opened.

Attorney Rosenbaum says in his affidavit that he has been attorney for Herman Welisch of San Francisco, Cal.; that the Iron City Tool Works, limited, of Pittsburgh, of which Blair is attorney, issued a foreign attachment against Welisch on December 30 last, naming the Farmers Deposit National bank as garnishee; that no service was had on Welisch and that on July 29 the tool works company, through Mr. Blair, caused judgment for $3,211 19 to be entered against Welisch by default.

Mr. Rosenbaum asserts that while the company and Mr. Blair knew he had been Welisch's attorney since 1900, he was not given notice of the suit until he saw mention of it in a newspaper; that he has been informed that W. B. Rodgers, associated with him in the case, was not notified, although Mr. Blair knew that Mr. Rodgers was an attorney for Welisch; that the Farmers Deposit National bank, served as garnishee, knew that Welisch lived in San Francisco and who his attorneys were, but did not give notice that the account of Welisch had been attached.

Trouble Over a Contract.

The tool works company was sued by Welisch in 1901 in the United States circuit court for breach of contract. Welisch won, but the court of appeals set aside the verdict for want of jurisdiction. In 1902 Welisch brought suit against the bank to recover this money, which was held in escrow pending the suit in the courts. The action is pending in No. 2 court. Rosenbaum says that Blair also knew this and also that Welisch denied owing the tool company any money, but claimed that it was indebted to him.

Judge Evans refused to take off a non-suit in the case of W. T. Wilson against the Pittsburgh & Lake Erie railroad, because Wilson, who was riding on the pilot of an engine, could have been in a safer place.

Louis Julianne and others filed suits for damages against the B. & O. R. R. for damage to property in Hays borough, the claims aggregating $20,000.

Eleanor Marshall disposes of an estate worth $31,000 to her children and grandchildren. Erwin Joseph Berninger leaves $21,000 to his seven children.

An order was made in the suit of the Pennsylvania Casualty Company against W. S. MacPherson, an action to restrain him from acting as the company's agent and for an accounting, granting a preliminary injunction against the defendant. The defendant answered the suit, denying he had violated the agreement with the company and saying he was ready to account to the plaintiff, but, he says, the plaintiff attempted to retain money due him. He says the plaintiff and not he violated the agreement.

Object to the Surety.

A rule was secured by the Dodson-Braun Manufacturing Company against the Lowenstein Brothers Company for them to furnish new bail on a stay of execution. It is alleged that David Lowenstein introduced a young man as a property owner of Wilmot street and he was taken as surety. Later, it is said, the plaintiff learned the man on the bond was a clerk in Lowenstein's employ and not Emanuel Lewis, under which name he is alleged to have been introduced in going on the bond. The rule is returnable August 11. The young man is said to have left the city.

Libels in divorce were issued yesterday as follows: Henry Lenk vs. Barbara Lend, Michael Markal vs. Sarah Markal, Martha L. Murphy vs. Joseph M. Murphy, George Weinhold vs. Catherine Weinhold, Mary Mikelleinis vs. August Mikelleinis, Howard B. Maderia vs. Stella Maderia, William Dreesen vs. Bertha Dreesen, Catherine Brown vs. W. E. Brown, Belle Crossley vs. Frank E. Crossley, William F. Whalen vs. Mary Whalen, Harry Schrowder vs. Lena Schrowder, all for desertion; Caroline Allen vs. W. H. Allen, Jessie Elk vs. John B. Elk, Charles J. Shrey vs. Mary Shrey, Jessie Cunningham vs. Frank Cunningham, Mary McGraw vs. Martin McGraw, Eliza E. Colvin vs. Harry A. Colvin, Eliza J. Chisholm vs. Donald Chisholm, Mary Millosin vs. Charles Millosin, Nettie S. Herd vs. Thomas D. Herd, Caroline A. Henselman vs. William Henselman, Ellen I. Davis vs. William D. Davis, all for cruelty; Rose O. Miller vs. J. H. G. Miller, Clara Dodson vs. Samuel H. Dodson, both for indignities; Benjamin Sharrow vs. Blanche Sharrow, James T. Cousins vs. Lillian Courins, Lucy J. Brown vs. Charles H. Brown, James E. Walker vs. Julia Walker, Richard J. McGovern vs. Elizabeth McGovern, all alleging infidelity.

A preliminary injunction, returnable August 8, was issued restraining Annie F. Fowkes from fencing in a 10-foot alley in the Thirty-second ward, dividing her property from that of Edward I. Schroth. The latter alleges the property was purchased with the understanding that the alley was to be kept open.

Says She Cannot Read.

Rosa Dell has petitioned the court to open a judgment secured against her by Otto Becker on a judgment note, and she let into a defense. She says she cannot read and when she signed the note she was informed it was a promissory paper.

The Stanislaus Aid society of Pittsburgh has applied for a decree of dissolution. A hearing is fixed for September 9.

The Workingmen's Beneficial Association of Allegheny County and the Pittsburgh Musicians' union have applied for charters of incorporation.

Prothonotary William B. Kirker has received the copies of the acts of the legislature of 1905 for distribution. Aldermen and justices of the peace are each entitled to a copy upon calling for it.

U. V. Fontana, doing business as the Pittsburgh Macaroni factory, filed a petition, making a voluntary assignment.

Nancy Owens sues Charles Bromier of Frankstown avenue for $19,000, alleging she was injured, January 6 last, by snow falling on her from the awning of the defendant.

Frederick Bowman sued Henry Aldstadt for $1,000 damages, alleging slander.

The Pennsylvania Railroad Company filed a bond for $20,000 for the taking of William J. T. Smith's property for its Sharpsburg yard.

The German-American Savings and Trust Company of Pittsburgh filed a petition for dissolution, and a hearing is fixed for September 9.

A rule to show cause why Paul A. Kuhnert should not be attached for contempt of court was granted on the petition of M. J. Rehak, who alleges that Kuhnert is violating a decree of court restraining him and Samuel Allen from building on a strip of land in dispute between them and the plaintiff.

George W. McGraw of Warren filed a petition in bankruptcy. McGraw gives his occupation as a laborer, and places his liabilities at $6,906 30, with assets amounting to $445.

E. C. Crist was appointed constable for the Tenth ward, Allegheny. A vacancy has existed in the ward for some time, and Crist was the only applicant.

WHEAT IS STRONGER ON DAMAGE REPORTS

Decreasing Receipts in Southwest Add to Bullish Feeling. Corn Is Down.

[By Associated Press to The Gazette.]

CHICAGO, Aug. 4.—Decreasing receipts southwest imparted a firm tone to the wheat market here today. Fresh reports of damage northwest added to the strength. At the close, wheat for September delivery was up ⅝c. Corn is down 1⅛@1¼c. Oats show a loss of ⅜c. Provisions are up 7½c to 22½c.

Strength in the wheat market developed early in the session. At the opening, sentiment was a trifle bearish, initial quotations on September being off a shade to ⅛@¼c at 84⅛c to 84⅜c. Liberal shipments from Argentina accounted partially for the easier undertone at the opening. Clear weather northwest was another reason. The weather bureau, however, predicted rain tonight and tomorrow for Minnesota and the Dakotas. The announcement checked selling by pit traders. After touching 84⅛@84⅜c, September advanced gradually to 85⅛c. An influential factor favorable to the bulls was greatly decreased movement of wheat in the southwest. At Kansas City and St. Louis, total receipts today were 287,000 bushels, compared with 580,250 bushels a year ago. Receipts at all primary points showed a marked falling off, arrivals today being 752,000 bushels, against 849,900 bushels a year ago.

A report by a St. Louis trade paper regarding conditions of fall sown wheat attracted considerable attention, and constituted a bullish influence. The report claimed that rains had interfered with threshing of winter wheat in Kansas, Missouri, Illinois and Indiana, and that further damage to wheat in shock was reported. In regard to the conditions south of the Ohio river and in Texas the report stated that the crop was in poor condition, a considerable portion being unfit for milling. Private advices from the northwest asserted that black rust was spreading in the wheat fields in that section, notwithstanding official reports to the contrary. Throughout the greater part of the session commission houses were active buyers. The market closed firm with September at 85⅛@85¼c. Clearances of wheat and flour were equal to 72,000 bushels. Exports for the week as shown by Bradstreets were equal to 1,041,000 bushels. Minneapolis, Duluth and Chicago reported receipts of 579 cars against 428 cars last week, and 222 cars a year ago.

Heavy liquidation by a prominent long caused weakness in the corn market. Total sales by this one trader were said to be in the neighborhood of 1,000,000 bushels. Smaller holders, influenced by selling, took profits freely. Weather favorable for the new crop was an influential bearish factor. Large shipments from Argentina contributed to the weakness. The market closed weak with prices practically at the lowest point of the session. September opened ⅛c to ⅜c lower at 54c to 54⅜c, sold off to 53⅞c, and closed at 54⅜@53⅞c. Local receipts were 152 cars, with 31 of contract grade.

Offerings by cash houses who sold on the strength of heavy receipts and better quality shown in arrivals from the new crop, aided by liquidating by longs, caused weakness in the oats market. The break in corn gave added impetus to the downward cause of prices. The market closed at the lowest point of the day. September opened ⅛c to ¼c lower at 27¾@28c, sold off to 27½c, and closed at 27½c. Local receipts were 373 cars.

Provisions made a sharp advance late in the session on active demand from leading packers. An advance of 5@10c in the price of live hogs aided the upturn. At the close September pork was up 22½c at $13 62½. Lard was up 12½@15c at $7 52½. Ribs were 7½c higher at $8 17½. Estimated receipts for tomorrow: Wheat, 182 cars; corn, 151 cars; oats, 253 cars; hogs, 2,000 head.

NEWS FROM THE MINES.

The production of copper throughout the world in 1904 is placed at 1,407,056,000 pounds, an increase of 7 per cent over the output in 1903. In fact, the average yearly increase for the past 19 years has been 7.3 per cent. The average yearly increase in the United States production during the same period was 8.2 per cent. The United States has been creeping up in its proportion of the world's supply until today its mines furnish 55 per cent of the world's output. In 1895 the United States produced 380,614,080 pounds, or 50 per cent of the world's output. In 1904 it produced 772,900,000 pounds.

The value of the Cripple Creek gold output for July is estimated at $1,817,570, an increase of nearly $100,000 over June. The total for seven months is $12,676,285. Dividends paid for the seven months amounted to $2,135,290.

Operations in the old Jefferson mine on Victor avenue in Victor, Col., are being pushed forward rapidly and it is generally believed that before long it will be on a paying basis. The property, which adjoins the Strong mine, is under lease to the Camp Mining and Leasing Company, and the bond calls for a payment of $130,000.

The Goldfield-Montezuma Consolidated Mining Company recently began active mining operations on their property and are making good progress in their tunnel.

The Quincy Mining Company's output for July was 2,572,915 pounds, against 2,412,622 pounds in July of last year, an increase of 160,293 pounds. The output since January 1 has been 16,691,560 pounds, against 14,700,808 pounds in the same period last year, an increase of 1,991,752 pounds.

The Franklin Mining Company reports its output for July as 700,050 pounds, against 700,000 pounds in July, 1904, an increase of 4,000 pounds. The output for the year up to date has been 4,418,000 pounds, against 4,144,625 pounds in the corresponding period of 1904, a decrease of 366,625 pounds.

The Metal Markets.

NEW YORK, Aug. 4.—A further reaction was reported in the London tin market, with spot closing at £149 15s and futures at £146 10s. Locally the market was quiet and easy with spot quoted at $32 62½@32 87½. Copper also was lower abroad, closing at £68 11s 3d for spot, and £68 1s for futures in the London market. Locally the situation showed no change with the market quiet at $15 37½@15 50 for lake and electrolytic, and $14 87½@15 12½ for casting. Lead was unchanged at $4 60@4 70 in the local market, but declined to £13 8s 9d in London. Spelter was unchanged in both markets, closing at £24 in London and at $5 60@5 70 locally. Iron closed at 48s 4d in Glasgow, and at 46s 1½d in Middlesboro. Locally iron was unchanged. No. 1 foundry, northern, is quoted at $16 25@17 00; No. 2 foundry, northern, at $15 75@16 50; No. 1 foundry, southern, at $15 75@16 75, and No. 2 foundry, southern, at $15 50@16 25.

RAILROADERS ARE WELL REWARDED

Pennsylvania Lines Officers Give Conductor and Operator Gold Watches for Bravery.

MORE B. & O. SECOND TRACK

That the Pennsylvania railroad system appreciates the loyalty and efforts of its employes is shown in the material manner in which a conductor and telegraph operator have just been rewarded for protecting the company's property. The two heroes are E. J. Latham, freight conductor, and L. B. Holdren, telegraph operator, both of the Cincinnati division. At the recommendation of General Manager G. L. Peck of the Pennsylvania lines west, each was given the best standard railroad gold watch that could be obtained.

When the two men were summoned to the office of Superintendent J. A. McCrea at Cincinnati last Wednesday afternoon each went in fear and trembling, expecting to be "hauled over the carpet" for having gone wrong at some time. But they were soon disabused when informed that their bravery in extinguishing fire on cars containing powder at South Charleston, O., on June 19, 1905, and thus saving valuable property for the company, as well as for the town, was to be rewarded in a fitting manner, at the recommendation of General Manager Peck.

A freight train in charge of Conductor Latham pulling up at South Charleston tower contained two full powder cars, each having 400 kegs on board. The cars were together at the rear of the train, as the rules provide, and Conductor Latham discovered that the roof was afire. Prompt action and presence of mind on the part of Latham prevented a disastrous explosion. He cut the front part of the train and signaled to the engineer to go ahead to a safe distance. Mr. Holdren, the tower operator, rushed to the scene to give assistance. A fire extinguisher failing to put out the blaze, Latham and Holdren climbed to the top of the car and applied bucketful after bucketful of water until the roof fire was extinguished. Then they took wet rags and entered the car to dampen the smoldering beams of the roof. The train was connected and proceeded on its way.

The Pennsylvania lines' officers recognized the heroism of the men and took action to reward it. On the back of each of the watch cases was placed the name of the owner and the following inscription: "Presented by the P., C., C. & St. L. Ry. Co. as a token of recognition on the part of its officers for bravery and presence of mind in protecting the company's property on June 19, 1905."

More Double Track for B. & O.

Authority has been given to the construction department of the Baltimore & Ohio to proceed with the construction of about 20 miles of second track on the Chicago division from Avilla westward, and it is expected that this work will be taken up soon. The road has two tracks from Garrett westward to Avilla, and the purpose is to extend this second track on westward until the whole division is double-tracked. This is in direct line with the policy of the Baltimore & Ohio to practically build an entire new trunk line from Philadelphia to Chicago and to have a double track road for the entire distance from New York to Chicago. The biggest project in this work remains to be undertaken, possibly next year, in the building of the new main line route eastward from McKeesport to a point near Hancock, Md., across the Alleghenies on a low-grade line following practically the old South Penn route. Chief Engineer D. D. Carothers is authority for the statement that work along the line of this big improvement is under way by corps of surveyors which will complete their surveys in a short time. In the completion of its new line from Youngstown to Akron the company is now installing interlocking plants at Newton Falls and Ohio Junction, where the newest portion of the new main line connects with the old route.

Will Quicken Time to Wheeling.

The Pennsylvania lines west announce that a new schedule will become effective tomorrow in the Pittsburgh-Wheeling service. This schedule will show a reduction in the running time of the trains between the Iron City and the Nail City of from 10 to 15 minutes, thus giving the fastest time for the runs of any passenger trains operating between the two cities. The fastest time made in the present schedule is by train No. 211, which leaves Pittsburgh at 3:45 o'clock and reaches Wheeling at 5:30 o'clock, an hour and 45 minutes for the run. Some of the other trains make the run in one hour and 50 minutes, while others require two hours flat. The quickening of the runs will be accomplished by accelerating the trains on the Wheeling end of the line between Wheeling and Wheeling Junction, where the Wheeling line joins the main line of the Panhandle. The company this week installed the most modern Pullman parlor cars on two trains each way in this Wheeling service from Pittsburgh.

Enters Excursion Field.

The Pittsburgh, Somerset & Westmoreland railroad, the new line between Ligonier and Somerset, is entering into the spirit of modern railroading. It has established a beautiful park on its line, the route of which is unsurpassed for picturesque scenery of mountain gorges and fern dells. The resort is known as the Laurel Mountain park. The largest gathering there this summer was last Tuesday, when the annual picnic of the Citizens Outing association of Ligonier was held at the park. Special trains were provided. The granting of a franchise to the road to enter Somerset, by the council of that borough last Friday night, has given the company new life. Contractor H. F. Stark has 200 men at work constructing the roadway from Zufall to Somerset, a distance of eight miles.

Railroad Notes.

C. M. Sheaffer, superintendent of passenger transportation of the Pennsylvania railroad, was in the city yesterday.

H. C. Bixler, assistant train master of the Pennsylvania, is enjoying a vacation of two weeks with his family at Atlantic City.

Half of the order of 1,000 steel gondola cars for the Pittsburgh & Lake Erie has been delivered by the Pressed Steel Car Company.

G. W. C. Day, division operator of the Baltimore & Ohio, is in the mountains of Somerset county, where his family is sojourning.

Harry C. Watson, division freight agent of the Buffalo, Rochester & Pittsburgh, has returned from a business trip to Buffalo and Rochester.

Reports from the east show that the Baltimore & Ohio carried 2,500 people from Western Pennsylvania on its Atlantic City excursion on Thursday.

W. W. Lord, passenger agent of the middle district of the Pennsylvania, is reported to be convalescing, but he will not likely be able to resume his duties until late this year.

The Wabash system "family meeting" day of officers of the lines east of Toledo, has been changed from Wednesday until Friday. General Freight Agent H. J. Booth was the only out-of-town officer present yesterday.

Ralph Peters, president of the Long Island railroad, has purchased a 350-acre farm on Long Island, with a frontage of more than a quarter of a mile on the sound. It will be developed into an ideal country place.

Carl E. Davis, secretary to Superintendent B. W. Duer of the Pittsburgh division of the Baltimore & Ohio, and C. W. Bryant of the timekeeper's office, will leave today for a trip to St. Paul, Portland and other western cities.

R. H. Stansell, traveling passenger agent of the Seaboard Air Line, and Edward Morgan, agent of the Richmond & Danville Dispatch, were among those who left for Philadelphia last night to attend the funeral of John A. Murdock, commercial agent of the Seaboard Dispatch, today.

Conductor J. A. Ody of the Monongahela division of the Pennsylvania, has just returned from a delightful hunting and fishing jaunt of two weeks' duration. He and Baggagemaster George V. Earnest are proud of the fastest and finest train on the division, No. 8, which leaves the Union station at 9:15 o'clock each week-day morning and arrives at Brownsville at 11 o'clock, making the run of 54 miles in 1¾ hours.

Funeral of Ensign Perry.

STOCKBRIDGE, MASS., Aug. 4.—The funeral of Ensign Newman K. Perry, who lost his life through the explosion of the gunboat Bennington at San Diego, Cal., was held here today. Only relatives and intimate friends of the family were present. The body was borne to the cemetery under the escort of Company F, Second regiment, State militia.

ELECTION OFFICERS ARE HELD FOR COURT

Magistrate Does Not Think They Are Guilty, but Prefers to Let a Jury Decide.

[BY PRIVATE WIRE TO THE GAZETTE.]

PHILADELPHIA, Aug. 4.—Magistrate Gorman today held the election officers and the Republican leader of the Third division, Twenty-ninth ward, in $1,200 bail each for court.

Forty-five witnesses were called by the prosecution, which was conducted by Thomas Raeburn White and Thomas W. Barlow, counsel of the committee of 70. It was established that about a score of men who resided in the division had been registered and their names voted on, when they were not qualified voters. As the magistrate explained it, it was upon these grounds alone that he held the defendants, who are as follows: William C. Dewees, Frank H. Beckman, John H. Engel, George C. Johnson, Joseph A. Hartman and David Ludman.

Magistrate Gorman in rendering his decision, said that if he were free to do so he would free the defendants, because he did not think the evidence strong enough to prove them anything more than careless and negligent in preparing the list and performing their duties.

He pointed to the fact that it is only the present reform movement which has called attention to the negligence with which the elections have been conducted, and said that he did not believe that all the errors in the returns and the list would show criminality, but that nevertheless he did not feel like taking the responsibility of deciding the innocence or guilt of the defendants, so that he would hold them for court; but that his action should not be taken as casting any aspersion on the men.

WILL USE SCHUYLKILL FOR AN OBJECT LESSON

Health Officer Dixon Will Demonstrate What Can Be Done in Cleansing a City's Water Supply.

[BY PRIVATE WIRE TO THE GAZETTE.]

PHILADELPHIA, Aug. 4.—From the present outlook Dr. Samuel G. Dixon, health commissioner of the state of Pennsylvania, will make the condition of things found in the Schuylkill valley from Reading to Philadelphia an object lesson in the practice of modern sanitation. When asked about his immediate plans Dr. Dixon said:

"It is impossible to say at this time how the different nuisances along the river shall be wiped out. In the large towns it may be necessary to apply the filtration method. This provides for the emptying of all sewage into a cavity covered with sand and gravel. Cleared of all organic matter the water then flows into the river, having ceased to be a menace to health.

"In the case of Phoenixville, the incineration treatment was suggested on account of the abundance of heat around the mills, which can be utilized. In the boroughs the health authorities will be consulted, and amicable arrangements will be made, if possible, for the abatement of the trouble."

KOREANS HAVE NO OFFICIAL BACKING FOR THEIR VISIT

President Can Do Nothing as They Represent Only Themselves, but Sends Them to Washington.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

OYSTER BAY, N. Y., Aug. 4.—President Roosevelt this afternoon received Syngamon Rhee and Rev. P. K. Yoon, two Koreans who arrived here last night to present him a memorial asking him to look after the interests of Korea in the proceedings in the forthcoming peace conference.

They represent practically only themselves, and as they have neither official nor diplomatic standing the president could do nothing for them.

He suggested that they present their memorial to the Korean legation in Washington and have it passed on to the state department in the usual course. If the matter is taken up by the legation in Washington it is possible the president may receive the document personally. The young men left for Washington tonight.

MR. TAFT IN MANILA.

Secretary of War and His Party Land in the Philippines and Get Ovation.

MANILA, Aug. 5.—Secretary of War Taft and party arrived on the steamship Manchuria at 10 o'clock this morning. Their arrival was made the occasion of a gorgeous water pageant. Governor-General Wright, Maj.-Gen. Corbin and Rear Admiral Train, with their staffs, and the official reception committee met the party when the Manchuria anchored.

The battleship Ohio, the forts and the craft in the harbor fired the regulation salute for the secretary of war. The party left the steamship and proceeded to the governor-general's residence, where the official welcome was made, and where the golden keys of the city were presented to Secretary Taft. Thousands of persons lined the streets, which were elaborately decorated.

SUNDAY SACRED CONCERT TO BE GIVEN IN ALLEGHENY

The first Sunday sacred concert will be given tomorrow evening in Riverview park, Allegheny, by the American Military band. A fine program has been arranged, and only sacred music will be rendered. Director E. J. McIlvain of the Allegheny department of public works said last night that he expects censure from some of the North Side church people, but he considers it no sacrilege to discourse sweet music of a sacred character on the Sabbath.

TWO MEN ARE ARRESTED FOR PASSING BAD MONEY

John E. Washer, a secret service operator of this district, placed Frank Hamilton, a coal miner of Brownsville, Pa., and Charles Ankrom, a carpenter of Rodgersville, Pa., in Central station last night. He arrested the men at Suterville on the Baltimore & Ohio railroad, yesterday afternoon on a charge of passing counterfeit dollars and half-dollars. An information will be made against them before Commissioner W. D. Lindsay this morning.

APPRAISER APPOINTED FOR EQUITABLE PROPERTY

NEW YORK, Aug. 4.—President Paul Morton of the Equitable Life Assurance society today appointed Douglas Robinson, a real estate broker of this city, as a special appraiser to make a thorough examination of the real estate owned by the company. Accountants have been at work on this appraisal for some time, but their report has not yet been made. Mr. Robinson is the brother-in-law of President Roosevelt.

Gathering of Salvationists.

Col. Richard Holtz, provincial officer of the Salvation army in Cleveland, with a party of singers, are in Pittsburgh today, and their presence here will be followed by a united gathering of Salvationists in this vicinity. Col. Holtz and his singers will be at Homestead barracks tonight. Tomorrow morning at 11 o'clock a meeting will be held at Salvation Army headquarters, Penn avenue and Seventh street, this city, followed by another gathering at 8 o'clock in the evening.

Keep Report Is Ready.

WASHINGTON, Aug. 4.—Assistant Secretary Keep of the treasury department left Washington today for his summer vacation. Within the next few days he will go to Sagamore Hill and deliver to the president the report of the Keep commission on the recent purchase by the public printer of 72 monotype machines for use in the government printing office.

MANY LOCAL PASTORS ABSENT FROM CITY

The Rev. Dr. Francis L. Patton Will Preach at Third Presbyterian Church.

Nearly half the ministers of Pittsburgh will be absent from their pulpits tomorrow. In the larger and more fashionable congregations this will be especially true, and new faces will be seen in many churches. Visiting pastors and supplies will conduct the services in many East End churches. This state of affairs is largely due to the fact that the majority of the ministers have chosen August for their vacation month.

The Rev. Dr. Francis L. Patton, president of Princeton Theological seminary, will preach tomorrow morning and evening in the Third Presbyterian church. For several days Dr. Patton has been delivering a course of lectures at the Bible classes at Grove City, and will come to Pittsburgh for the day. He will leave Pittsburgh to resume his lectures on Monday morning.

The members of the First Church of Spiritualists of Allegheny will hold camp-meeting services tomorrow afternoon and evening. The meetings will be in charge of George C. Day.

The Rev. John G. Slayter, who recently received a call to the East End Christian church, South Highland avenue and Alder street, East End, will occupy the pulpit for the first time in that church tomorrow morning. The introduction will be made by John P. Hamilton. Previous to his coming to this city, Mr. Slayter was pastor of the High Street church, Akron, where he accomplished a great work for both his denomination and the city. In his work among the young people he has been very successful, his Bible school in Akron being one of the largest in the state, numbering more than 150 members. The new $7,000 parsonage in the East End will be occupied by the pastor and his family, consisting of his wife and two children, next Monday.

SECOND DISAGREEMENT IN WESTERN LAND FRAUD CASES

Jury Unable to Agree and Defendants Will Have to Stand Third Trial.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

PORTLAND, ORE., Aug. 4.—For the second time, after deliberating for over 40 hours, a jury in the United States district court today reported to Judge DeHaven that they were unable to reach an agreement in the case of the United States against Congressman J. N. Williamson, Dr. Van Gessner and former United States Commissioner Marion O. Biggs, charged with conspiracy to suborn perjury in the land fraud cases.

At the previous trial the jury was discharged after deliberations which lasted almost two days.

During the trial which was concluded today the case was even more bitterly contested than during the first. The failure of the jury to arrive at a verdict is a keen disappointment to the prosecution, which believed that it had made out a much stronger case than in the former trial. The jury stood 6 to 6. The case will be tried for the third time August 28.

WRECK VICTIM DIES.

Emma Vickroy of Windber Succumbs to Injuries Received at Kauffmans Run Thursday.

JOHNSTOWN, PA., Aug. 4.—(Special.)—Miss Emma Vickroy of Windber, hurt in yesterday's wreck on the Somerset & Cambria branch of the Baltimore & Ohio, 10 miles from here, is dead as a result of her injuries. Miss Vickroy died at the Memorial hospital about noon today.

Miss Mabel Beachley of Somerset, the other young woman who was injured, is still in a serious condition, but has a fighting chance for recovery. The other victims were less seriously injured and have been discharged from the hospital.

ANSWER STONES WITH SHOTS.

Riots Directed Against Jews in Ekaterinoslav Bring Reprisals With Bullets, Wounding Several.

ST. PETERSBURG, Aug. 4.—In consequence of disorders in Ekaterinoslav, the governor of that district has issued a proclamation warning the people that the strictest measures will be taken to preserve order.

In several of the riots Jewish houses were bombarded with stones and the inmates replied with bullets. Several persons were wounded, although no fatalities have been reported.

COINCIDENCES IN DEATH OF TWO BRADDOCK BOYS

Harry H. Durant, aged 16, and William E. Shearer, aged 10, Braddock boys, died within a few minutes of each other yesterday morning. They lived on the same street and their homes were on the same lot. Both had been ill about the same length of time, and both were members of the same church. Harry Durant's death followed an operation for appendicitis. The Shearer boy died of cerebro-spinal meningitis. Durant was a son of Walter Durant, foreman in the machine shops of the Edgar Thomson blast furnaces. The Shearer boy was a son of George Shearer, also a millworker. The funerals will be at the same hour on tomorrow.

Officer's Shot Is Fatal.

YOUNGSTOWN, O., Aug. 4.—(Special.) Nich Seartich, aged 19, who was shot by Officer Cannon on July 15, died this morning from the effects of the wound. Seartich, who had come here but a few days before, from Canada, got into a dispute with a fellow-countryman and both drew revolvers. Cannon attempted to arrest them, and Seartich drew a revolver on him, when he was shot.

HIS FEAR HOUNDS HIM TO DEATH

Editor Robert A. Criswell Might Have Had to Face Other Criminal Charges.

HIS BOOKS UNDER SCRUTINY

THE PITTSBURGH GAZETTE BUREAU.
Herald Building, Herald Square.
NEW YORK, Aug. 4.

That prosecution on a criminal charge, other than the indictment for libel already lodged against him, threatened Robert A. Criswell, editor of "The New Yorker" and editor-in-chief of the Social Editors' society, who leaped or fell under a subway express last night at the Seventy-second street station, was stated today at the office of the district attorney. Assistant District Attorney Paul Krotel said:

"Although no criminal action has been brought against Criswell, I was seriously contemplating bringing a charge against him for obtaining money under false pretences. Every time Criswell has been here at the office he seemed greatly worried. I believe he was frightened into taking his own life, fearing he was going to be prosecuted.

"Upon my superficial examination of the books of 'America's Foremost Families,' which I conducted last week, they showed that $6,500 had been collected and none of it had been spent toward publishing this book. Practically all of the money had gone apparently in commissions and salaries to Criswell and Irving and their two solicitors, A. De Wald Bloom and Leo M. Morris.

"I was considering the advisability of instituting criminal proceedings at the time, but in order to do so it was necessary to get the co-operation of one of the subscribers to 'America's Foremost Families.' I had depended on Jackson Wallace, the lawyer, but in some way Criswell found out I had approached Wallace, went directly to him and paid him back $500 he had put into his subscription.

"All the people connected with these so-called society publications seem to be frightened at the investigation we put on foot lately. We have had a hard time getting any of them down here, and Criswell was no exception."

CINCINNATI, Aug. 4.—The tragic death of Robert A. Criswell, in New York last night, following the complaint made against his paper for a publicatoin involving Congressman Rhinock of Covington, Ky.; Miss Alice Roosevelt, Congressman Longworth and others, shocked Congressman Rhinock, who reached Cincinnati today.

"It probably was suicide," Mr. Rhinock said, "but I do not believe the charge I filed against him prompted the act, for Criswell knew there was nothing immediate for him to fear in my case. Other affairs of which the general public have not been informed, prompted the deed, I think.

"Criswell did not reveal to me the author of the article, in which my name figures, but promised to do so at the hearing in September, if by that time the man did not come forward himself and acknowledge the authorship. He was not promised immunity."

CIVIL SERVICE WINS OVER POLITICAL PULL

Rank Outsider Gets Good Position in Philadelphia, Much to the Surprise of the Politicians.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

PHILADELPHIA, Aug. 4.—It was announced today that J. A. Hunter, who was an applicant for the vacant position of chief of the bureau of highways, has been appointed to the place on probation by Mayor Weaver and will enter upon his duties Monday.

Mr. Hunter's appointment is unique in the history of Philadelphia politics. He is a structural engineer, and at present is employed at the League Island navy yard. He came to this city from Boston less than two years ago, a stranger. When civil service examination was held for applicants for the position of chief of the highway bureau, to the surprise of the mayor and others, Mr. Hunter was the only one to successfully pass.

Among those who failed was the man the mayor had temporarily appointed, pending civil service examination, and whom he hoped to make the permanent chief.

CROWDS SEE YIDDISH PLAY.

Gayety Theater Is Packed at the Opening of Brief Mid-Summer Dramatic Season.

The season of the Yiddish drama in Pittsburgh opened last night at the Gayety theater with Mr. and Mrs. Jacob P. Adler in Jacob Gordon's Yiddish play, "The Wild man." The scene of the drama is laid in Russia, near the city of Odessa, which has but recently come into prominence as the striking ground of the mutineers against the czar. For this reason, together with the fact that Mr. Adler's engagement affords the Jewish-speaking people of Pittsburgh an opportunity to witness a theatrical performance founded on their own race and religion, the Yiddish company was greeted by a large audience last night.

The company supporting Mr. and Mrs. Adler seemed to leave nothing to be desired, and the audience found plenty of amusements in the brief opportunities for comedy betwen the strenuous melodramatic scenes. This afternoon a Yiddish version of "King Lear" will be presented as the matinee bill and tonight the offering will be "Broken Hearts."
